TO JOHN TYLER HIGH

To John Tyler High,
We pledge our loyalty.
Though we may wander far
We'll be here with you
In all our memories,
Thinking of those happy hours
with you.
And we'll all stand by
With our heads held high!
We're proud of a school so true!

In Memoriam–The Building May Be Gone, But JT Spirit Lives On

On February 14, 1981, fire swept across John Tyler campus destroying ninty percent of the sixteen year old facility. Firemen, alarmed at dawn on that Valentine's Day, had the blaze under control about 8:30 a.m. The Fire Marshal's report stated the fire evidently started in several main points. Academic classes received the most damage, with the Drama and Science departments in total destruction. Permanent records were saved, but no office area survived. Many school treasures such as lockers, books, art work, numerous trophies, and various irreplaceable John Tyler publications went up in flames. One of the most deeply felt was the Kenya lion, which symbolized JT's spirit and pride. Three days after the fire all JT students moved across town to share a split schedule with their rival, Robert E. Lee.

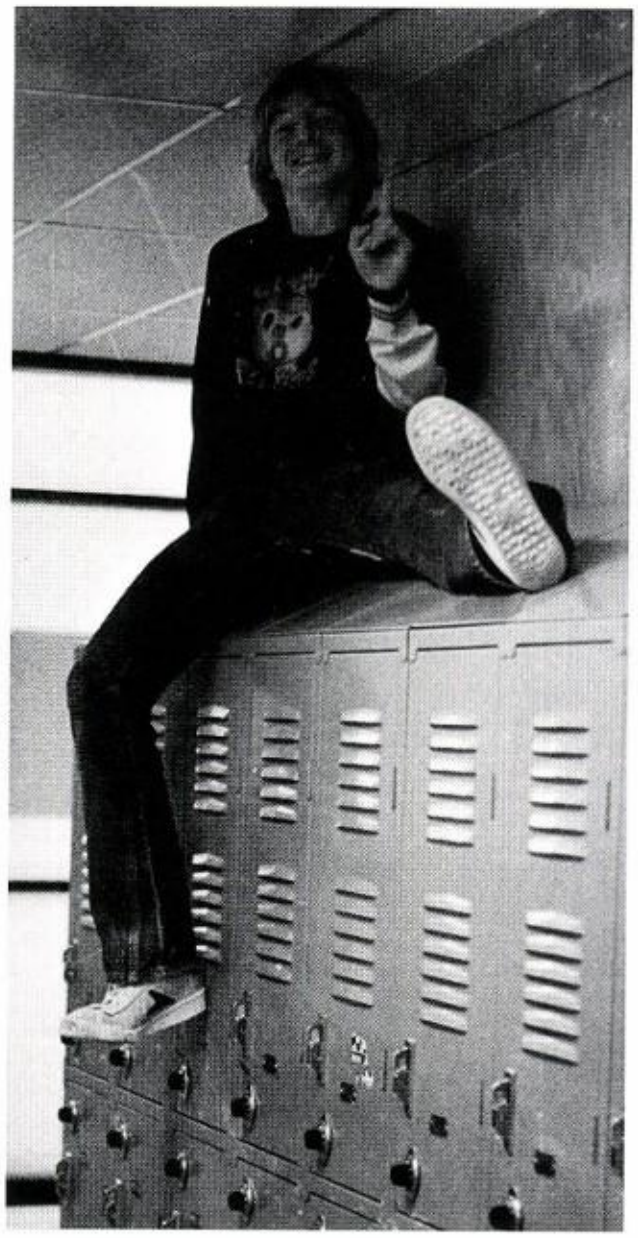
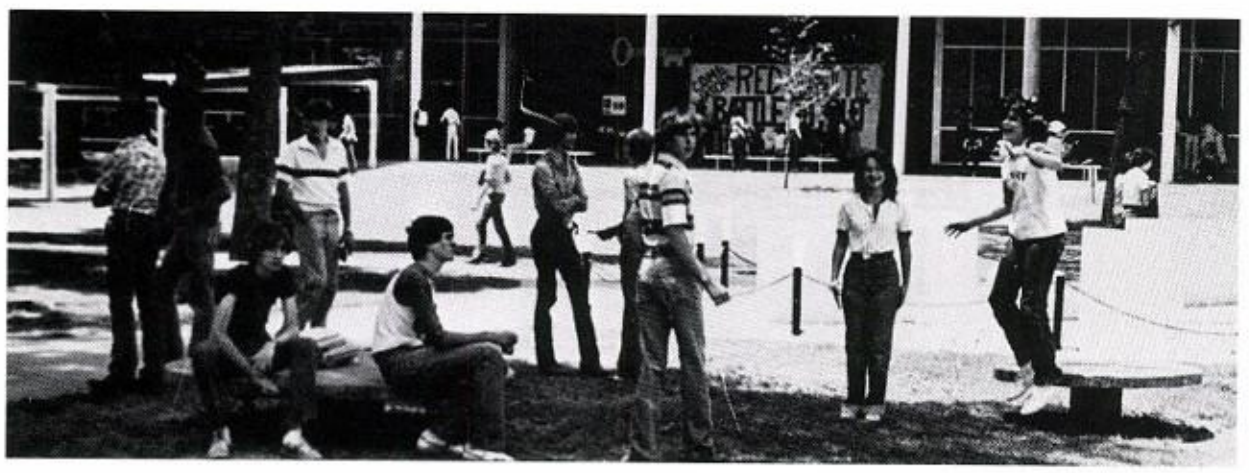
STUDENT LIFE

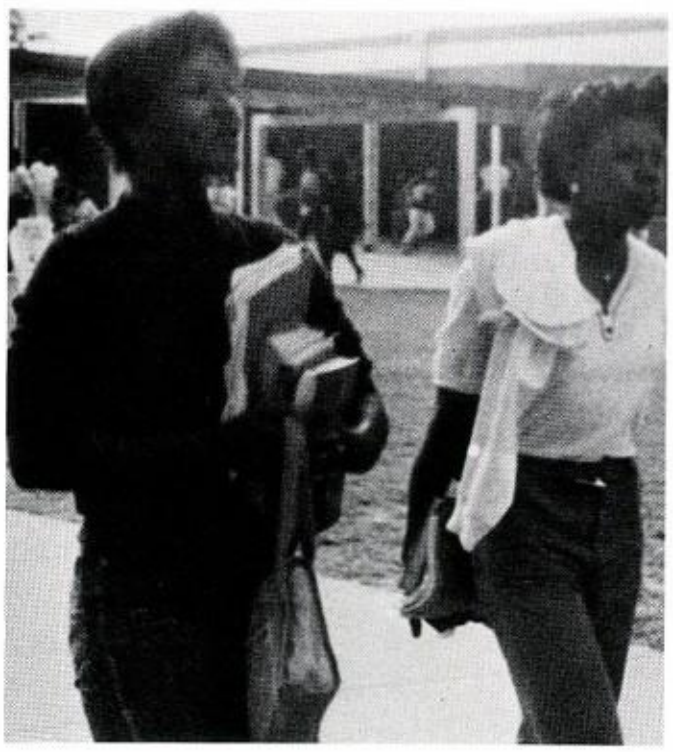
JT Stars



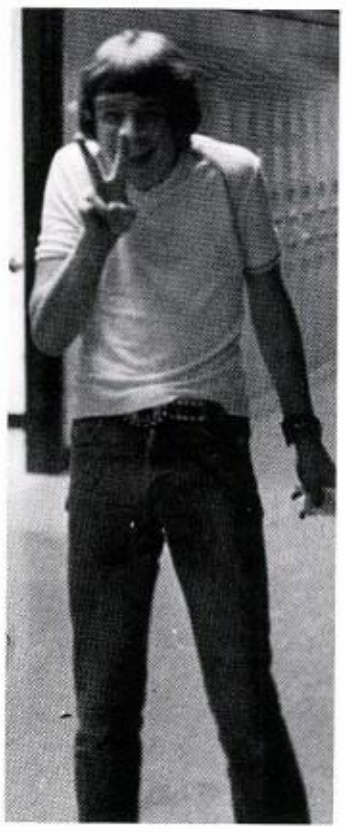
Just fooling around is Richie Ashton, as usual.



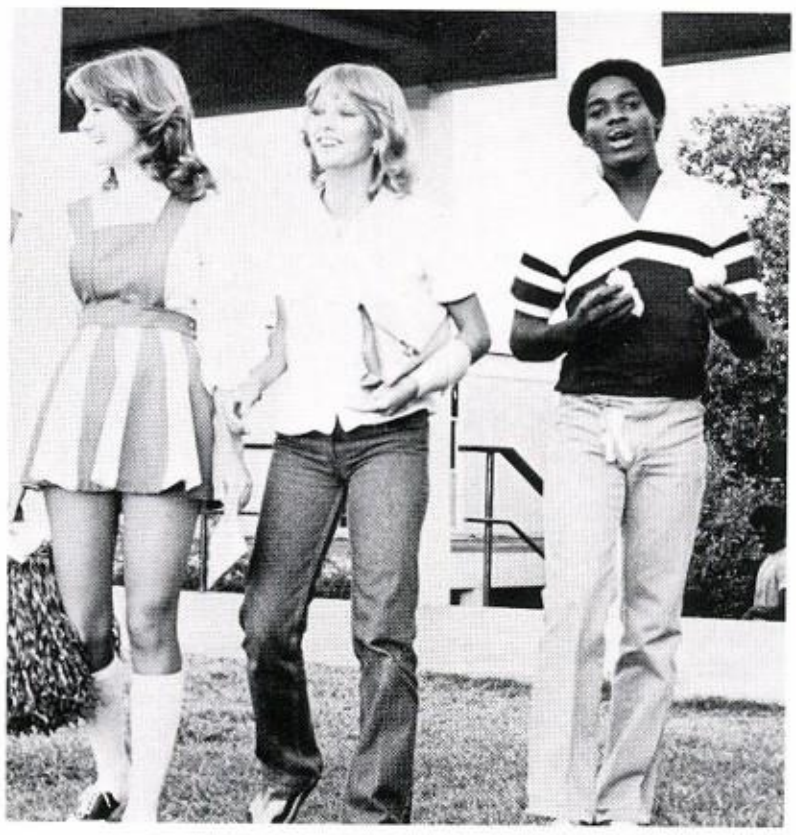
Cool days came in handy to hang around outside.



It was nice to stroll along and talk.



Hey, this is me!



Well, you see it's like this Kelly . . .

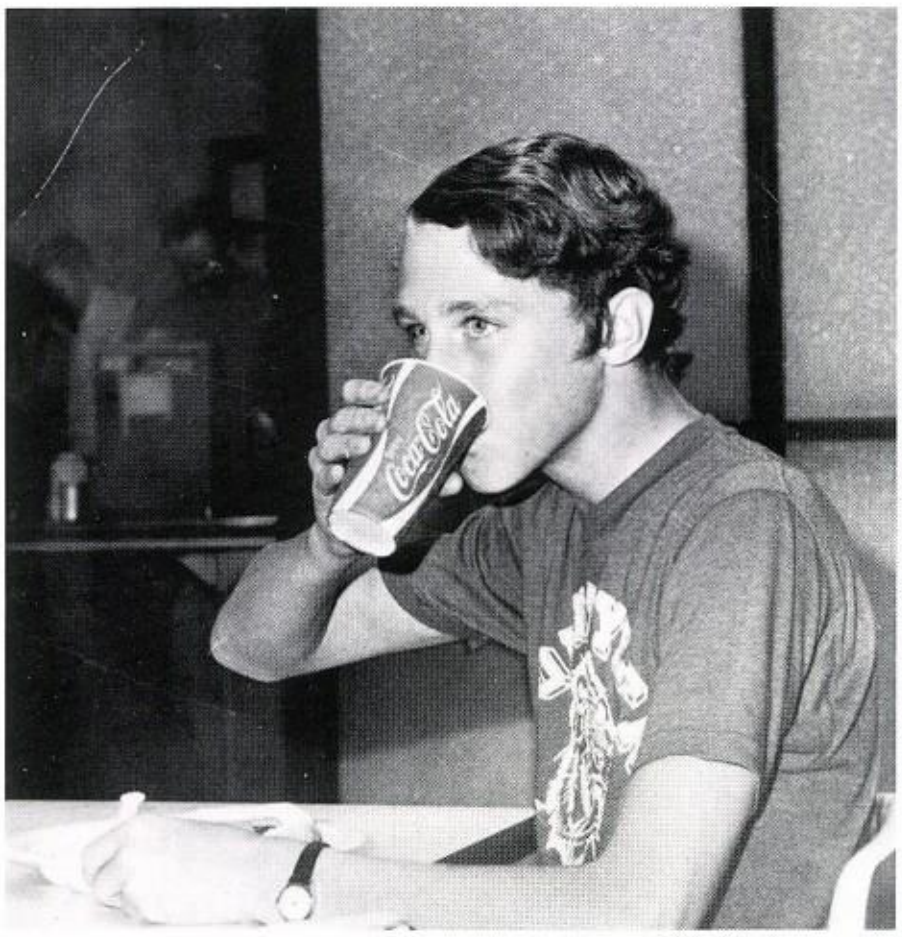
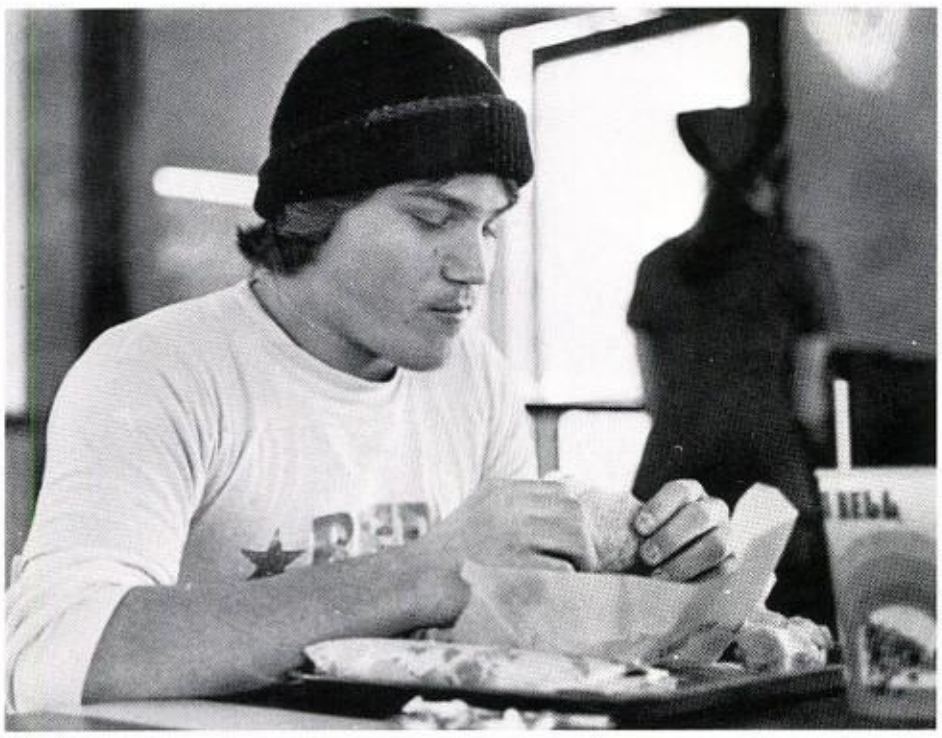
LUNCH BREAK

Lunch was everyone's favorite part of the day. The time was spent visiting with friends and sometimes cramming for tests. Given the opportunity to avoid the battle of the long lunch lines, the Seniors and Juniors had the privilege of eating off campus for lunch at such places as Bill Thomas, Dairy Queen, Taco Bell, and Whataburger.



Some students really did eat in the cafeteria.

Leslie Higginbotham "munches out" on her cake at a surprise get together on eighteenth birthday in Dairy Queen.



Scott Coffer just realized—they forgot to cut the onions.

Robin Womack finally found a minute to stop and relax.

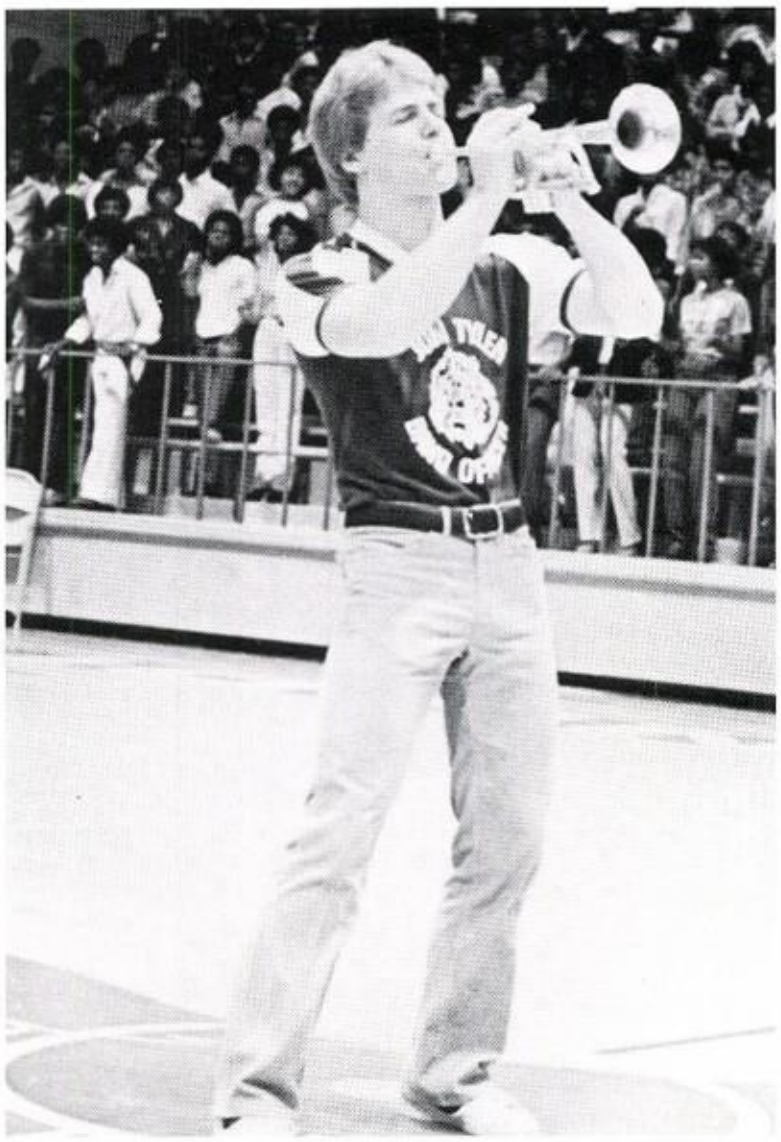
Brigadettes, Diane Lawson, Tracey Hartman and Marla Ford strut to the drum cadence.

Every home game began with the "traditional" march around the mountain. It provided a time for flipping horns, the latest drum cadence and a show of JT pride. The brigadettes, brigadette officers, majorettes, flag corps, and band members all took part in the pre-game activity.

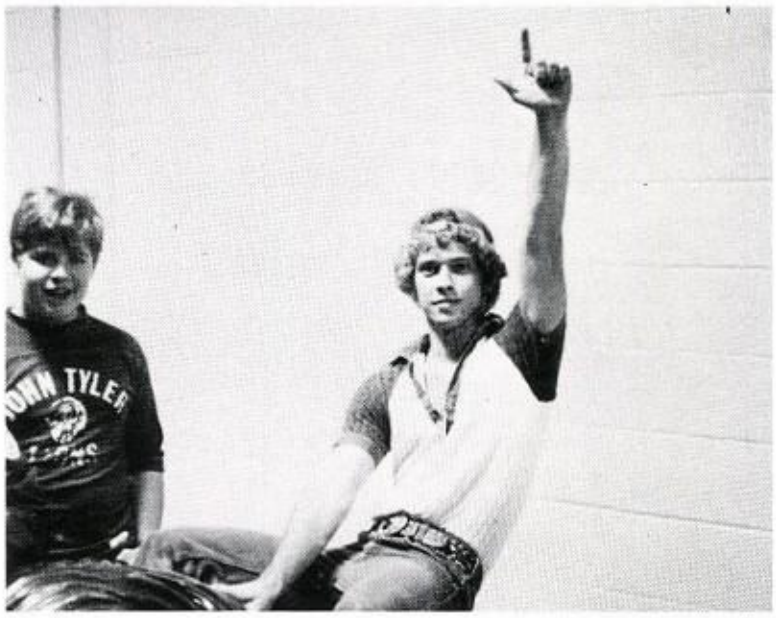
Band members take part in the pre-game affair.

Co-captains march around the mountain.

From start to finish Gerald Mitchell kept the beat.



Pep rallies were sparked by solos to "Big John".



"We are number one".

Many different organizations were behind the scenes of the Lions' 8-2 record. From the beginning to the end everybody was very supportive and backed them all the way. Hours of hard work, preparation and dedication were put forth to bring the show case of talent shown to viewers at pep rallies, games and half time.

"Lion Backers"

William Oliver came back strong and ready.

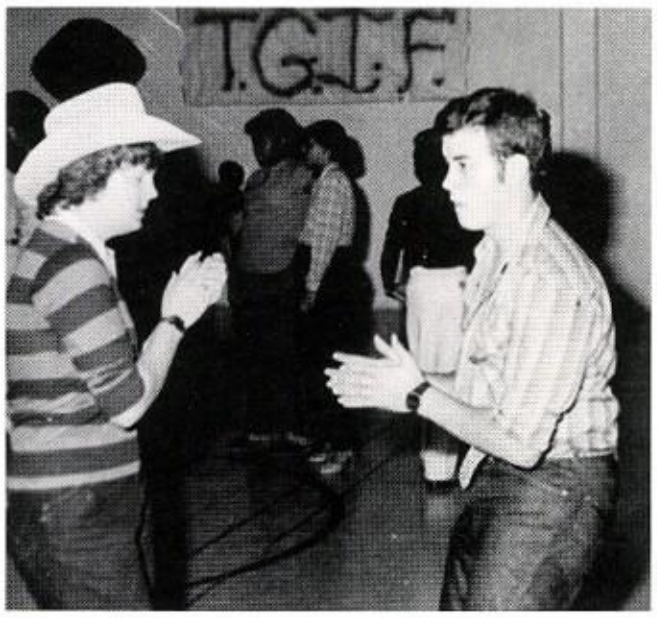
Mary Lang performs to "Instant Replay".

Lee Week

Torn Rebel flags, shoe polish and a roll of Charmin are a few of the items found most frequently during Lee Week. The best place to have found these items on display would have been Broadway. Broadway has been the history of mutual grounds where kids were seen everywhere with their school's best interest at heart. Pictures above are John Tyler students Lynn Turner, Kami Magee, Shelli Fife, Scott Lawrence, Randy Boswell, Vickie Sustaire, and Tony Meazell.

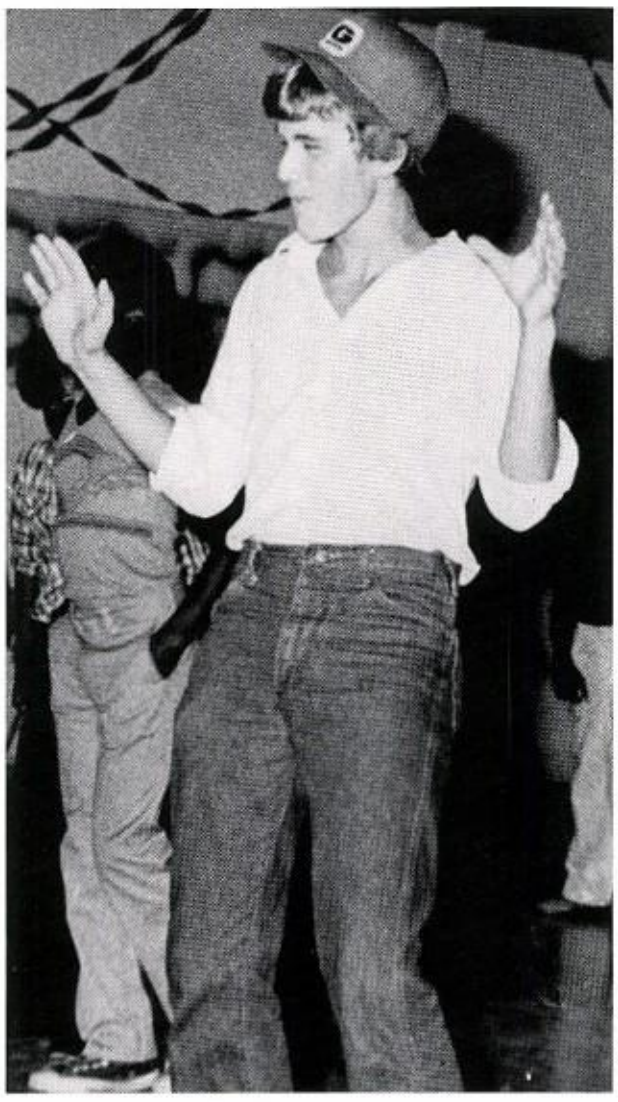
Soc Hops

Melanie Cash boogies to the beat.

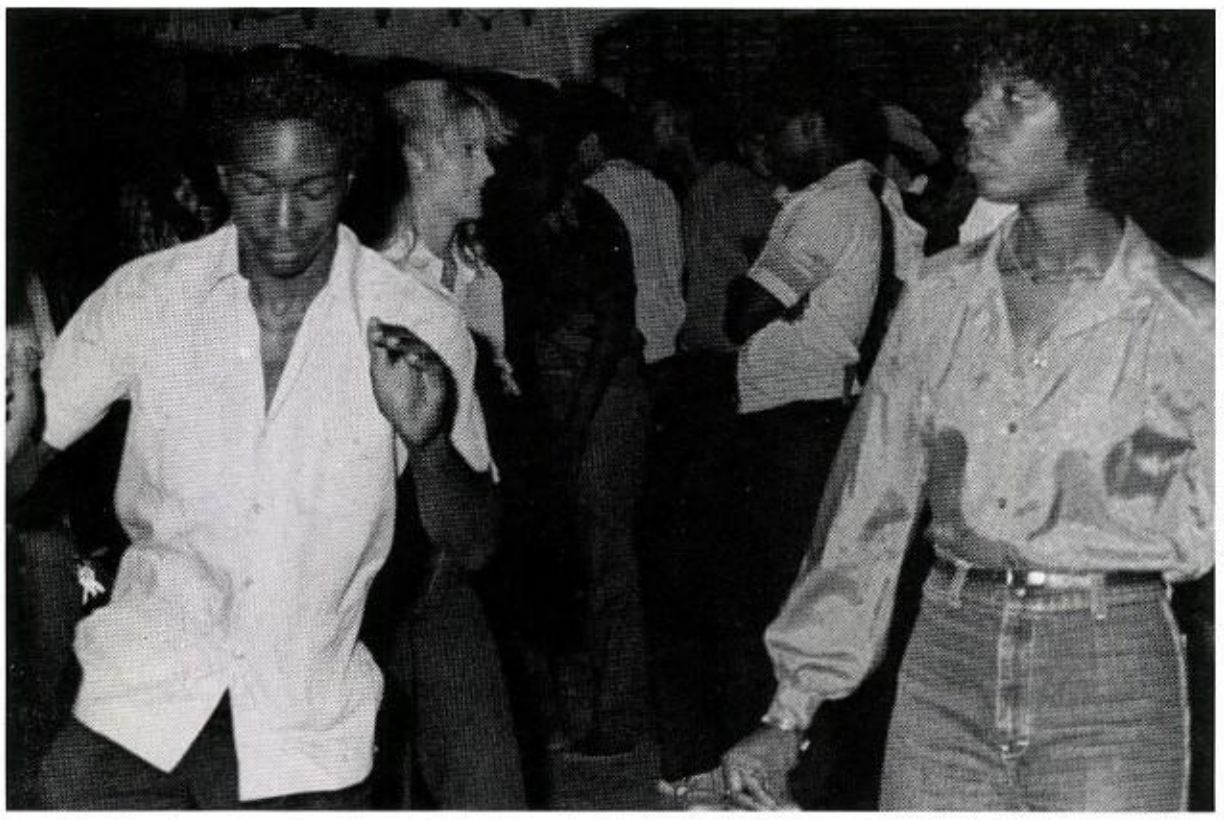


Mark Malone and Ann Bailey add a country touch.

Many people danced the night away at the Soc Hops. Such musical hits as "More Bounce to the Ounce," "Celebration," and the "Cotton Eyed Joe" carried them through the night. The Soc Hops were a project of the Student Congress. It was through their efforts that they were held after every home game.



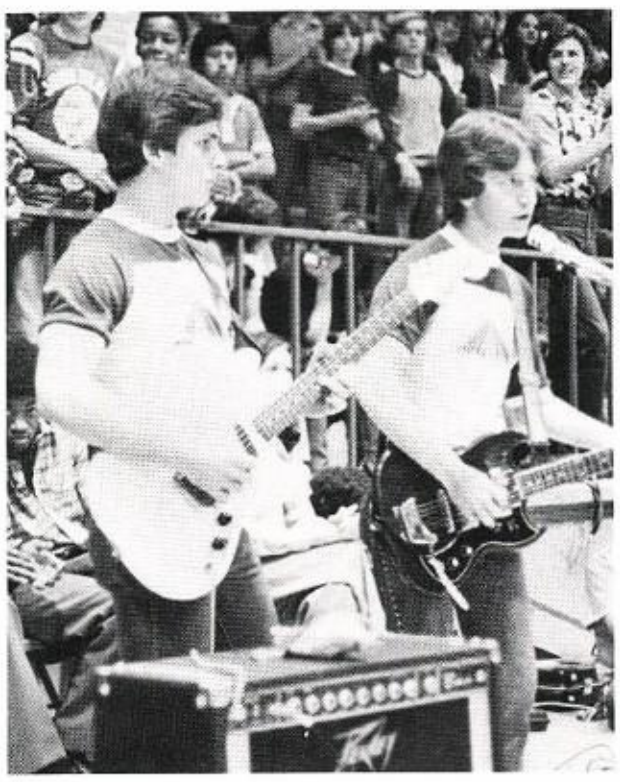
Oooooooh Baby!!



Let's get the "jam" going!

Pep Rallies add Life . . .

Junior, Maggie Hood performs with the Flag Corps.

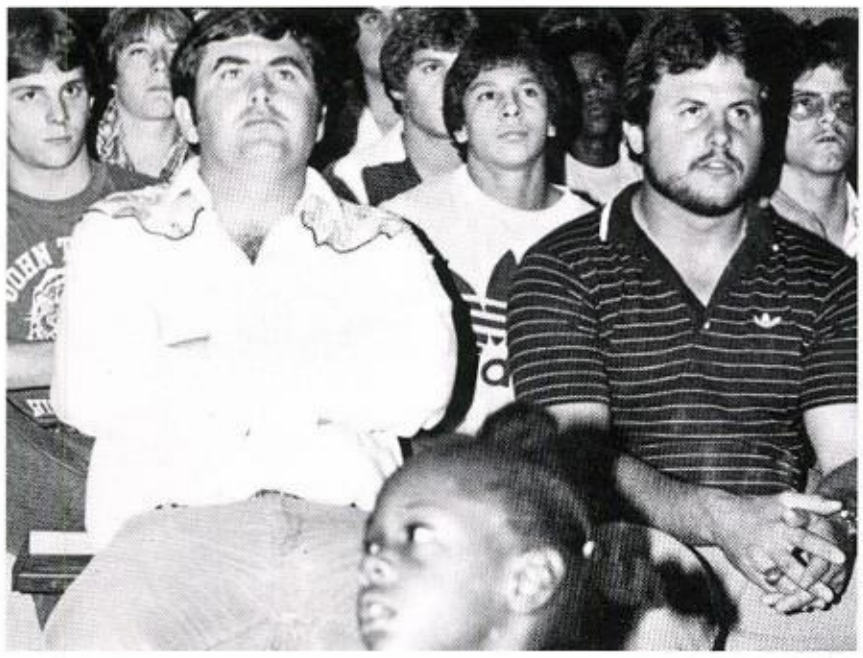


"Oh Lord it's hard to be humble."

Hostess of the JT dance contest is Lisa Little.

Pep rallies added life to the student body of JT. This year the students themselves became more involved and contributed more to the success of the pep rallies than in years past. The performances by the Majorettes, Drill Team, Band and Cheerleaders were a main attraction and a reason for the pep rallies' success weekly. Occassional appearances by the Flag Corps and the JT Dimensions also helped to bring spirit to its peak.

Everybody comes together for the school song.



Coach Cope and Coach Thomas enjoy the activities.

Special appearances are made by the lion.

The football team makes fantastic cheerleaders.

Majorettes anxiously wait to perform.

Seniors add life to the pep rallies.

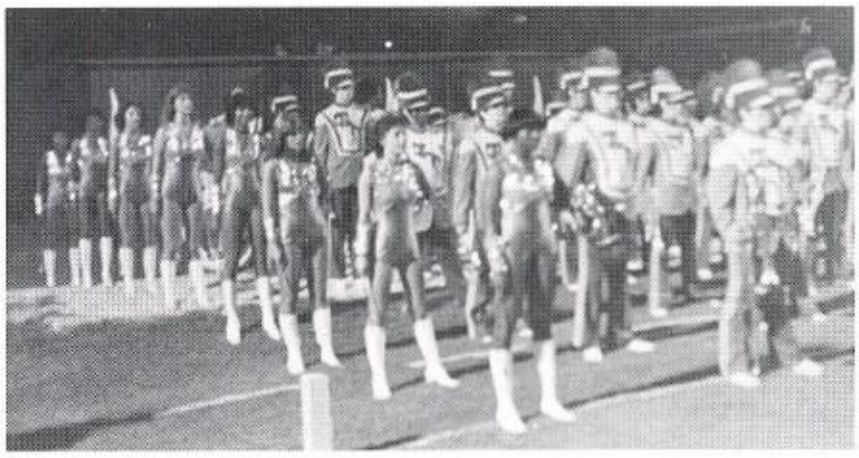
Officers perform to "Wipe Out."

Football Action

The Officers' traditional pre-game strut.

Everyone enjoyed the excitement of football season. Not only was our team a success, but the performances by all the support groups as well. Cheerleaders kept the spirit going with the Blue Brigade as well backing them up. The Lion Guard served in many areas of service at the games. Halftime came alive with shows by the Band, Flag Corps, Majorettes, and Brigadettes.

Majorettes twirl at half-time.



The band waits to go on in parade rest.

The Lion Guard is always responsible for raising the flag.

The Brigadettes march on the field ready to present an outstanding performance.

Shirl Pfutzenreuter is in the spotlight.

Keep on smiling that beautiful drill team smile.

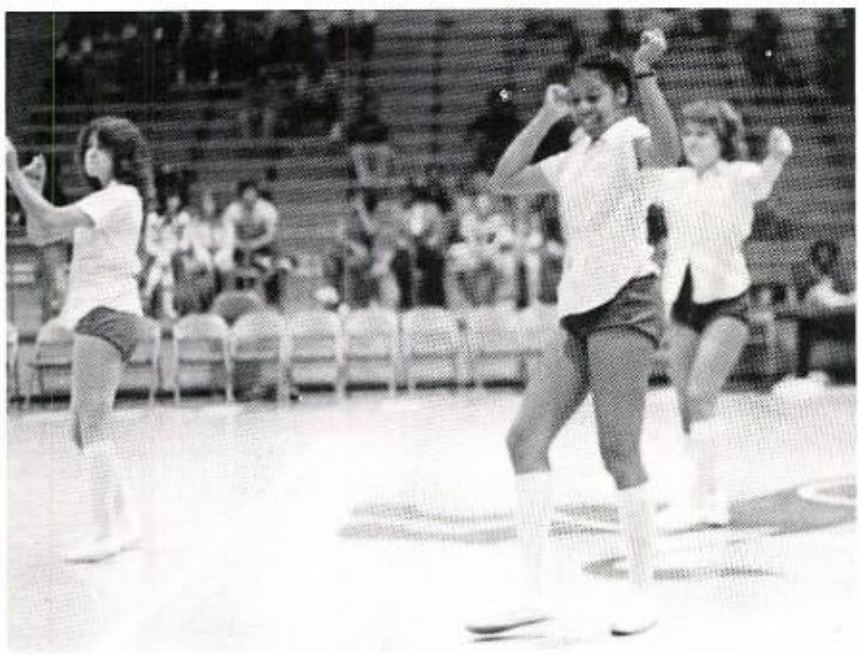
Basketball Action

Between halves the cheerleaders took their turn on the floor.

Jill Harris, Missy Franklin and Christi Gideon prepare for the future by performing at the games.

Stretching out and warming up helps the kicks and the jumps.

Brigadettes, Blue Brigade, Officers and cheerleaders all took turns performing at the Basketball games. For the newcomers it was exciting and was a great way to gain the experience needed for the coming years.



Hey, I can get into this.

Pyramids, houses, they'll build anything at basketball games.

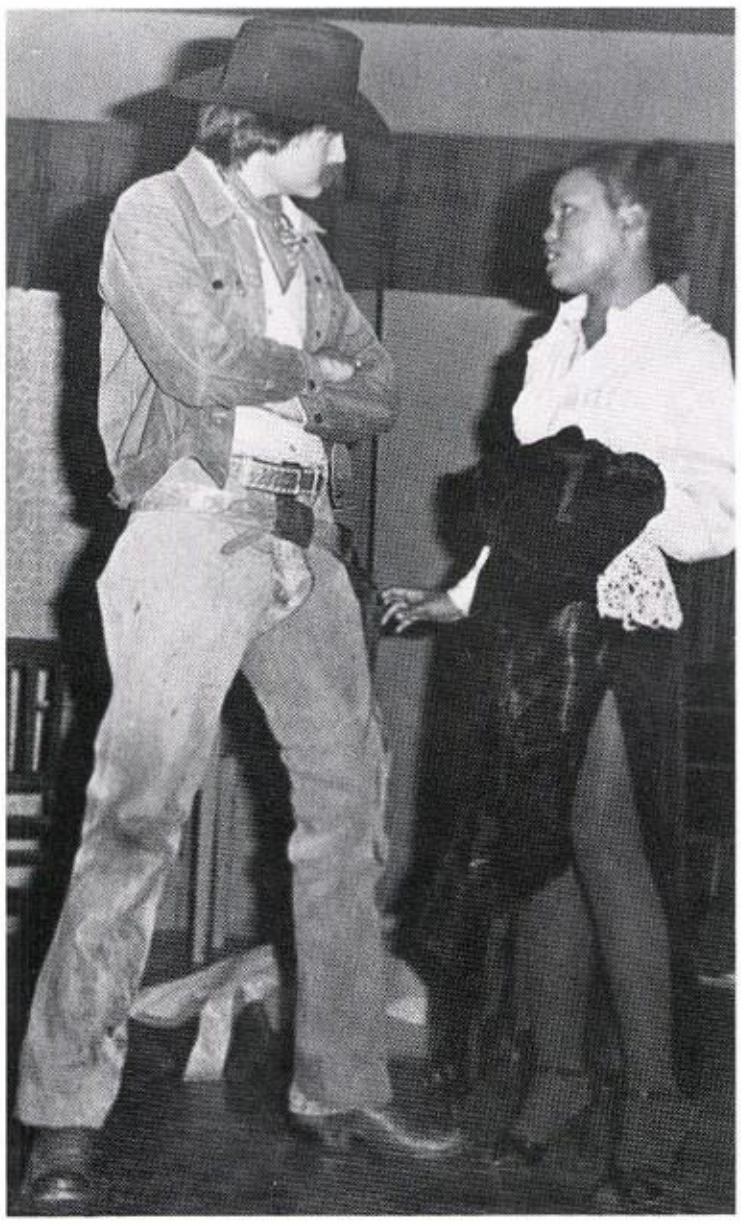
JT's Finest On Parade

Leisa Richardson, Head Drum Major, leads the grand marching lions.

Parades honoring the Rose Festival and Christmas brightened several days during the year. Area schools were invited to participate along with community clubs entering many colorful floats. John Tyler's spirit organizations flaunted blue and white to the supportive spectators. The Rose Parade, being a longer and a more publicized event, attracted people from around the southern states. The annual Christmas parade heralded the coming of the Yuletide season to the local citizens.

The smiling high-stepping Brigadettes add a touch of grace and poise to the Rose Parade.

Three One Act Plays

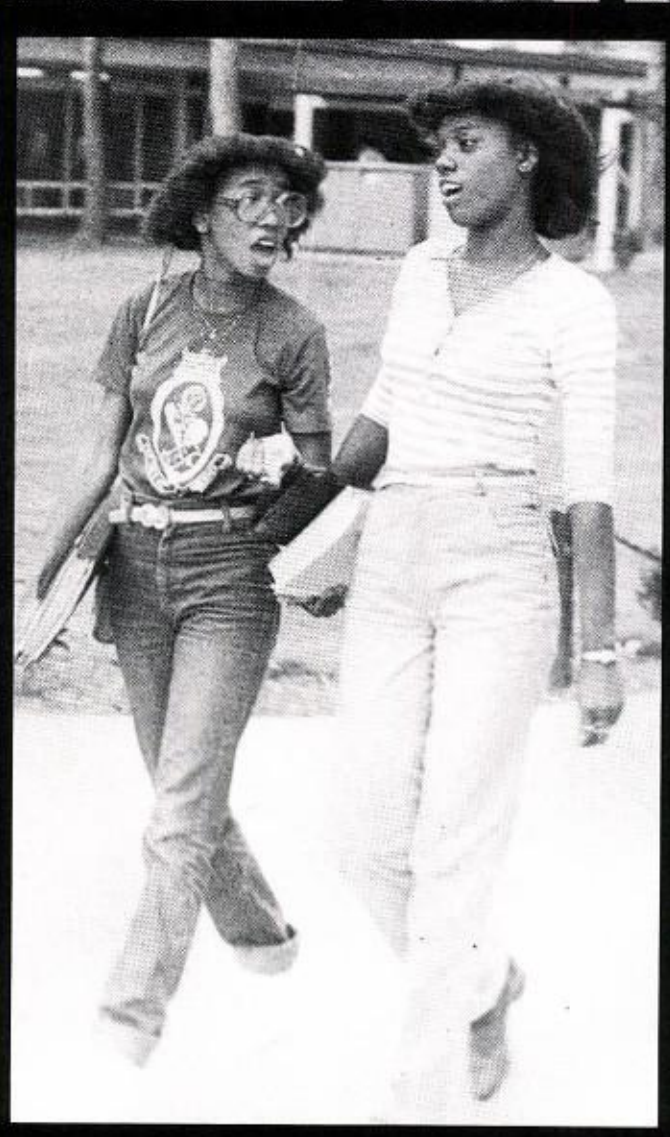


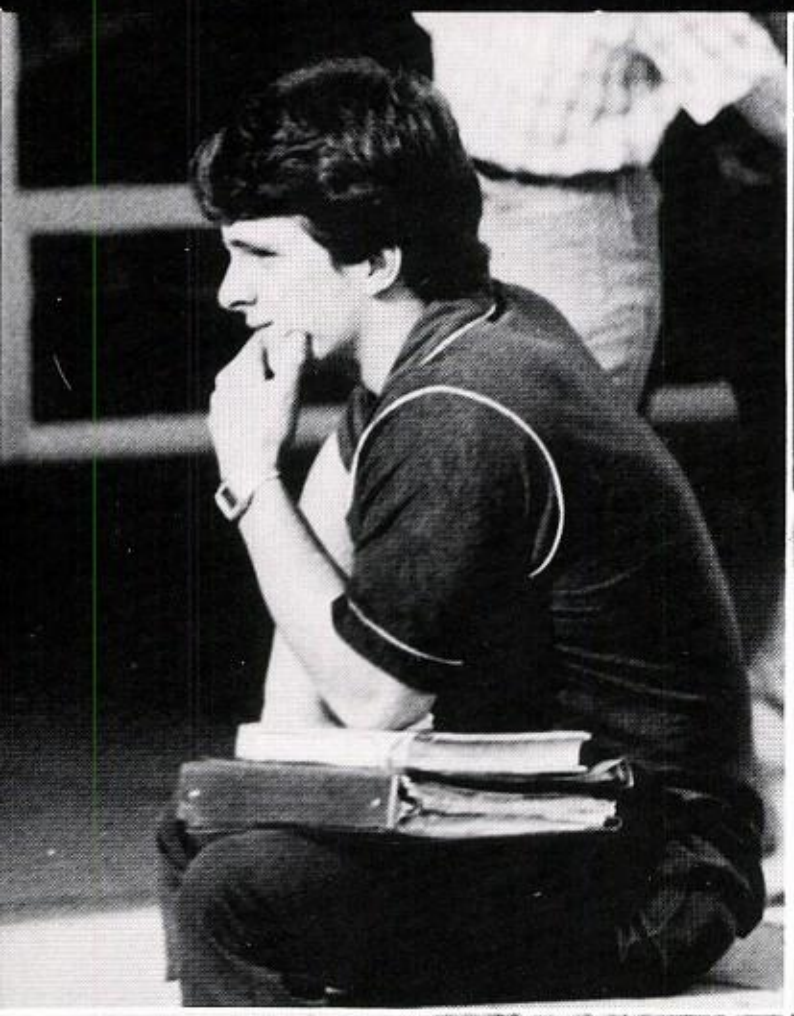
Randy Rowan and Charlotte Coats discuss the problem of "Desmond Darkacre."

Roger Pharr (Desmond Darkacre) and Laura Caves (Melody Bopeet) look on to their "poor, innocent baby."

"Absolutely, positively no men," exclaims Staci Low.

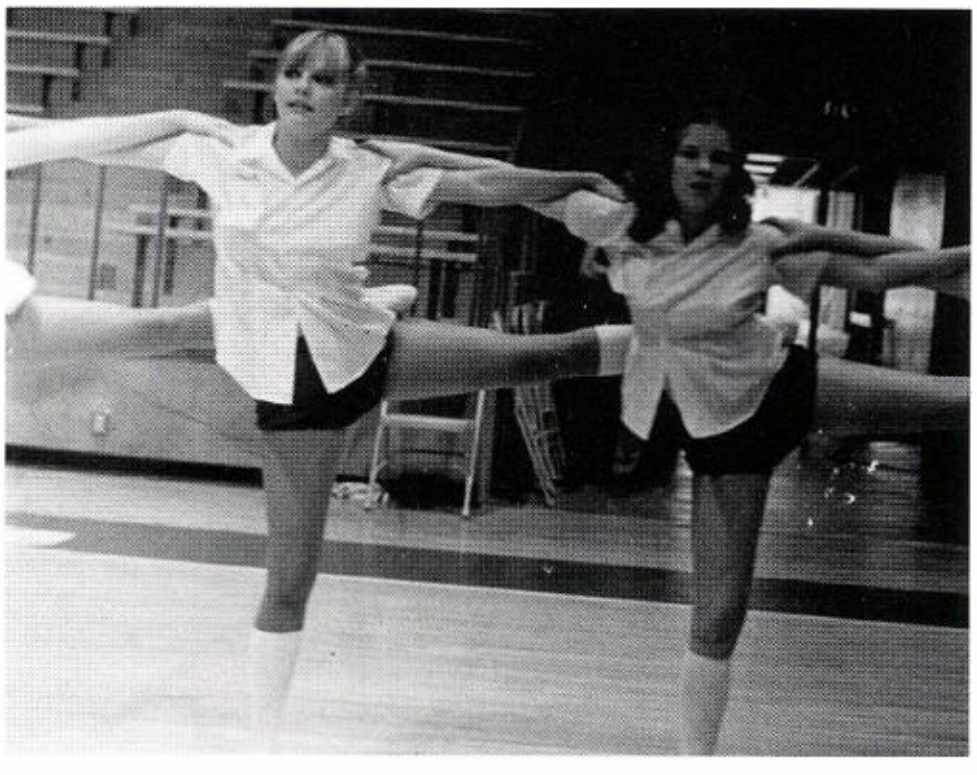
The JT Drama Department built their repertoire of performances with the presentation of "Three One Act Plays." The crowd pleasers were Roger Pharr and Suzanne Stroud in the "Diary of Adam and Eve," Staci Low and Shari Wright in the "Eden Echo" and Roger Pharr and Suzanne Stroud stealing the show once again in the "Wildflowering of Chastity." All the drama students helped with the lighting, staging and casting of this production.





Out With The Old–In With The New

Majorettes for the 1981-82 school year are alternate, Danita Thomas, Karen Tillison, Angie Terrell, Virlinda Stanton, Charlene Phillips. Alternate Marietta Brown, Head majorette, Sharon Lacy and Sandy Ellis. Not pictured are LeGale Cato, Head Drum Major and Maggi Hood, Assistant Drum Major.



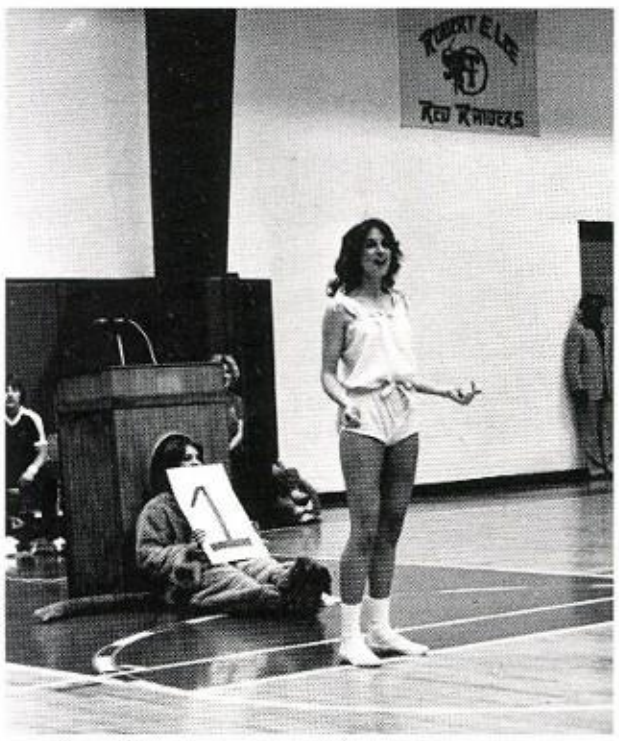
Practice paid off for Keli Gideon and Lori Day, as they breezed through tryouts.

Tears of joy overwhelmed Karen Jeffrey as her name was called out for cheerleader.

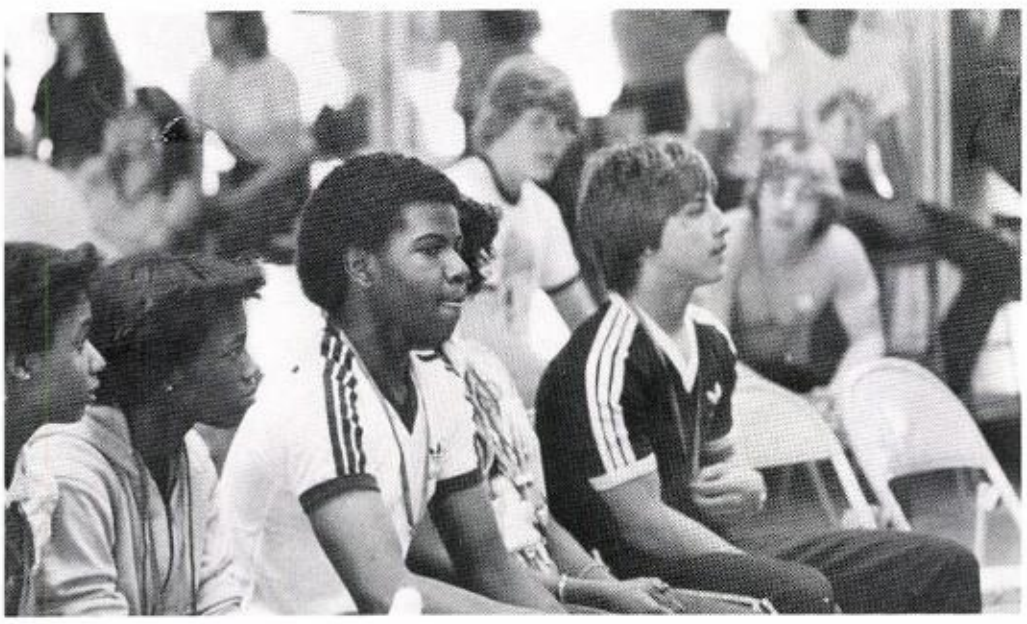
Waiting from the sidelines brought out the calm and cool nerves of those trying out for captain.

Woody Weaver dazzles the audience with his gymnastics.

"Hit me with your best smile", Deborah Marcontell.



Debbie Adams dances her way through tryouts.

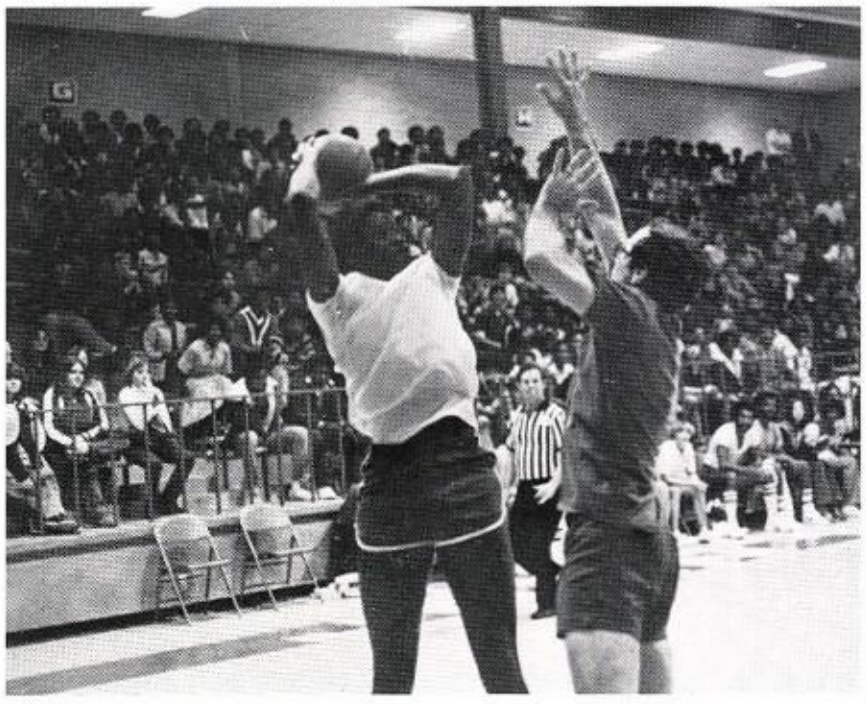


Everybody's nerves are on edge, when the cheerleader winners are called out.

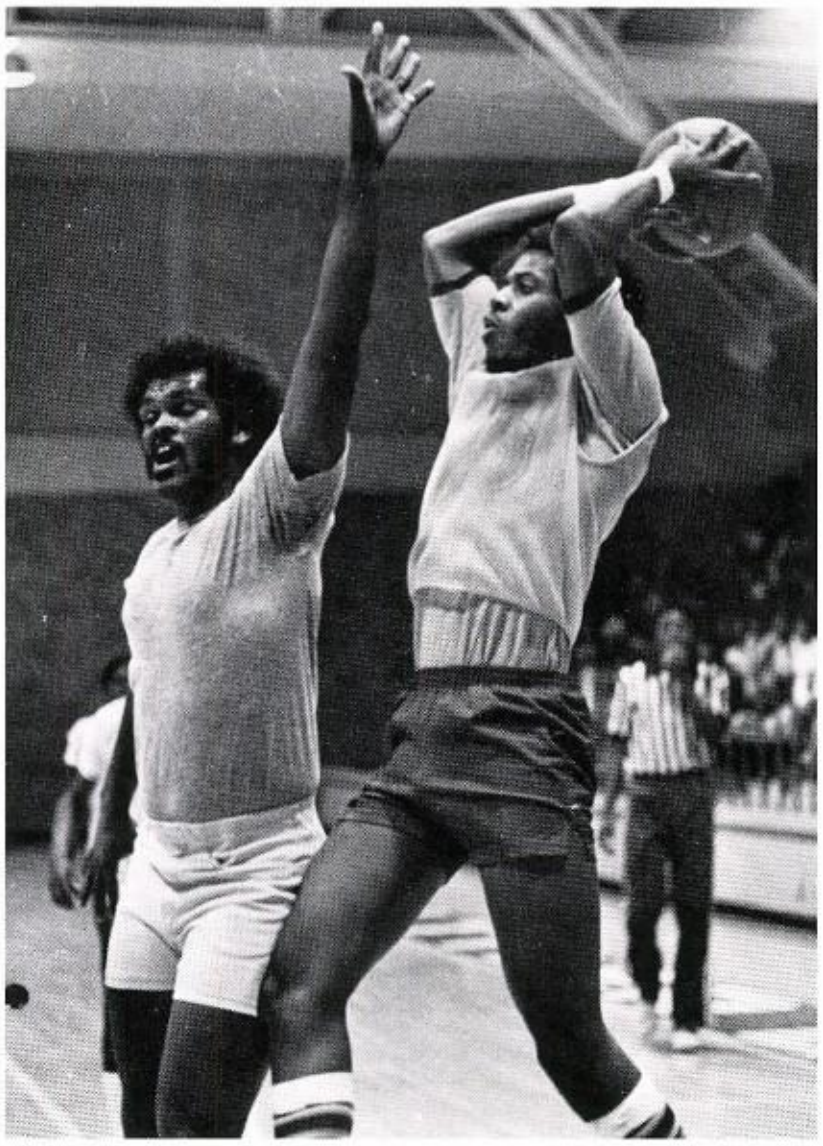
From March until May students that were officer candidates were elected and chosen to head various organizations. Eight majorettes and two drum majors were picked to lead the band, five Brigadette officers and one captain were chosen to head the drill team and six cheerleaders were elected to represent the school at different sport events. Members of the drill team and flag corps were also elected to represent the students of John Tyler during this time.

Junior Class Vs Faculty

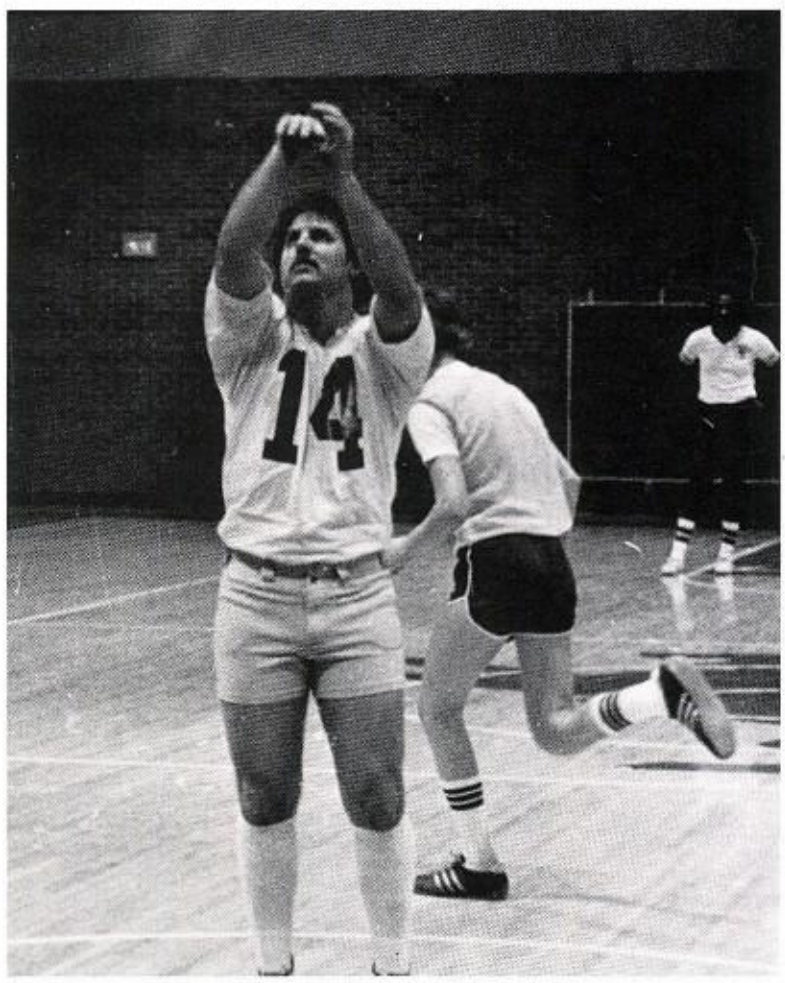
The Junior Class of 1980-81 sponsored the annual basketball game. It is a fund raising project in which the money is used to pay for the activities the juniors might wish to participate in their senior year.



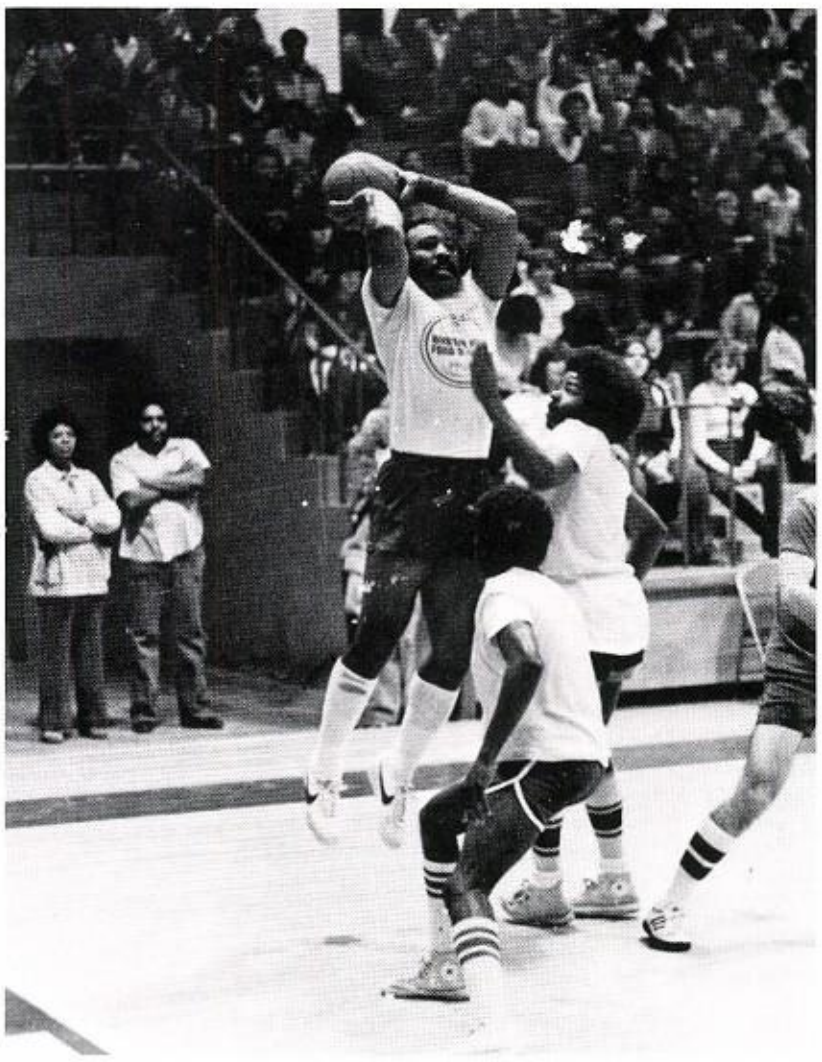
Making the faculty victorious, Coach Don Miller keeps Louis Wheeler from scoring needed points.



Michael Jasper jumps for the big "2".



Warming up for the big game is Coach John Thomas.



Demetrius Jett tries to keep Coach James Smith from scoring.

FCA Tourney

Laurie Weeks is not quite sure about greeting this golfer.

Serving the refreshments reaped many benefits for Tina Sheats, Dwayne McCrary and Nicki Hamiter.

Fellowship of Christian Athletes sponsored their first golf tournament at Garden Valley Sports Resort. The members of the organization greeted golfers from all over East Texas. They assisted them by providing their expertise as caddies and escorts. The proceeds made from the tourney were to send FCA members to their national conference.

Is this how we're supposed to do it," asks Marla Ford?

Supt. Jack Davidson exercises his executive privilege—and skips school.

Caddies for the day were Ginny Cayard and Kim Branam.

Fads and Fashions

The variety of styles were at their peak as the school year began in September. Cowboy hats, western shirts, boots, belts, and belt buckles hit an all time high in popularity when people followed the trend of the movie the "Urban Cowboy". Styles expressed individuality as buyers were able to choose from pleated skirts, plaid and fannel shirts, overalls, a variety of hats and of course, the all time favorite, jeans.

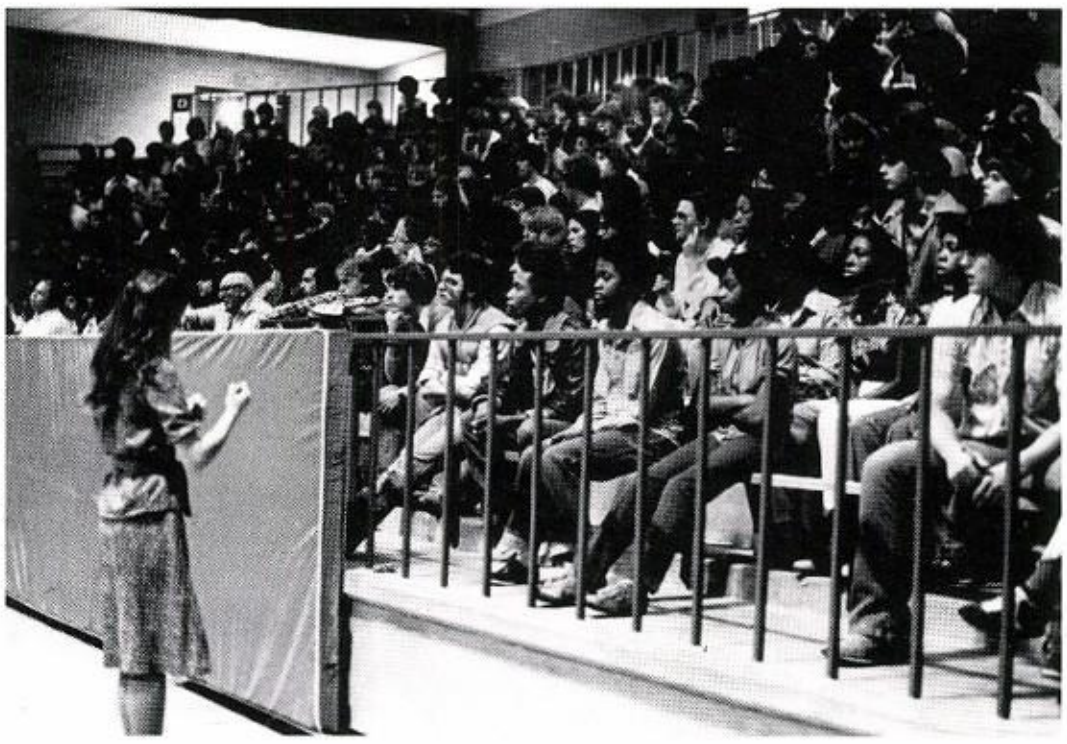
Students Assemble

Assemblies this year were held in the varsity gym for numerous occasions. Candidates for class officers and cheerleaders had tryouts in the gym, seniors met to order invitations, pep rallies were held to raise school spirit, and art and musical programs were held. The most important assembly all year was when students gathered for the first time after the fire to hear what arrangements had been made for the remainder of the school year. For many it was the first time they had seen the destruction of the main building after Feb. 14.

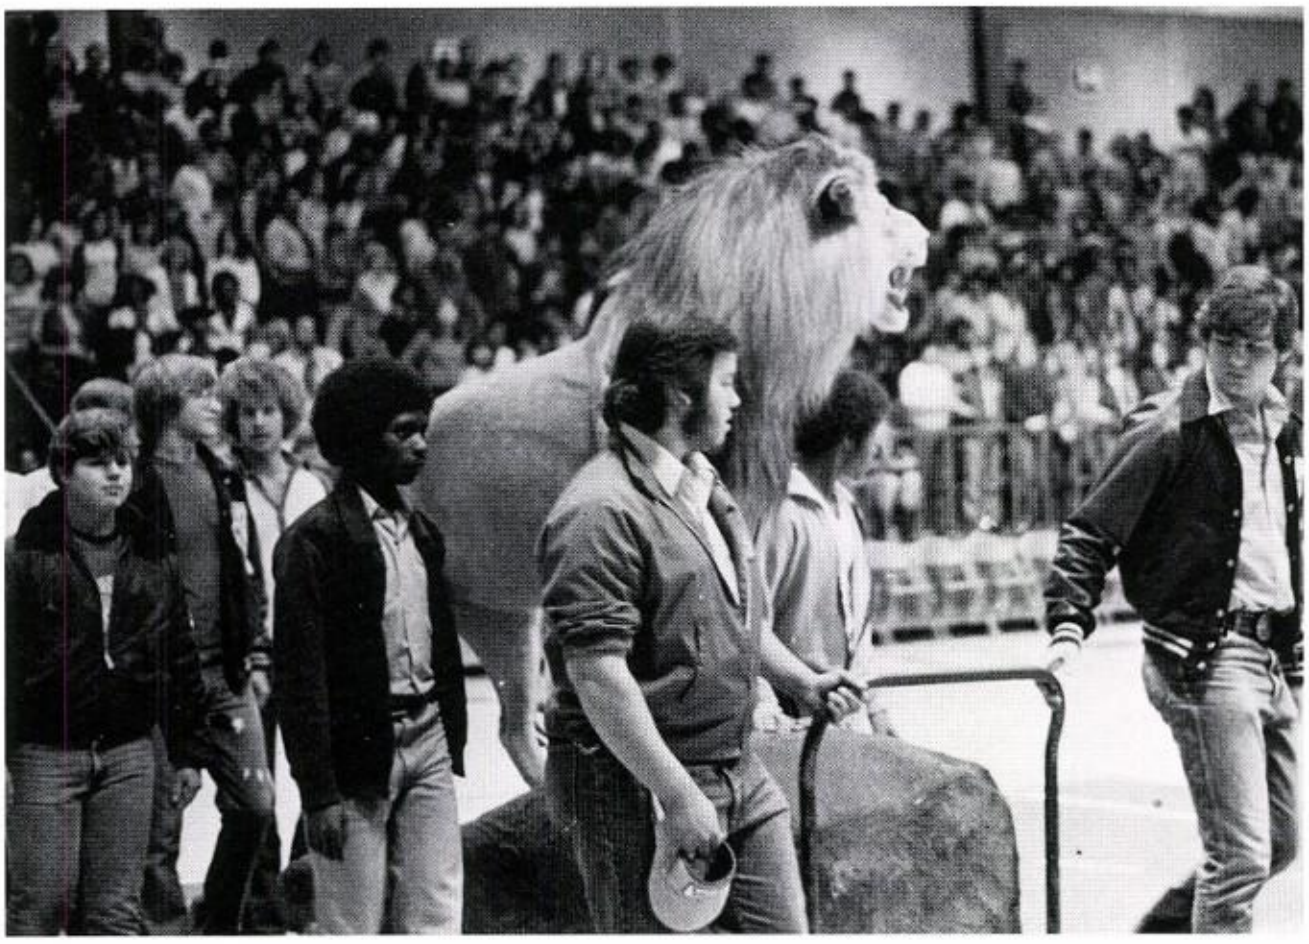


Ms. Mary Maddox 'signs' to her deaf students.

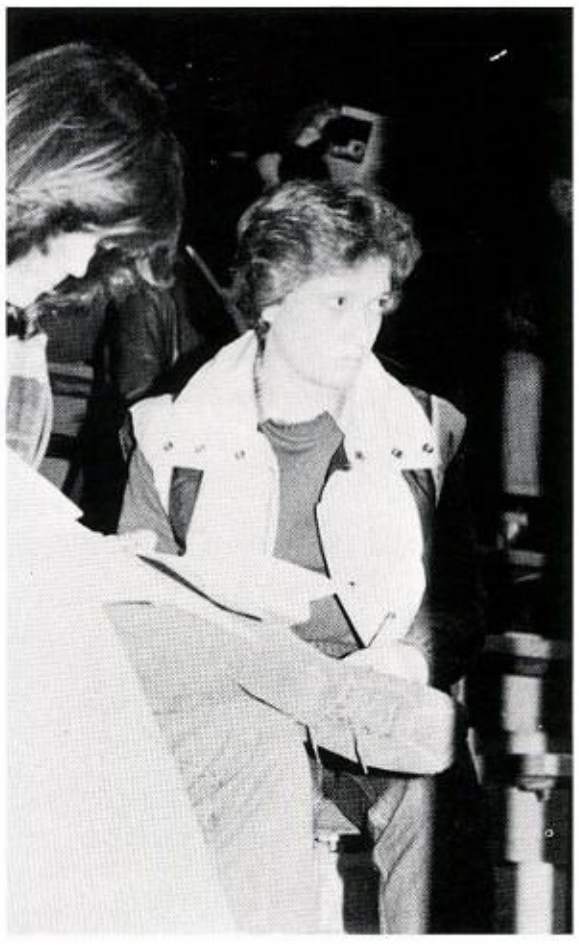
David Sanchez addresses sophomores.

Rudolph the red nose what?

Guess who won the Christmas can drive.



Lion Guard members parade the new lion around the gym in the assembly held to inform students about the fire, its destruction, and moving to Lee campus.



Run that by me one more time?

I wish they'd hurry, these bleachers are starting to get hard.

Seniors listen intently to instructions on ordering graduation invitations.

Top Athletes Selected

The All Sports Awards Assembly honored lettermen and outstanding athletes in all areas, boys and girls. The program was held May 25, in the John Tyler gym beginning at 7:30 p.m. so parents and other interested guests could attend.

Kelly Plunk (and not pictured Matt Milling) were named scholastic athletes.

Kip Jones and Stacy Crawford received the track award.

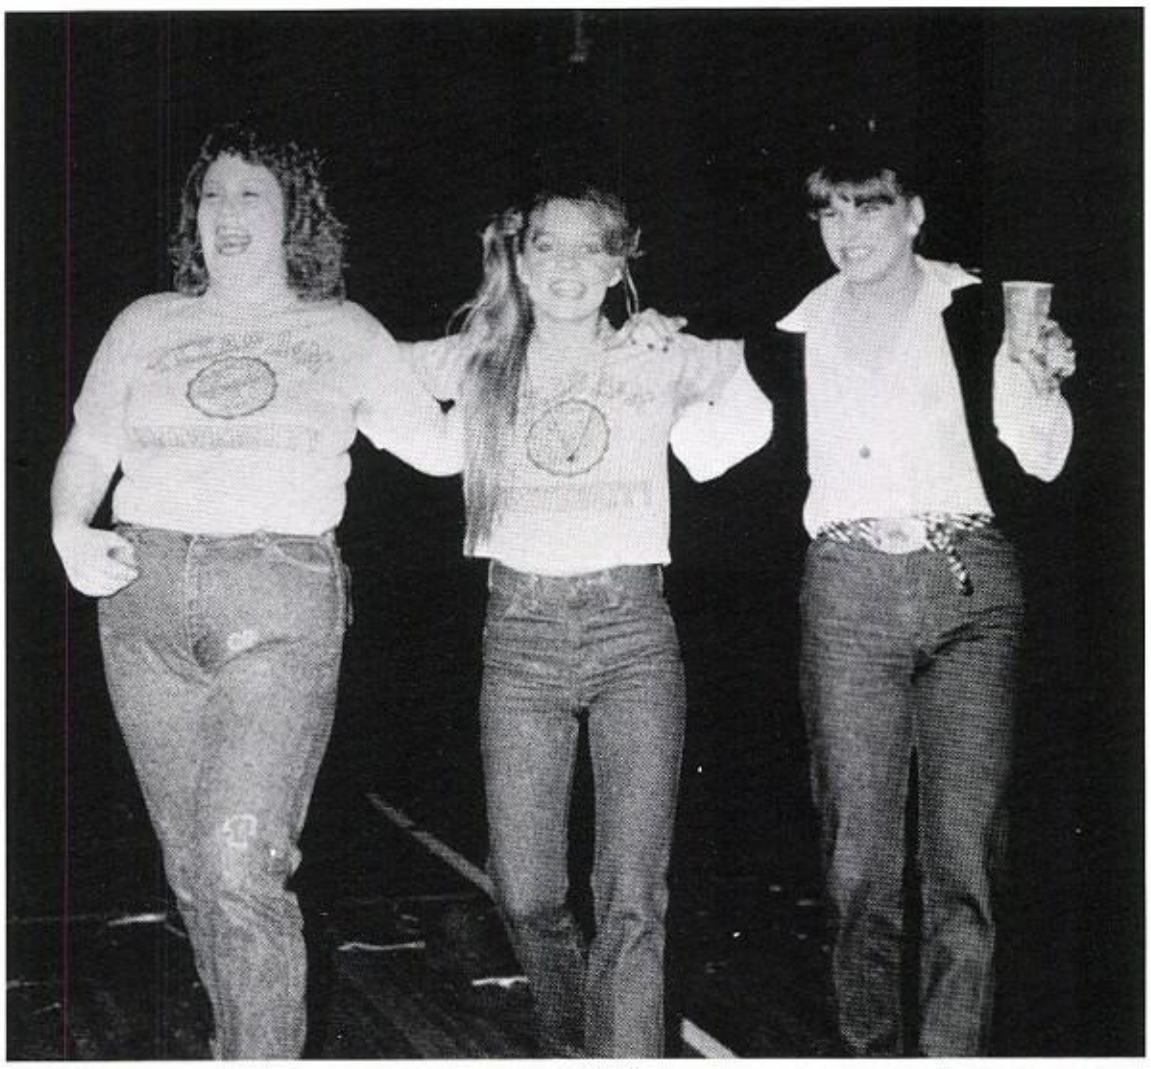
Staci Low and Butch Williams—tennis.

Jennifer Grey—outstanding volleyball player.

Matt Grubb—outstanding baseball player.

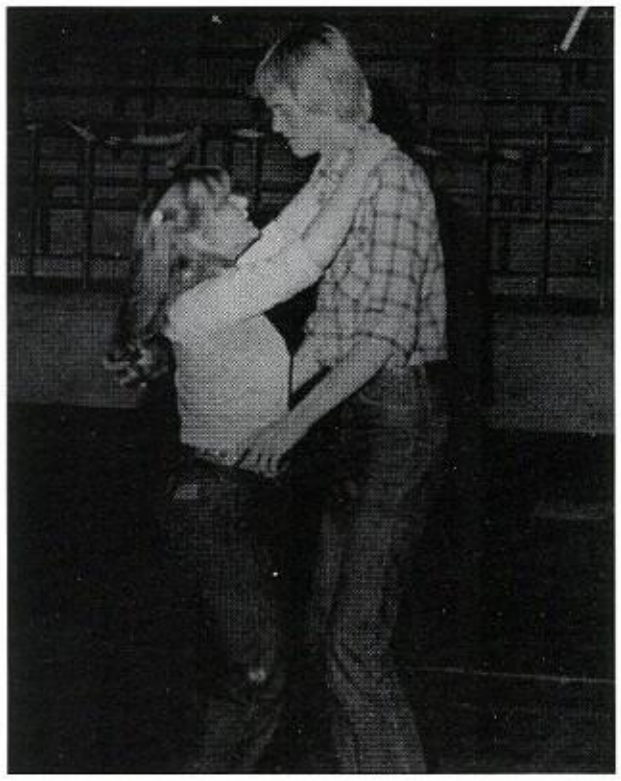
Bruce Bosley—golfer of the year.

Junior Class Hosts Sadie Hawkins

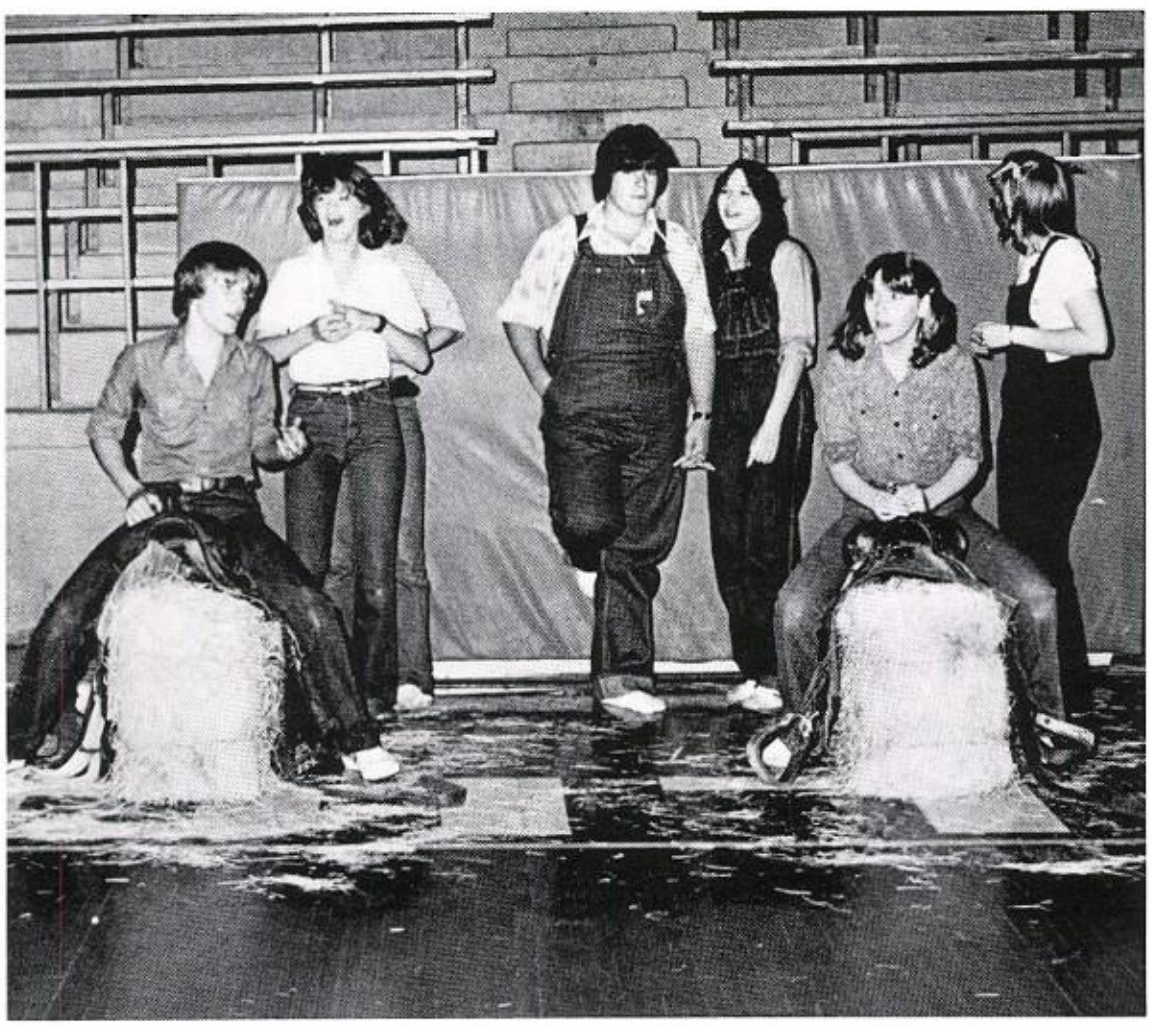


Sadie Hawkins is just for the fun of it, as shown here with Kim Allison, Robin Smiley and Shirl Pfutzenreuter.

The Junior Class hosted the annual Sadie Hawkins Dance. Tradition was set once again by the participants wearing the country attire of hats, boots, overalls and jeans. Country dances such as the Two Step and the Texas Star were made over night hits by the JT students.



Shauna Sinclair and Mark Noris learn to two step.

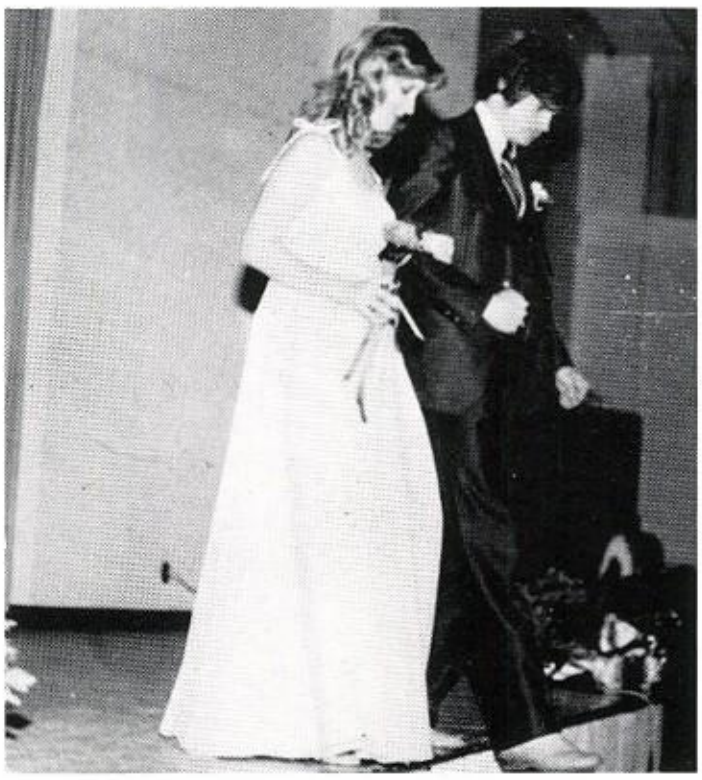


It's not exactly Gilley's, but there are still folks who think they're bullriders.

Playing in the hay is only part of the fun for Randy Speake, Kyle Hill, Nelta Parker and Leslie Higginbotham.

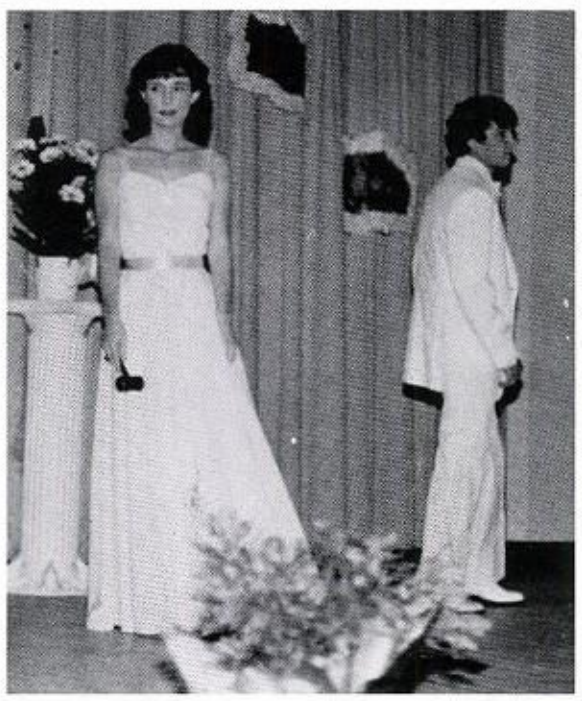
Presentation 1981

After all the tryouts were held, old and new officers exchanged positions at a special semiformal occasion at Havery Hall. Girls in long dresses and boys dressed up for the evening paraded across the stage to give or receive symbols of the office they represented. Many parents attended the ceremony and seemed to enjoy the affair. The girls didn't seem "thrown together" since Mr. Baker let school out a little early and started Presentation at 8 p.m.



Julie May leaves the stage after giving away her office.

Sandy Ellis gracefully bows to the audience.



"Robin, where do I go?"

"Hurry Up!"

Oh no! I'm stuck.

"O. K. After I bow I give her this flower and I'm home free."

"I can't believe this is really happening! Me, Mascot?"

"Just keep smiling we'll get to walk off stage in just a little while!"

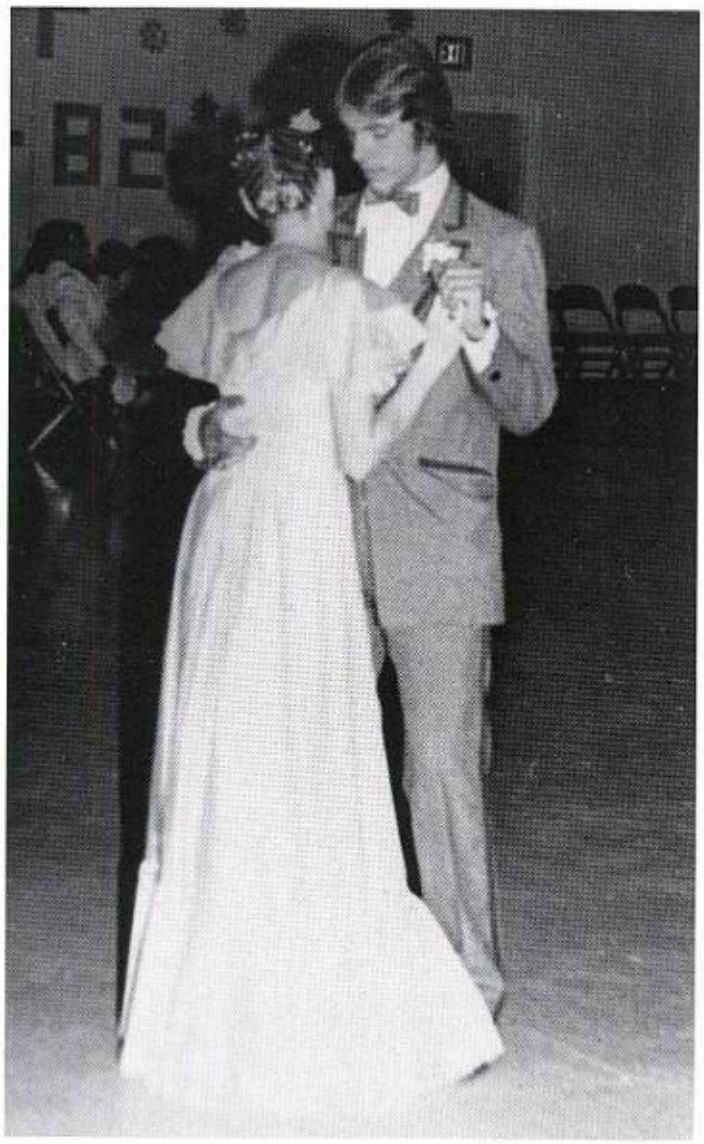
"I hope cheerleading is worth all this."

"Please don't trip, I'd be so shamed!"

"I think my knee locked!"

Students Are Honored With Junior Senior Prom

Between songs made a great time to sit and chat.



Picture perfect is Wendy Laney and her date for the evening.

Janelle Pruit enjoys the livelier music.

Melinda Polley and Randy Wallace recall the memories during the slow dances.

The Junior Senior Prom is an annual event which takes place in the spring. It is sponsored by the student congress, junior and senior classes. Tuxes and long dresses, in the pastel colors, became the common attire for the evening.

I'm smooth, cool and one super dude.

A Coke and a smile?

Country, at a Prom?

"If she steps on my toes one more time . . .!"

Johnny Roland relaxes during a slow dance.

We Love You, Grubbie

The Lion mascot for 1980-81 was Denise Grubbs. After being interviewed by a committee of teachers, she was selected for her great school spirit and friendly attitude. All year Denise, or "Grubbie", symbolized the pride and spirit our lion represents. Everyone considered Grubbie a friend because she always had a smile and a kind word to say. During the year, John Tyler received a new lion costume which added to the prestige of being JT's beloved mascot.

The fierce growl of the lion can only be that of Grubbie.

The lion mascot reigns over all.

The spirit of the lion made the pep rallies a success.

Cheerleading started early in the summer for our eight spirit leaders. They attended camp at SMU winning much recognition with four excellents and two superiors including the Super-Star Squad Award. Being a Cheerleader meant a lot of time and hard work like painting signs and long practices. The greatest challenge to the ability of the girls came during football season. Planing Pep Rallies that boosted the school's enthusiasm and preparing dynamic pyramids proved how fantastic they could get the job accomplished. Continuing their hard work through Basketball and Track season paid off when the cheerleaders were rewarded by a successful year.

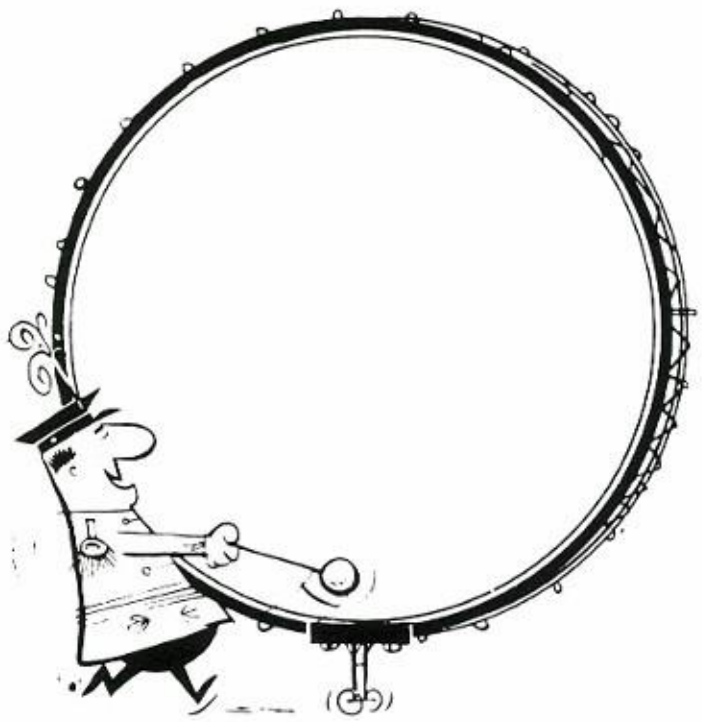
From early August until the middle of November, the members of the Lion Band hit the practice field every day at 7:30 a.m. Drilling over and over in the heat, cold, mist, and rain the Lions prepared dazzling performances for pep rallies, football games, assemblies, parades and concerts. During the 1980-81 school year the band was led by head band director Mr. Joe Teague and assistant band director Mr. James Sprayberry.



The 1980-81 Majorettes and Drum Majors

Tryouts are held every year in April for the JT band positions of majorettes and drum majors. Two drum majors, eight majorettes and one alternate are chosen for the front line. They performed and led the band at all the pep rallies, pre-game and halftime performances. Their routines were highlighted by twirling with two batons and hoops.

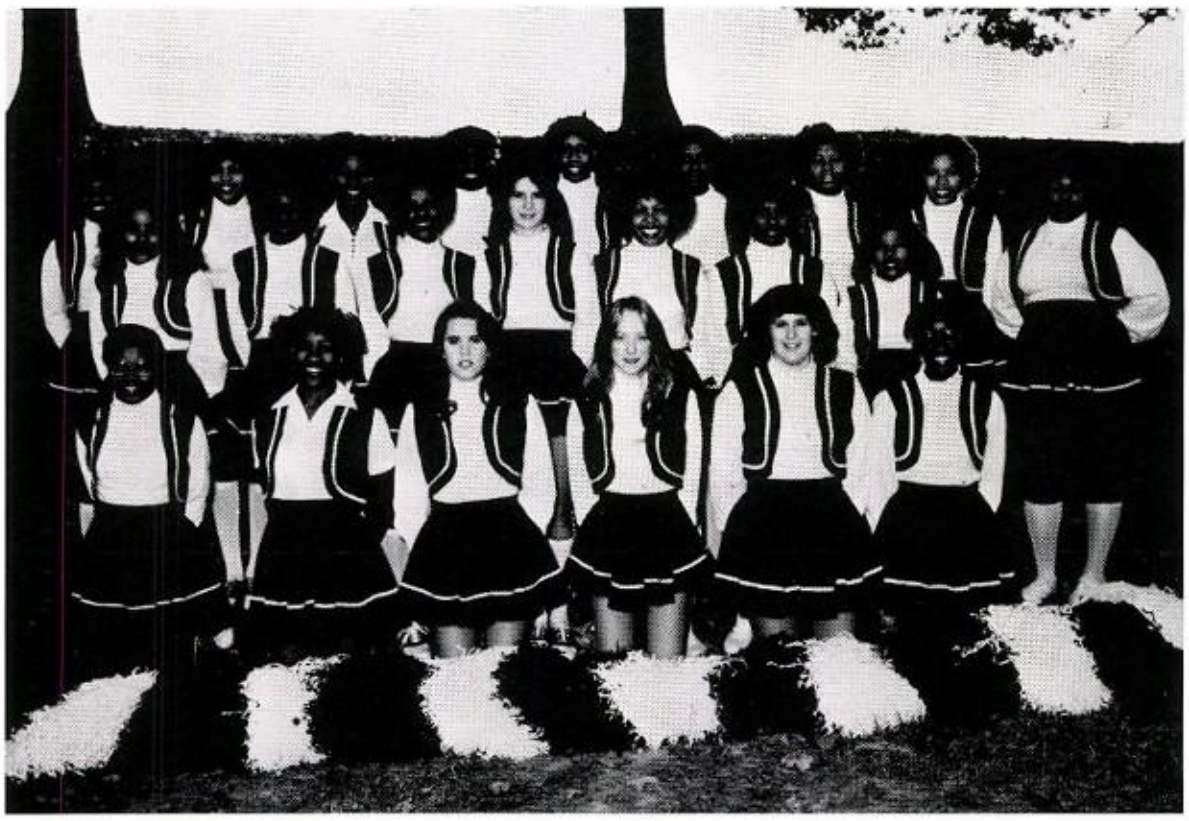
Blue Brigade members await the beginning of a pep rally

The Blue Brigade caught that Lion spirit and supported John Tyler with every bit of enthusiasm they could muster. Being composed of sophomore, junior, senior, and for the first time freshman girls, the Blue Brigade was the largest organization on campus. During the year, students learned marching techniques, jazz dances, and high kick routines in preparation for tryouts to the prestigious Brigadettes. They also acted as a pep squad for football and basketball games. The Brigadettes dazzled many audiences with performances preceeded by hours of difficult workouts. Attending camp in the summer at TCU, JT Drill Team won many awards including five girls winning the Super-Star Award for being outstanding among their peers.



Junior-Senior Squad members are from left to right Front Row: Patricia Lee, Missy Staley, Sheila Thigpen, Teresa Spencer, Carmie Shelbon, Brenda Norman. The JT Dimension

The JT Dimension performed many times during the year for various service clubs, organizations, area high schools and middle schools. They were featured at the TJC "Pops" Concert as well as presenting its own pop show in the spring. The group performed current country, pop and rock hits including: One in a Million, Reach Out and Touch, I Can't Help It, Somewhere In the Night, Another Bites the Dust, Lonesome Loser, etc.

The Fearless Protectors

Through all their efforts and hard work, the Lion Guard's motto seemed to be dedication. During pep rallies, the Lion Guard escorted our mighty lion around the gym bringing out that J.T. pride in all the students. At football games, they were responsible for raising the flag, running with the lion after every touchdown, and seeing that all the drill team's needs were met. The Lion Guard helped the assistant principals by loading Coke machines and serving as ushers at assembles. Much of their work was never seen by students, but greatly appreciated.

Christianity As A Way of Life

To instill Christian belief in student's everyday life is the basic principle behind the Fellowship of Christian Athletes. FCA is not only for students who are involved in football, basketball, tennis, or any other sport, it is for anyone who supports the idea of good clean athletic competition.

FCA met twice a month and discussed business, had fellowship and just plain enjoyed being together. For a fund-raising project FCA members acted as caddies for the participants of the Pro-Am Golf Tournament held at Garden Valley golf course. Also FCA had a picnic at the lake instead of the more traditional banquet held by many organizations this year. The sponor of FCA was Coach John Thomas.

Teachers of Tomorrow's Youth

One of the most active groups on campus during the 1980-81 school year was the John Tyler Chapter of Future Teachers of America. One of their most important activities was teaching bicycle safety to elementary children. FTA members prepared, outlined, and taught safety rules and precautions. They taught using overhead visual aids, lectures, and a series of tests. When a child successfully completed the course he or she was presented with an official FTA bicycle license. As a fund raising project FTA members sold carnations for Valentine's Day for the guys to give to their favorite girls and in some cases for the girls to give to their favorite guys. FTA also prepared and submitted a scrapbook to the state scrapbook competition. The sponsor of FTA is Connie Griffin.

Toward New Horizons

Future Homemakers of America is an organization composed of students who are concerned about being prepared for their roles as the leaders and homemakers of tomorrow. Members of this active group develop good housekeeping habits, explore interior decorating, child care, and learning the basic principles of keeping a home running smoothly and efficiently. They also cover such important topics as fashion, child development, and home furnishing. The sponsors of FHA are Ms. Rebecca Bibby, Mary Fuller, Nollie Jones, Dorothy Johnson, Emma Madlock, Leona May, and Ora Taylor.

"All the World's a Stage . . ."

The John Tyler Thespian Society is composed of a group of students sharing a common interest in or devotion to the elusive art of acting. The ability to convincingly portray a character and make the character come alive on stage before an audience is a gift, but it requires many long hours of practice and infinite patience to be effective.

The reward for all the hours of memorizing, practice. and rehearsals is the all too brief applause of an appreciative audience. Perhaps the best reward of all is the satisfaction and immense pride in oneself that only comes from knowing that a job was well done.

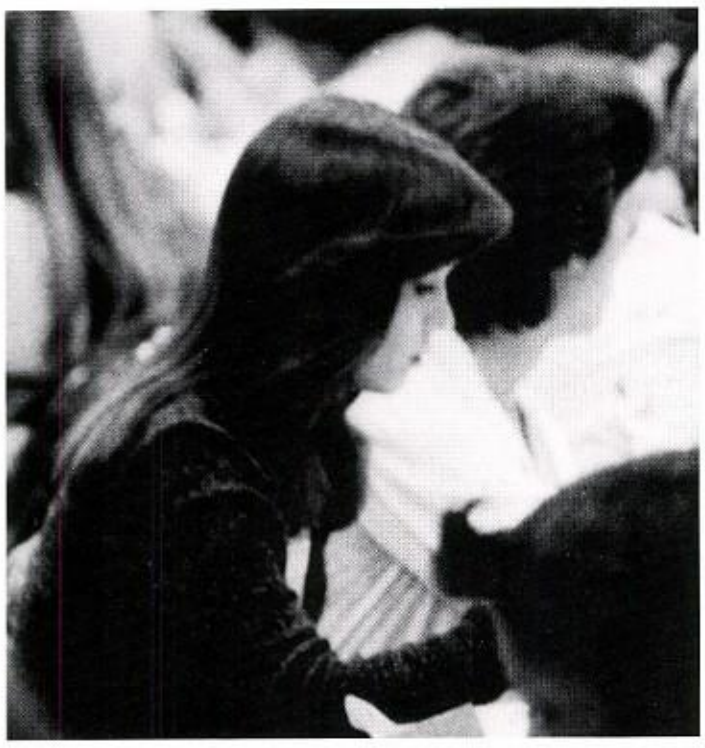
Students Learn Office Skills



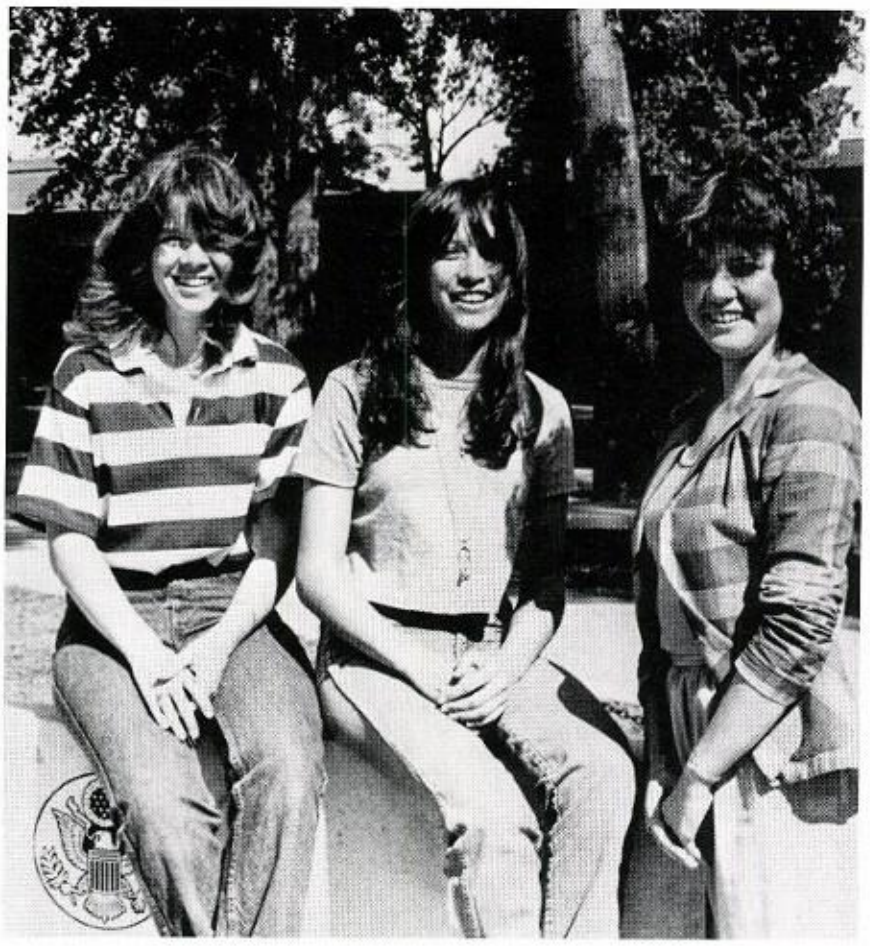
Becky Pinckard eats at the annual Vocational Educational banquet held at Harvey Hall to honor students and their employers.

"See, this is how it's done," explains Mrs. George to her junior VOE lab students.

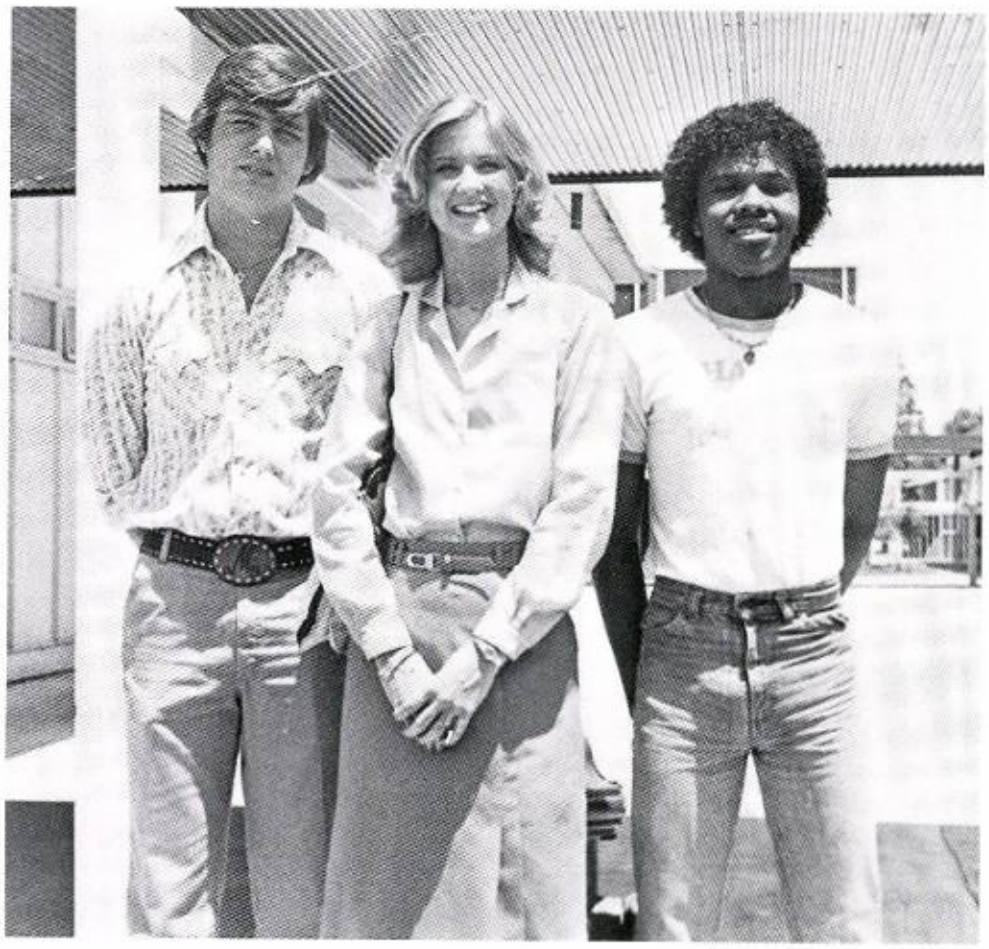
Vocational Office Education enables students to acquire a better understanding of the requirements and pressures of a career in business. VOE and OEA helps students develop the confidence and skills needed to survive in any type of office situation. Since members of VOE-OEA start practicing their office related skills, they have a better chance of securing a good steady job a lot sooner than most students.

The 1980-81 VOE-OEA officers are from left to right: Becky Pinckard, Kathey Riley, Patricia Ford, Carolyn Bell, Connie McClung, not shown Julie Reeves.

Parlez-vous francais?



Spanish Club Officers are: Maggi Hood, Secretary, Stephanie Griffith,Vice-President and Ginger McKinney, President.



German Club officers are: Marvin Seagraves President, Deborah Marcontell, secretary, Tracey Washington, Vice-President.

Do you speak French, Latin, German or Spanish? These students and many more speak a different language such as these and are a part of the Foreign Language department at JT. Foreign Language classes are a fantastic way to find out about the art, history and music of a country. The study of foreign language will increase your understanding of others and will help give you a better insight into your own language. In today's world there are many opportunities which require a foreign language. It is an advantage to the students to have the chance to take classes such as these.

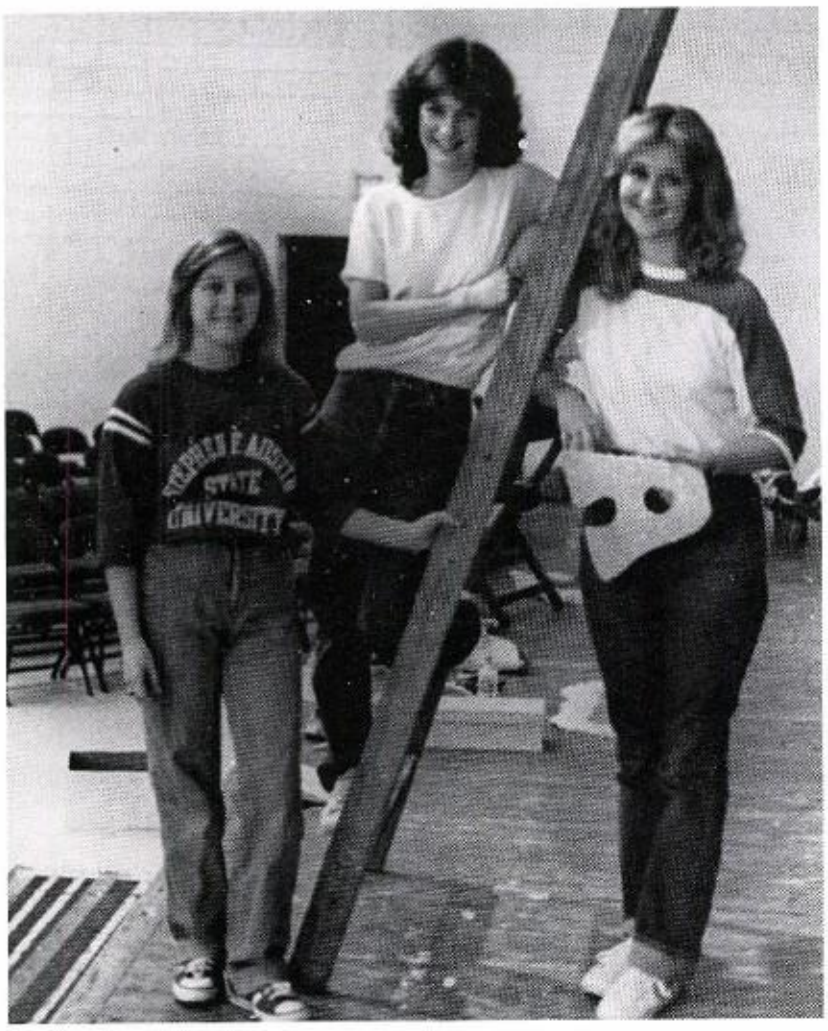
Congress In Session



Student Congress officers are: Patti Blackstock, Vice-President, Robin Womack, President, and Julie May, Secretary.

Through the quick efforts of the Student Congress our lion was temporarily replaced by Mr. and Mrs. Bob Phillips. Pictured here is Mrs. Phillips, our honored guest at the assembly following the fire.

Student Congress representatives work on plans for their next project, the Junior-Senior Prom.

Student Congress began the 1980-81 school year with a new name, a new sponsor and a bundle of new ideas. The Congress as a whole was divided up into different committees and was put to work on different student interests. They sponsored all the Soc Hops after football and basketball games, several Christmas projects, Presentation and the Junior and Senior Prom. Approximately one hundred and twenty representatives were elected through pride groups.

Health Occupations

Acquainting students with opportunities available in the field of Health Occupations and to develop desirable qualities such as leadership ability and self-confidence through club participation is the backbone of the Health Occupations Students of America. Many of the members of this club will someday become the surgeons, dentists, doctors, and nurses of tomorrow. Members also attend various conferences and contests throughout the year.

Lions Open With Win 29-22

The Lions started the season with a 29-22 thriller with Dallas Thomas Jefferson. At one point, the Lions had them to a 21-6 score, but Thomas Jefferson fought back to a 22-21 lead. Amos Oliver scored in the final minutes of the game to give the Lions the win.

In the Lions' second contest, they faced the Richardson Eagles. The Lions' defense allowed only six points and the offense ran over the Eagles with 18 points, giving the Lions their second win, with a score of 18-6.

The Lions faced the Dallas Carter Cowboys in their third game that was one filled with touchdowns for the Lions. The offense, led by Ray Jones, scored 30 points and totally exhausted the Cowboys. On the defensive side, they allowed no points and the Lions were now 3-0.

Lions Begin District With 10-7 Win

The Lions took their first district win by defeating the Lufkin Panthers, 10-7. The game was a 7-7 deadlock until the fourth quarter when Mike Williams booted the Lions to victory with a field goal.

The Lions pulled one out of the hat with a 8-7 win over the Pine Tree Pirates. The Lions, not generating any offense, were losing 7-0 until Keith Johnson ran a punt back for a touchdown. Ray Jones went over for the 2-point extra point giving the Lions the victory.

Texarkana handed the Lions their first defeat. After the first half, trailing 7-0, the Lions worked to 14-13 lead. However, with 4 seconds left in the game, Texarkana scored from the 1-yard line, giving them the win.

Lions Squeak By Marshall

The Lions squeaked by the Marshall Mavericks to raise their season record to 6-1. Marshall scored first and led by a score of 7-0 at halftime. The Lions received the kickoff and on the first play tied the game on a 44 yard run by Michael Mims. Later in the game, Jose Johnson intercepted a pass and returned it to the 5 yard line. Ray Jones ran the ball in from there and the extra point was good giving the Lions a 14-7 lead. Marshall scored again, but missed the extra point giving the Lions a 14-13 win.

The Lions faced the Nacogdoches Dragons in Rose Stadium. The Lions led the entire game and were too much for the Dragons. The Lions scored 22 points while the Dragons scored 8 for a 22-8 victory.

The Lions traveled to Longview to take on the Lobos. The Longview defense stunned the Lions' offense. Longview rolled up 21 points while the Lions scored 6. The only score for the Lions came when Keith Johnson returned a punt for a touchdown late in the fourth quarter. With the 21-6 loss, the Lions' hopes for a district crown diminished.

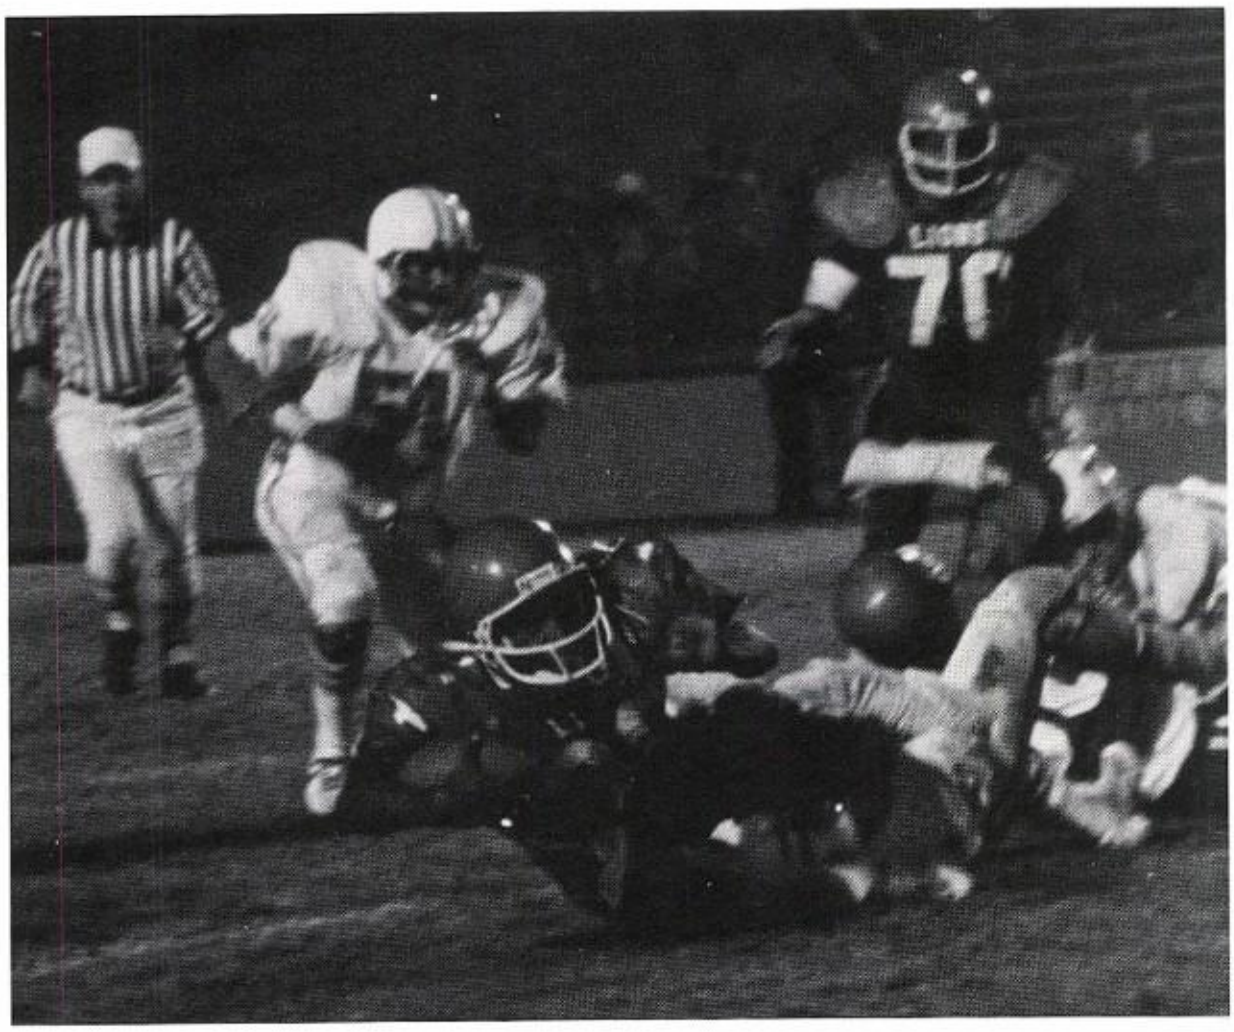
The Lion Tradition Continues On



Keith Johnson is hauled down by the Lee defense after a long run.

The Lions finished their season by playing the Robert E. Lee Red Raiders in Rose Stadium. In the first half, the Raiders scored on a 5-yard run by Kyle Medlock creating a 6-0 half-time score. In the second half the game made a complete turn around. The Lions, receiving the ball, made an impressive drive capped off by a 5-yard run by Keith Johnson. The extra point by Mike Williams gave the Lions a 7-6 lead. On the next series by the Lions, another drive was established. It ended on a 1-yard plunge by Keith Johnson. The extra point boosted the score up to 14-6. Keith Johnson added another touchdown in the fourth quarter and he had a 56-yard run called back. The final score was 20-6. The tradition carries on!

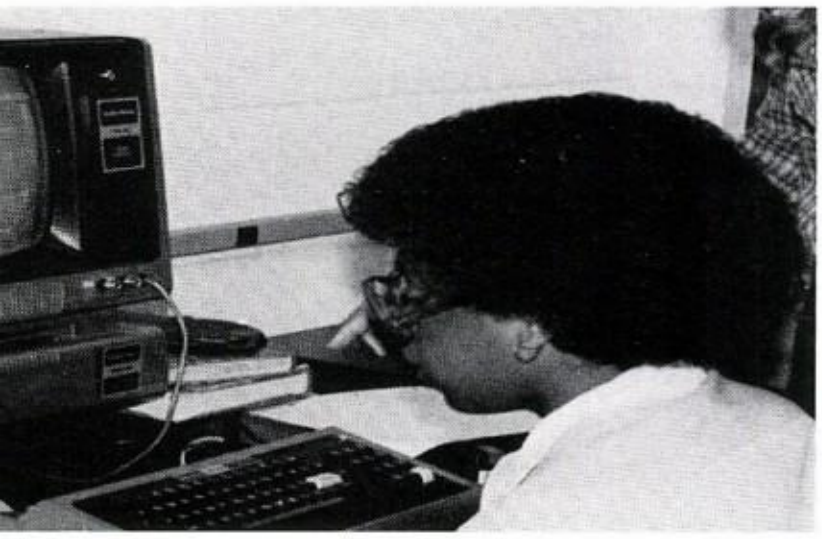
s Count On Numbers



rd, Junior, works with the computer.

In math, students tried to figure out problems in algebra, I, II, geometry, trigonometry, computer math, and analysis. The teachers knew how to make the students think and learn without too much difficulty. The classes were not always so "plane" easy, although the grades were not so bad. Students' participation was encouraged to maintain a proper balance between theory and practical applications. They strengthened their mathematical skills and acquired facility in their applications of earning, spending, borrowing, and investing money.

Knowing and learning the finer points of the English language were the goals set by John Tyler teachers and fulfilled by the students. The students were prepared for their future careers by using proper language. A variety of activities to interest the English students were used. According to their individual abilities, honors, regular, and basic classes were offered.

Students Learn of Past and Present

Activities that require student involvement were planned in the World History and Government classes. History and literature of different historical periods were studied. Speakers were invited in to help students gain an understanding of presidential elections and State Legislature. Selected students were invited to participate in Youth in Government. Learning past culture of the ancient world helped students to have a better understanding of present-day culture.

Students Experiment

Learning basic science and experimenting was the objective of the John Tyler science classes. The Biology, Chemistry and Physics classes studied lab sessions, theories, and research. Biology students were concerned with the structure and environment of living things. Students taking Chemistry were directed in the study of chemical reactions and natural elements. Physics included mass, weight and speed.

Lift Up Your Voice And Sing

The Concert Choir of John Tyler High School had a very interesting and busy year. They participated in all U.I.L. and T.M.E.A. sponsored events, including the hosting of All-Region choir auditions held at John Tyler. Christmas meant the performing of many concerts but Spring brought participation in U.I.L. concert and sightreading contest held at Tyler Junior College. The Concert Choir was invited to the Southwest Choral Festival in Galveston. The Sophomore and Freshman Choirs performed in training for the Concert Choir. They also presented several concerts and participated in many competitions.

The catogories in which the debaters took part were cross examination, standard debate, Lincoln-Douglas, persuasive, impromtu and oratory speaking. In honor of the outstanding debater Donnie Jones, the JT debate team put together a scholarship to award to a senior that has achieved high honors in debate. This year's recipient was Patricia Lee.

Students Prepare to Enter the World of Business

Lucretia McGines, sophomore, has no trouble mastering her times writing.

Finding any mistakes, junior, Betty Parker?

Gwyn Caffrey, junior, concentrates.

John Tyler housed many business classes to develop office skills. On the other hand, what students learned they will use in everyday life. Typing not only offered students the opportunity to acquire a skill needed for college and many careers, but exposed them to the frustration of tedious work. Some students, interested in secretarial work, learned to write in shorthand. Accounting helped students understand the mechanics of a corporation and how to keep records of the most important asset of any business or home—money.

Students Learn Journalism Skills

Journalism I students learned to interview, write stories, headlines, and cutlines, during the year. Interviewing friends for features was easier than talking to "strangers" they found out, but after a few attempts most felt comfortable getting information from students, teachers, or advertisers. Each time the Lions' Tale came out the students competed for Mrs. Rushing's coveted salesmanship award certificates Calvin Devereaux and Tammy Parsons won the certificates several times each. Students who successfully complete Journalism I are eligible to be on the Lions' Tale staff the next year.

Only one student had previous experience on the newspaper when school began. But everyone learned in a hurry how to meet deadlines, get enough ads, and layout pages. The staff published eleven issues including one special edition with the Robert E. Lee staff of the Southern Accent immediately after the fire in February. Being able to interview, write stories, take pictures, and print them, sell ads, layout pages and publish a quality issue each time took lots of work, but from the typesetter to the photographer each student did the job assigned well.

School Historians– The Alcalde Staff

The Alcalde staff entered the year with an inexperienced staff having only three students to return. After learning the basics of Journalism skills, the staff set forth to meet its three major deadlines. Tradition was at heart when theme, art work, and cover design were decided. The year was a long hard struggle, especially after the fire. Even though the Alcalde was saved, shortened class periods made it seem that the book would never be completed. When the last few pages were finally mailed to the publisher, the staff sighed with relief and hoped the many hours of hard work would render a successful yearbook.

Dramatists Get Into the Act

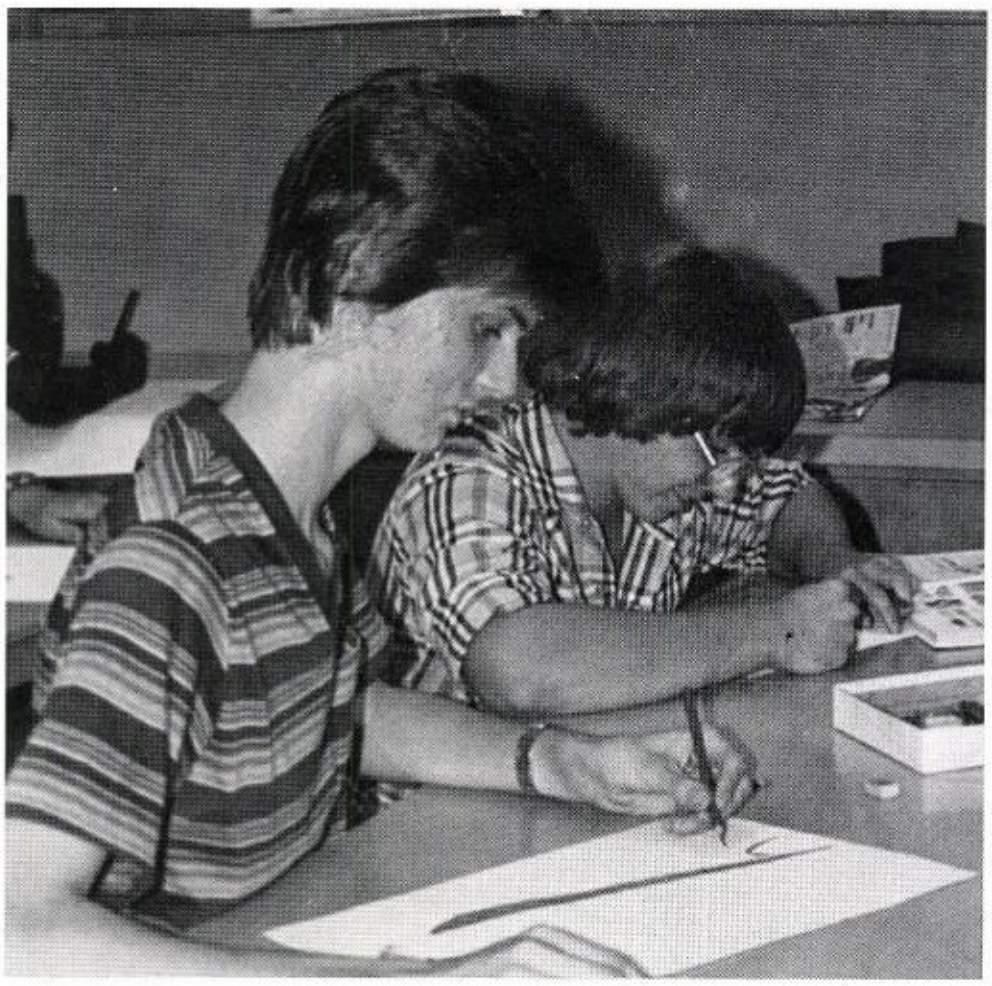
Drama classes would not exist at John Tyler if it weren't for many students who share a common interest in the various aspects of dramatic production. The ability to portray a character convincingly is a gift, but it takes long hours of practice to perfect, and to undertake a play production is a colossal task. It requires many days of careful thought and preparation, making props, worrying with lights and makeup, memorizing lines and practice, practice, practice. This year our drama classes performed three one-act plays entitled "The Wild Flowering of Chastity", "The Diary of Adam and Eve", and "Eden Echo". With all the activities centered around the play, students still found time to attend contests. At the UIL district 15AAAAA meet Wendy Montgomery and Deborah Johnson made the finals in prose interpretation and Roger Pharr placed third in the same category. At Highland Park in Dallas Roger Pharr once again placed third in prose interpretation. At Lindale Roger Pharr and Suzanne Stroud placed second in duet acting and Charlotte Coats placed second in prose interpretation. Drama classes are taught by Mrs. Helen Jack.

Roger Pharr, Rhonda Ashton, Steve Estes, and Suzanne Stroud, Seniors, rehearse for the one-act play, "The Glass Menagerie".

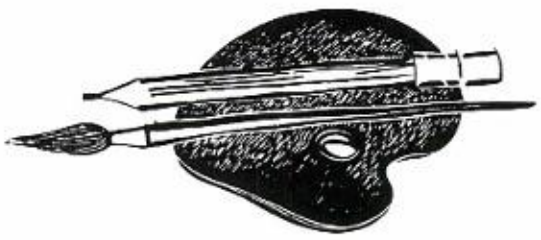
Future Artists

Students that took Arts and Crafts explored the areas of sculpture and painting. Creativity, imagination, originality, and interpretation highlighted the Art Department at John Tyler. Students in Art set high goals to be reached, and advanced their knowledge of art. Most of the students enjoyed art to express themselves in many ways by learning to use the different materials. Students that were out to reach their goal in Art, joined the Art Club. Working with oils, water colors, and acrylics were some many ways of using the skills of art.

Paul Devereaux, Senior, uses correct Art technique.



Robert Grimes, Sophomore, sketches in Art.



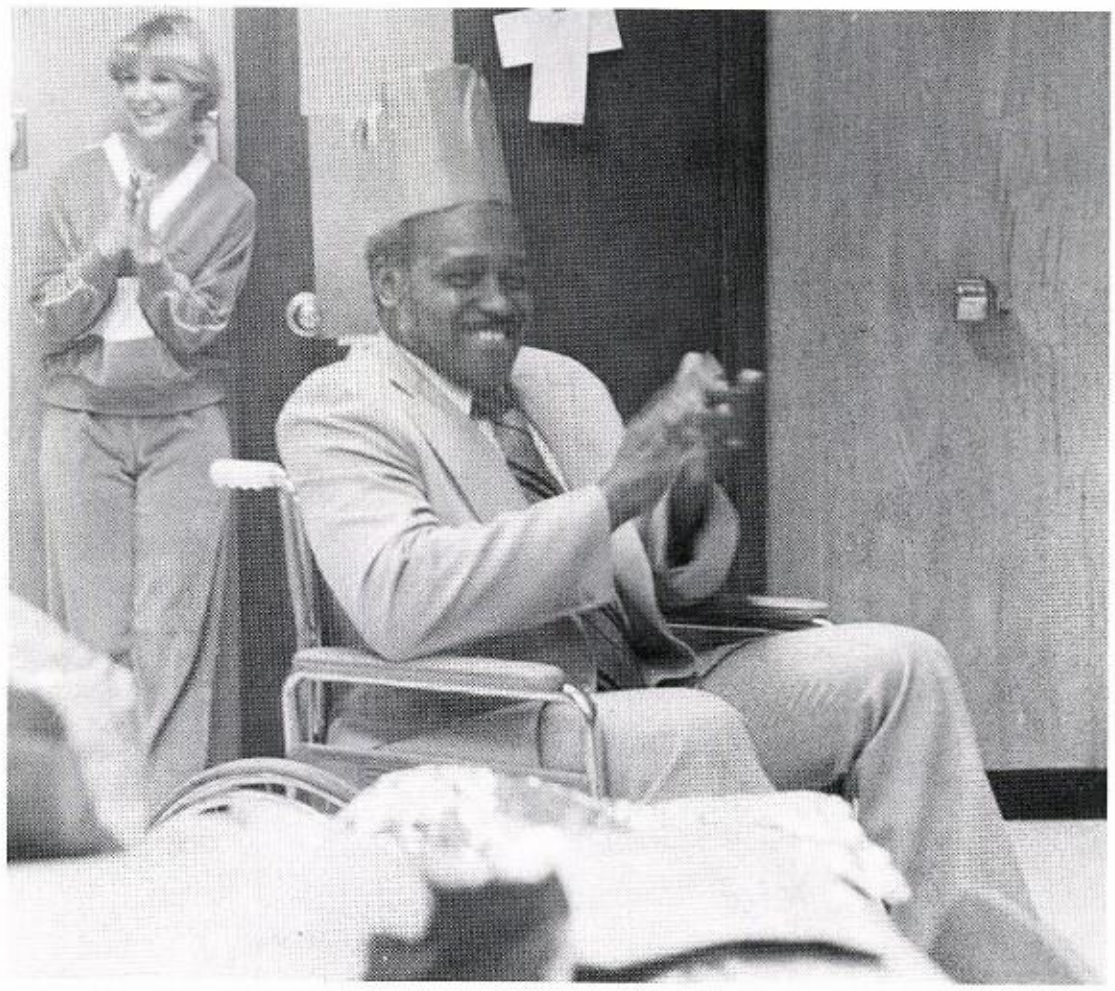
Art Award Winners are from left to right: Walter McDaniel—PTA cultural arts district winner, Cynthia Ashley—Senior portfolio top ten district competition and state honorable mention, Chuck Hall (and not pictured Gloria Taxon)—represented Tyler in State Rotunda in Austin.

Students not only learned the basics of painting, drawing, and craft work, but they also entered many contests during the course of the year. Art II students began by entering the Fire Prevention poster contest for cash prize awards. Art IV senior students began working on their portfolios for the Kilgore College Art Symposium. Senior students from all over region VII competed for recognition and a $1,000 scholarship. During the Spring students entered the Blood Drive poster contest sponsored by the Stewart Blood Center. Students competed for cash prizes. March was Youth Art Month and High School students were selected to send their work to the Capital Building in Austin for display and Statewide recognition.

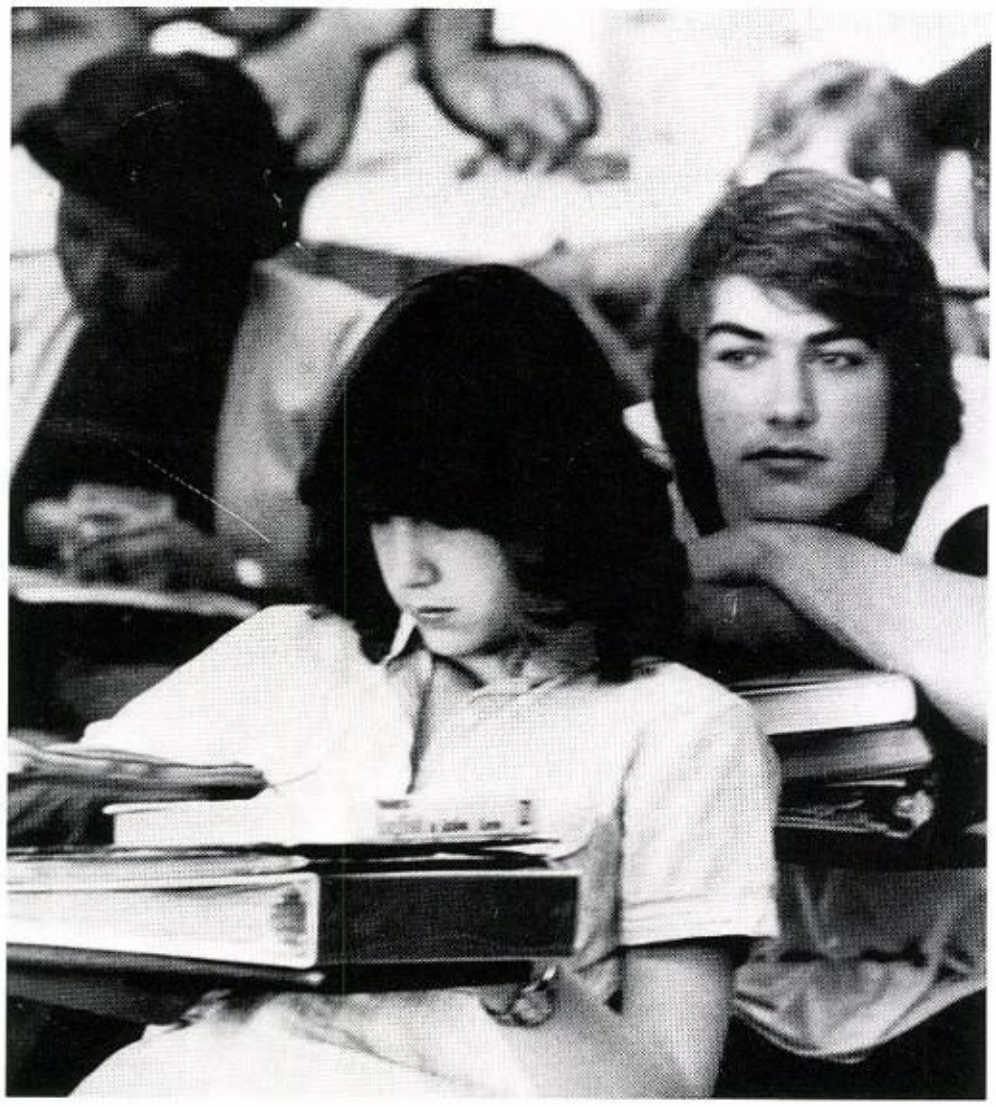
Latonya Gunter busily paints the sign in front of John Tyler as a part of an art project on school improvement.

Lions Speak Up

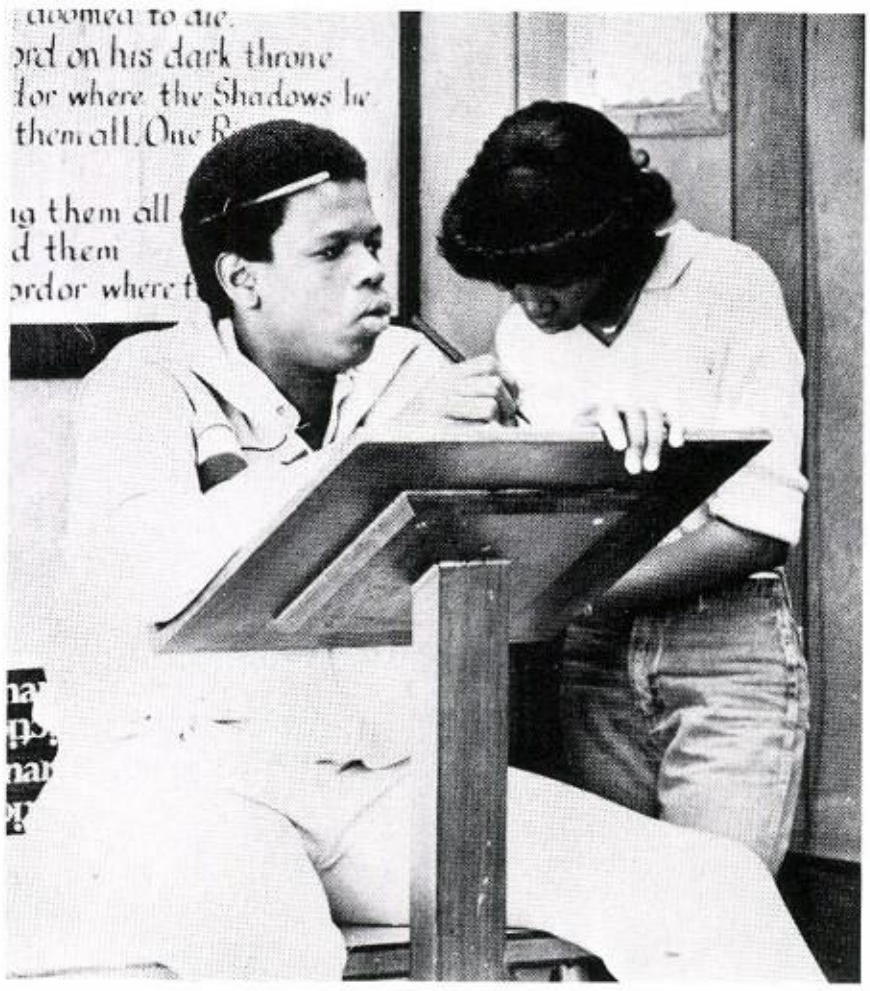
Speech students learned to have poise and control in public speaking. They were also instructed how to use such things as parliamentary procedure, discussion, and interpretations were important elements of speaking. Students tried to overcome the frightening experience of speaking before a crowd and the writing of a speech. They wrote speeches in different categories ranging from impromptu to persuasive, which covered many topics.



Assistant Principal Charles Craddock was surprised with a birthday party by speech students who honored his "ancient" age.



Suanna Neill, Junior, reads a book, while Jackie Weaver, Junior, daydreams during Speech.

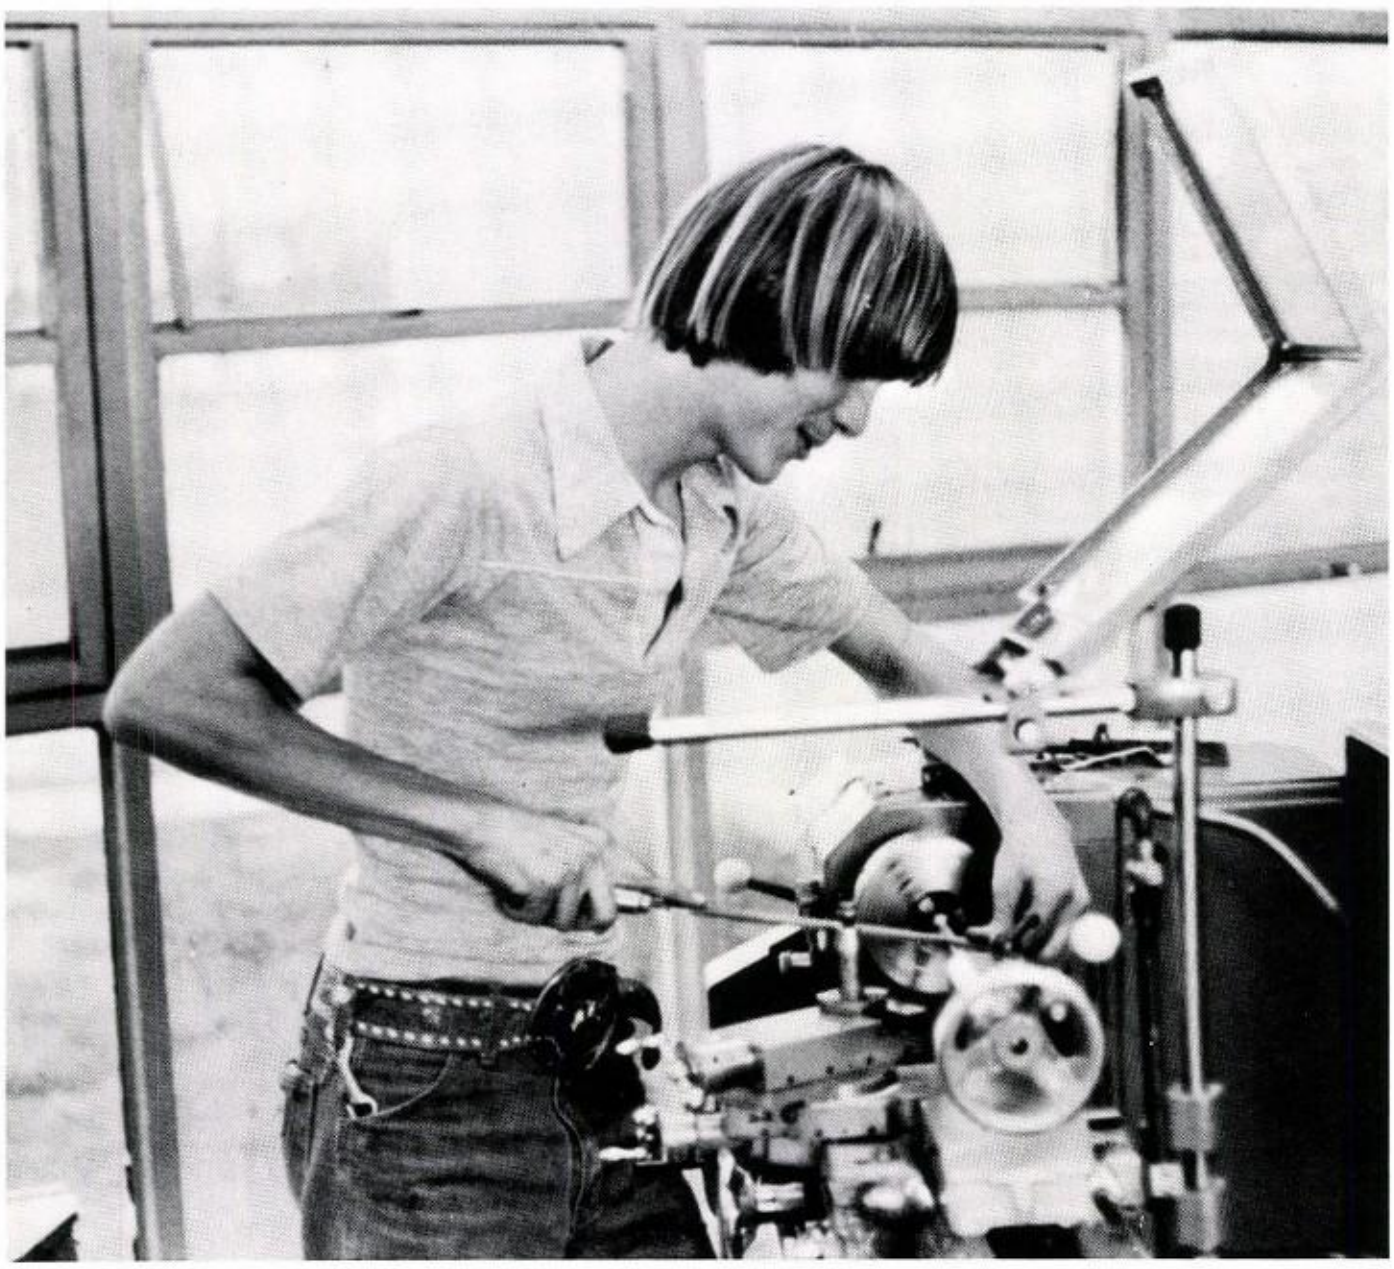


Don Thompson, Junior, studies about his speech.

Cooling Off

In air conditioning students learned how to repair air conditioners, refrigerators, ice machines, and freezers as well as learned how to work on wall and floor furnaces and other heating units. They studied all the parts, learned to put freon into the coils, and had "hands on" experience in the class. Air conditioning is a two year course of three periods per day. When students have successfully completed the course they can work as an apprentice.

Henry Hudson drills into an air conditioner.

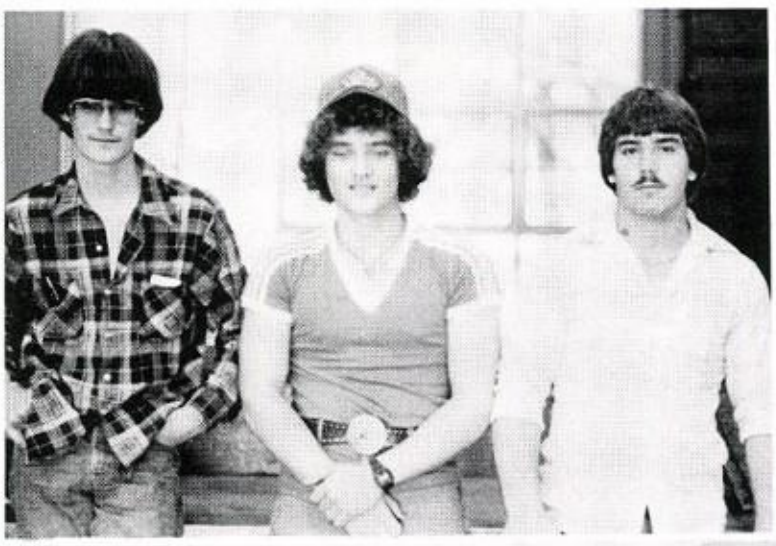


Don Basset files down a long screwdriver for class.

They Get It In Gear

Auto Mechanices students repaired and rebuilt engines, radiators, and transmissions. This year they went to Sherman for district contest and officer elections, and Fort Worth for a state contest. They also repaired a Van for the Boys Club Community projects.

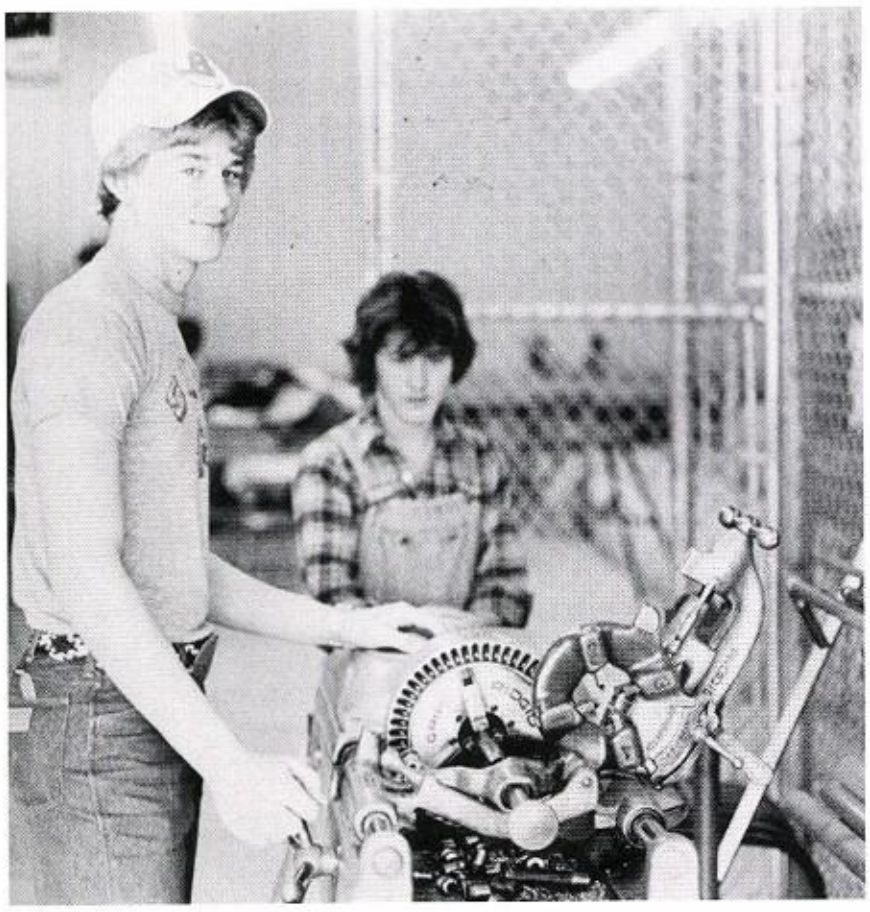
Reginald Battles, Junior, and Gary Mayfield, Junior, attach engine parts.



Auto Mechanics officers are Vice President Kent Rocha, President Dewayne Carter and Treasurer Monty Clemons.

Kenneth Thomas, Junior, Michael Jasper, Junior, and Kevin Brungot, Junior, check the engine.

Plumbing Students Get Many Hours Practice



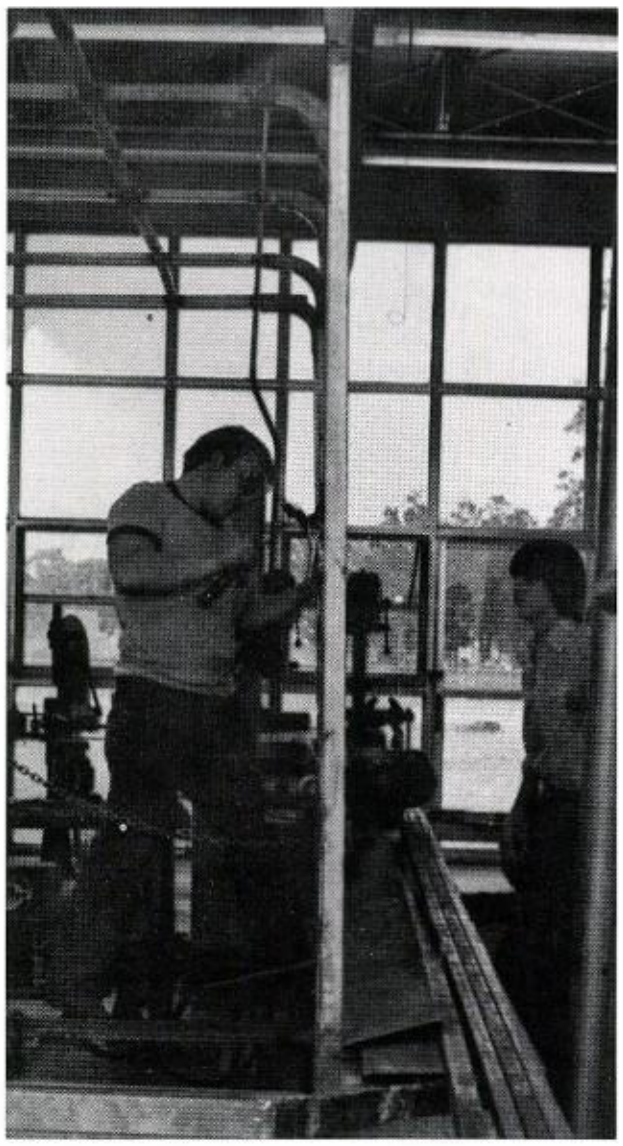
Juniors Clifton Stidham and Johnny Phillips screw up the gripper.

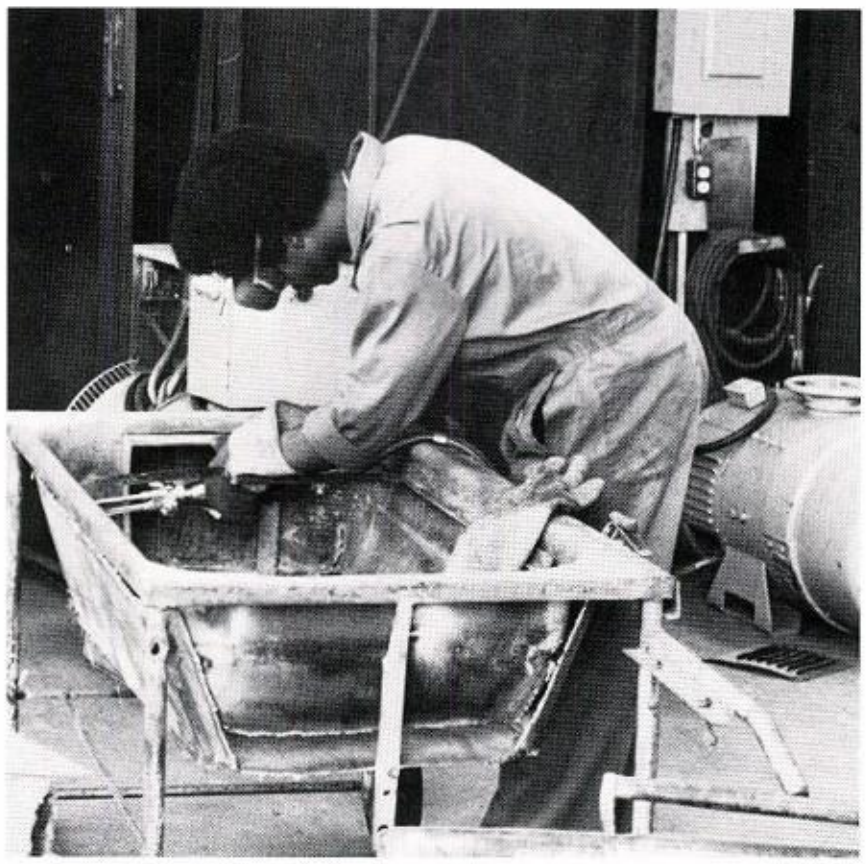
The plumbing students assemble, install and repair pipes, fittings and fixtures of heating water and drainage systems, according to specifications and plumbing codes. The students study building plans and working drawings to determine work aids and sequence of installations, cut and threads pipe, using pipe cutters, cutting torch and pipe threading machine. They also assemble and install valves, pipefittings and pipe composed of metal such as iron, steel, brass and lead pipe systems with water or air and read pressure to gauge whether a system is leaking, install and repair plumbing fixtures, such as sinks, commodes, bathtubs, and water heaters.

Junior officers are Mickey Marrow, Duane Bingham and Brian Freeman.

Juniors Brian Freeman and James Durham unstop the clog.

Metal Trades Students Learn Machines





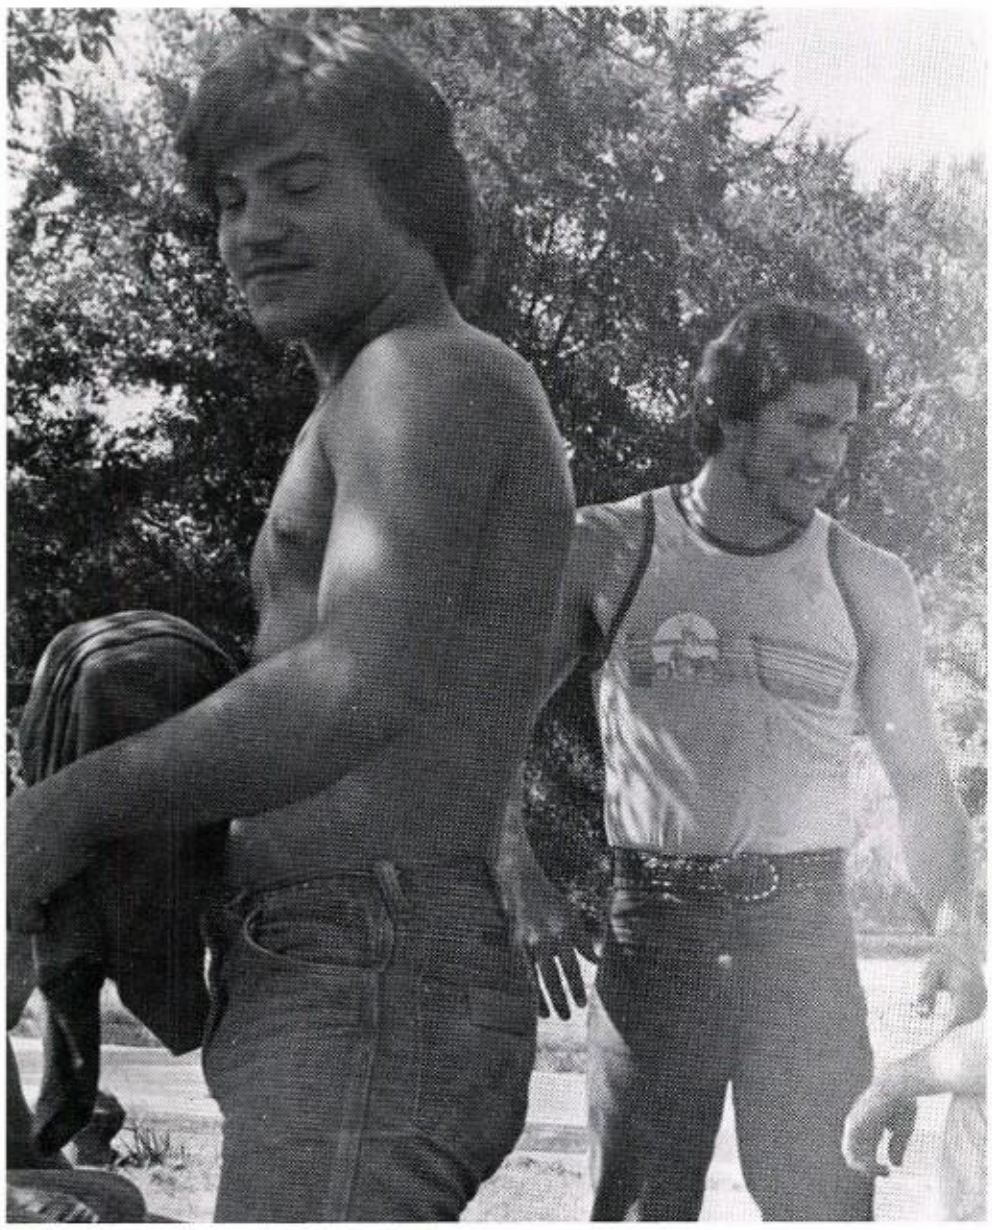
Above: Student welds during class.

Left: Gary Hannah, Junior, bangs out the bumps.

This year the Metal Trades classes started out on different kinds of machines, such as latap, drill press and shavers. They also went on field trips to such places as General Electric, Neckover Trailer, Dearborn Brass, McEvoy. Students built lawn mower and flat bottom trailers. At the end of the year they attended a field trip to Dallas.

David Booth, Senior, and Kenny Barkhammer, Junior, watch while a student welds.

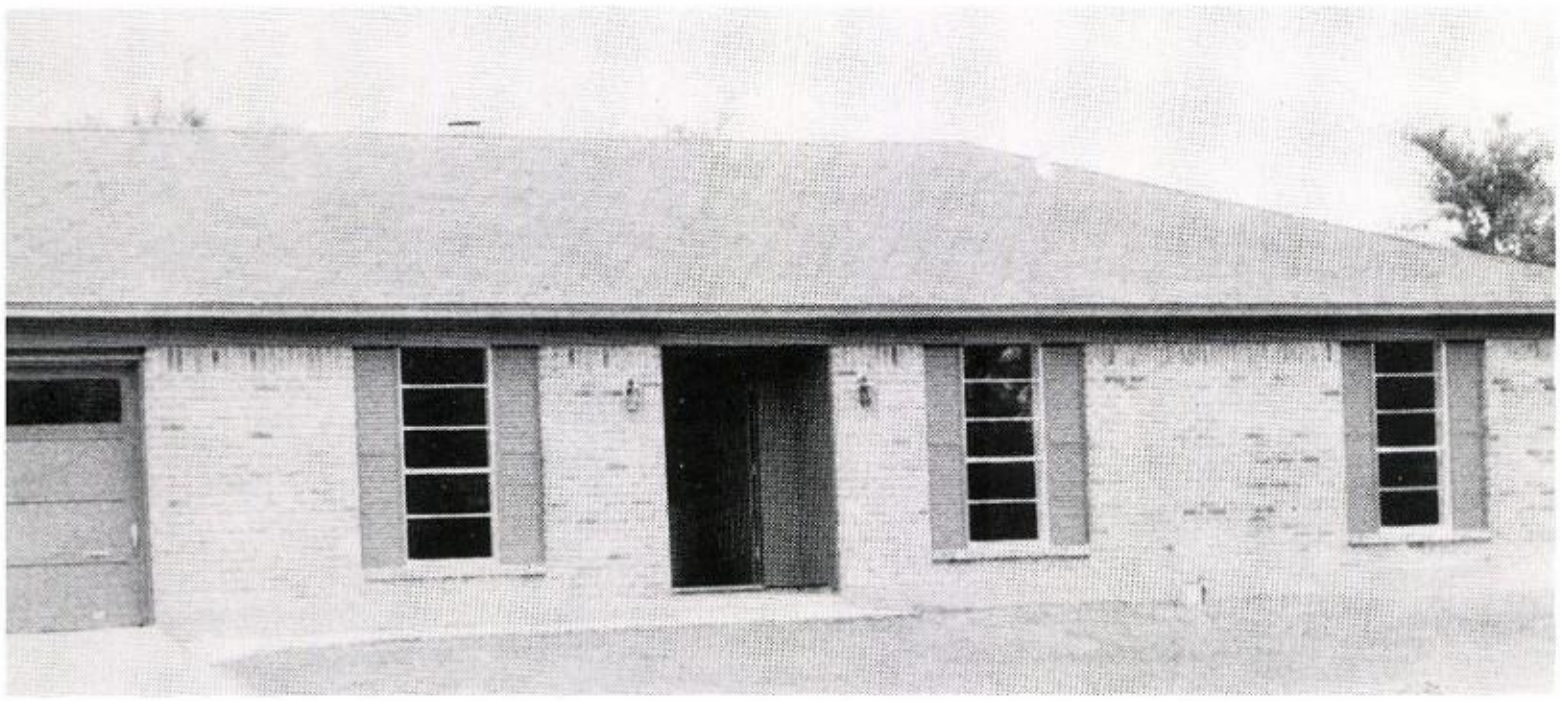
This Is The House That JT Built



Scott Coffer and Philip Arnold, Senior, take a break during construction.

Building Trades students work on curing the cement.

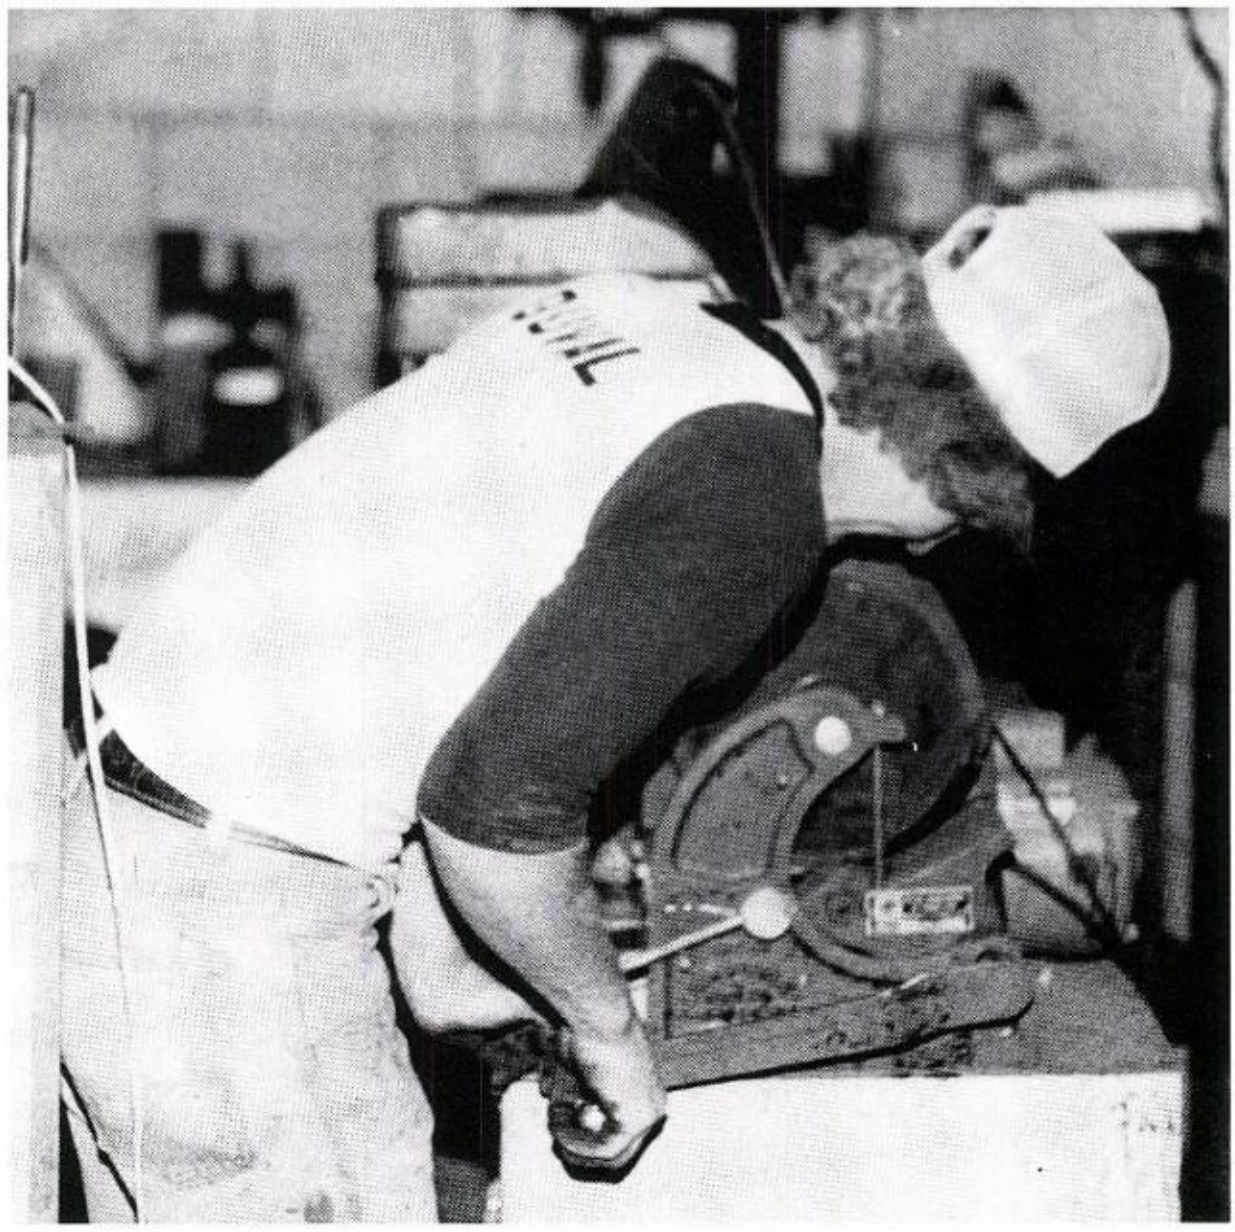
The Building trades students built a house on 2409 North Confederate. The year long project enabled its builders to gain first hand experience at carpentry. Only advanced students were eligible to participate. Other trade classes added parts to the house such as Plumbing, Air Conditioning, Ag, and Homemaking.



This is the three bedroom house with wood burning fireplace in the large living area built by the Building Trade classes.

ICT On the Job

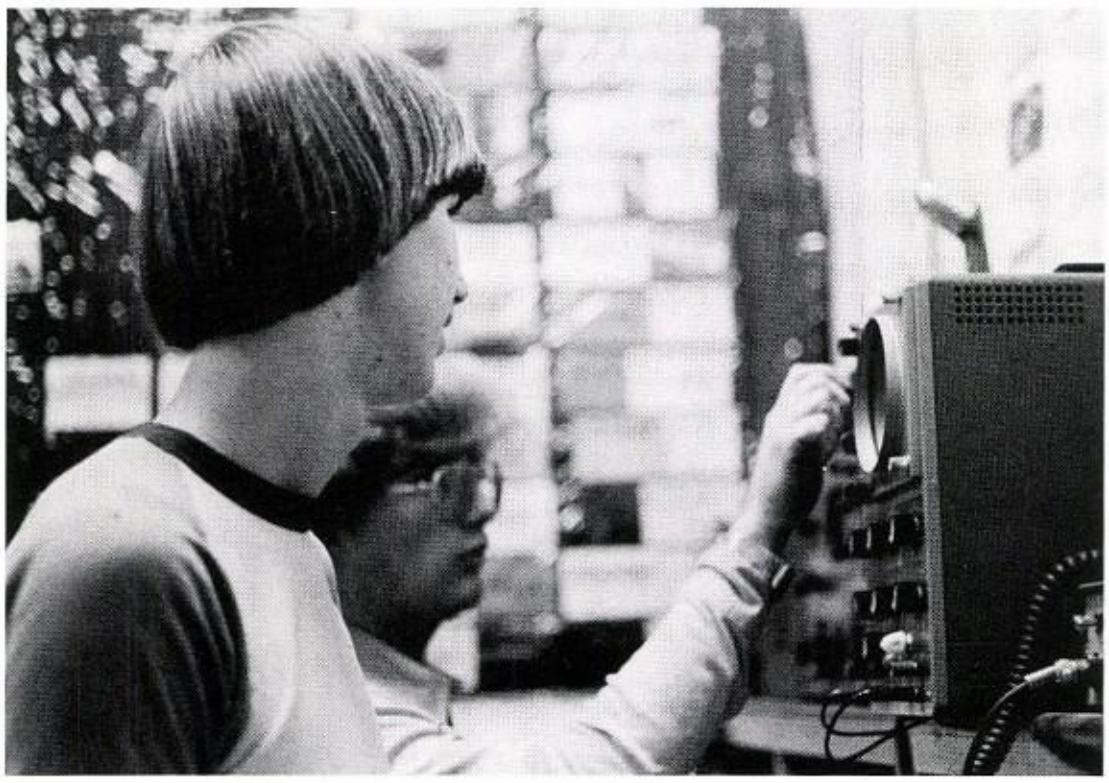
Industrial Cooperative Training was a useful class where students enrolled in classes half a day and worked on the job half a day. The teacher helps find jobs or the student can find his own and make sure it fits in the ICT area. Many of the jobs are considered "hazardous" by the government including machine shop, auto mechanics, plumbing, painters, and air conditioning repair. ICT students were some of the instigators of the Employer Appreciation Banquet held at Harvey Hall for approximately 500 employers and employees. They also donated $200 to the Restoration Committee to help pay for a new lion for John Tyler.



Scott Duval, senior, works in his ICT machine shop job.

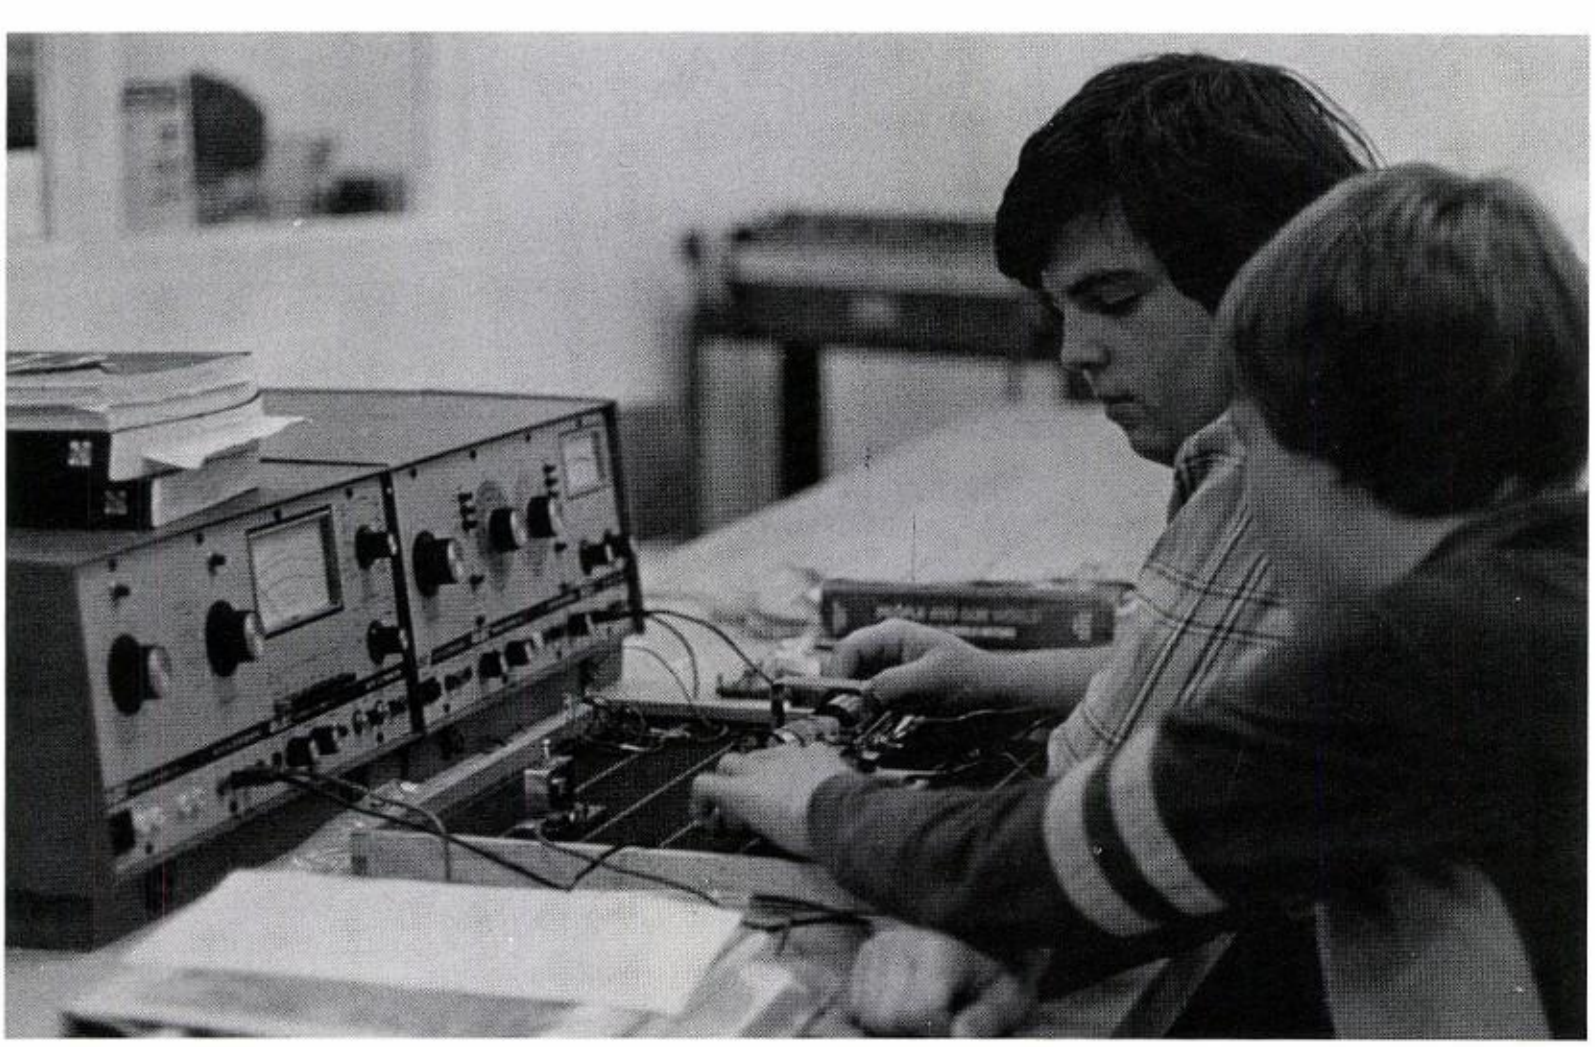
Brad Roberts, senior, introduces special guests at the Employer Appreciation Banquet.

Students Experiment With Electricity



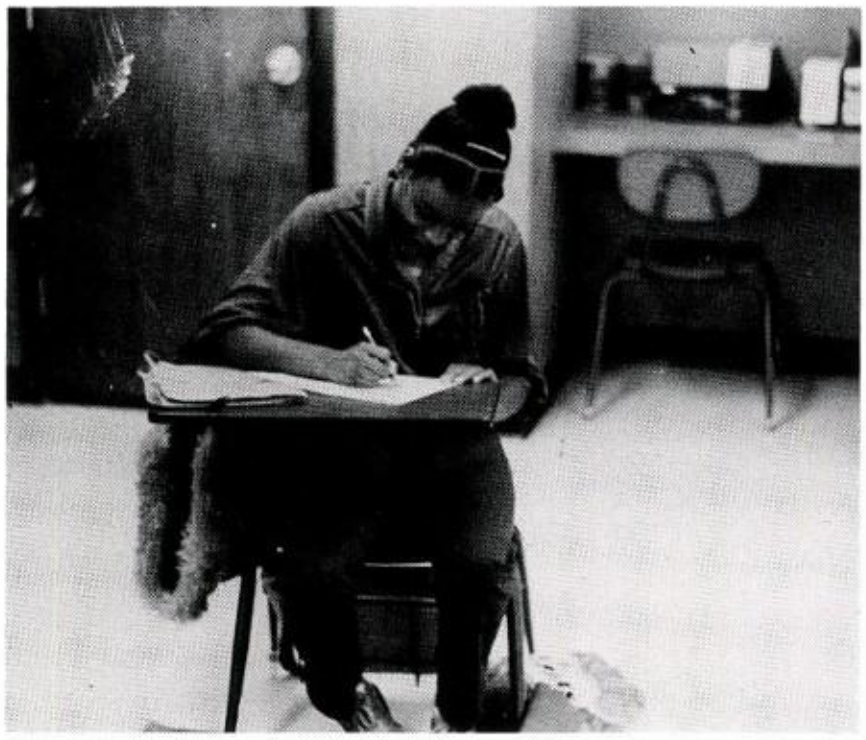
Seniors Don Debenport and Bruce Burnham work on a radio in Electricity.

Students gained much interest in Electricity. Teachers used such things as experiments, projects, and textbooks to involve students in learning the study of house and automobile electrical wiring systems. Students covered the basic structures and functions of such devices as televisions, radios, and stereos. The course enabled students to briefly touch each aspect of electronics and to prepare students for further study of Electricity. Students were also able to take wood shop this year. There were projects to keep the students occupied. The students practiced rules of safety so no one would get seriously injured. The projects were graded.

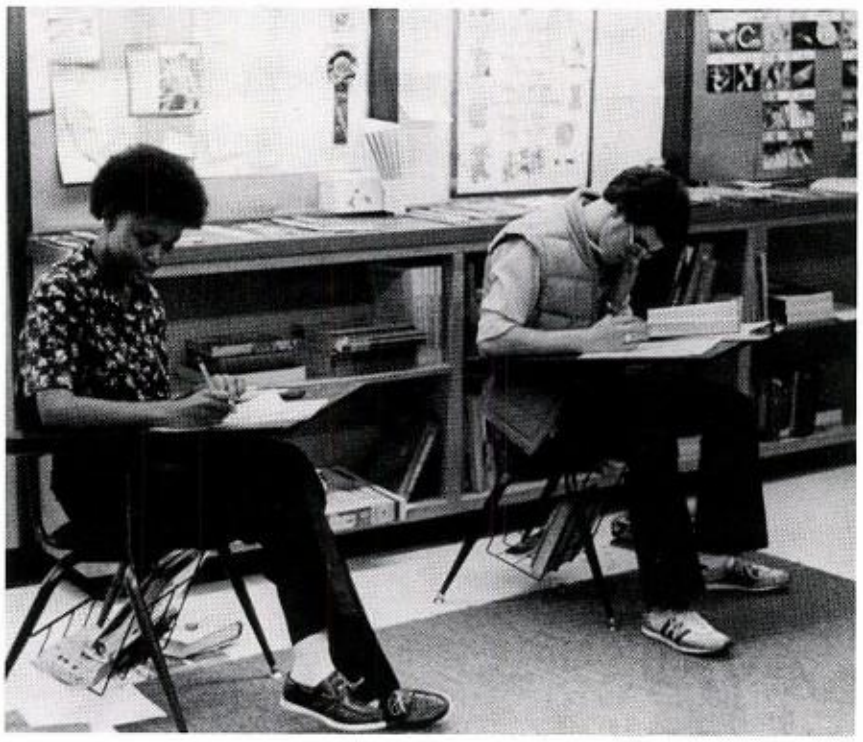


Danny Warren, Sophomore, and Glenn Adams, Freshman, work with electronics.

Lions 'Sign' in Deaf Education



Cynthia Gipson, sophomore, steadily works on her class work.



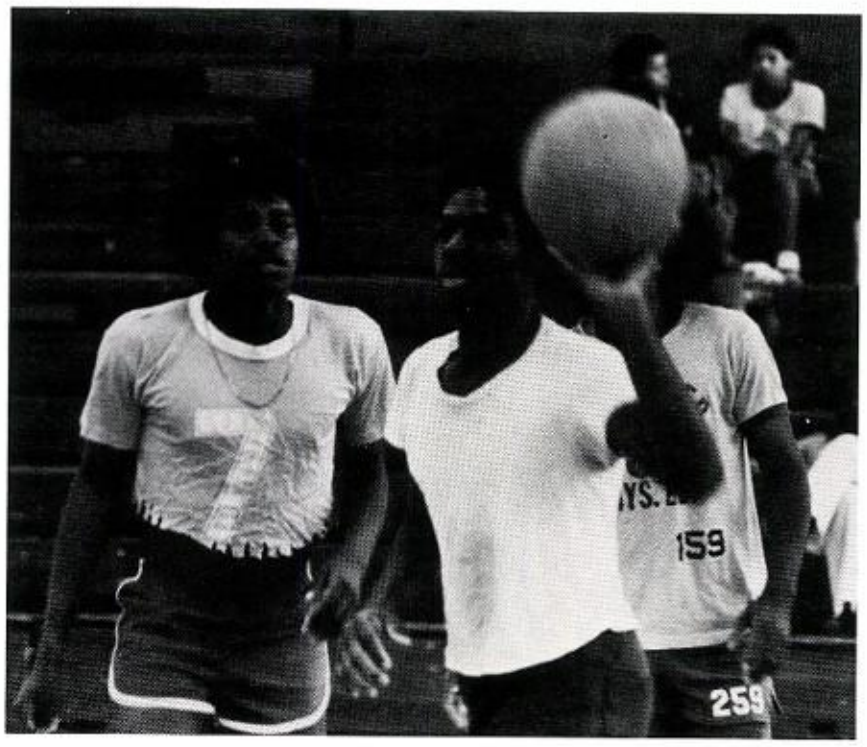
Annie Browning and Pete Dugger, sophomores, concentrate deeply on their assignment.

The Deaf Education class enjoyed touring many places this year. Besides visiting classes such as Auto Mechanics and Biology, the students had the opportunity to see the Up With People concert. Many students in the Deaf Education class not only visited, but are enrolled in various English, Math, and Science classes.

Gina Patterson relates her message to Mrs. Betty Fielder through sign language.

P.E. Provides Leisure Time

Nancy Brungot and Marci Henry take time out of the activities to pose for the camera.



Travis McGee works on his basketball skills during this class period.

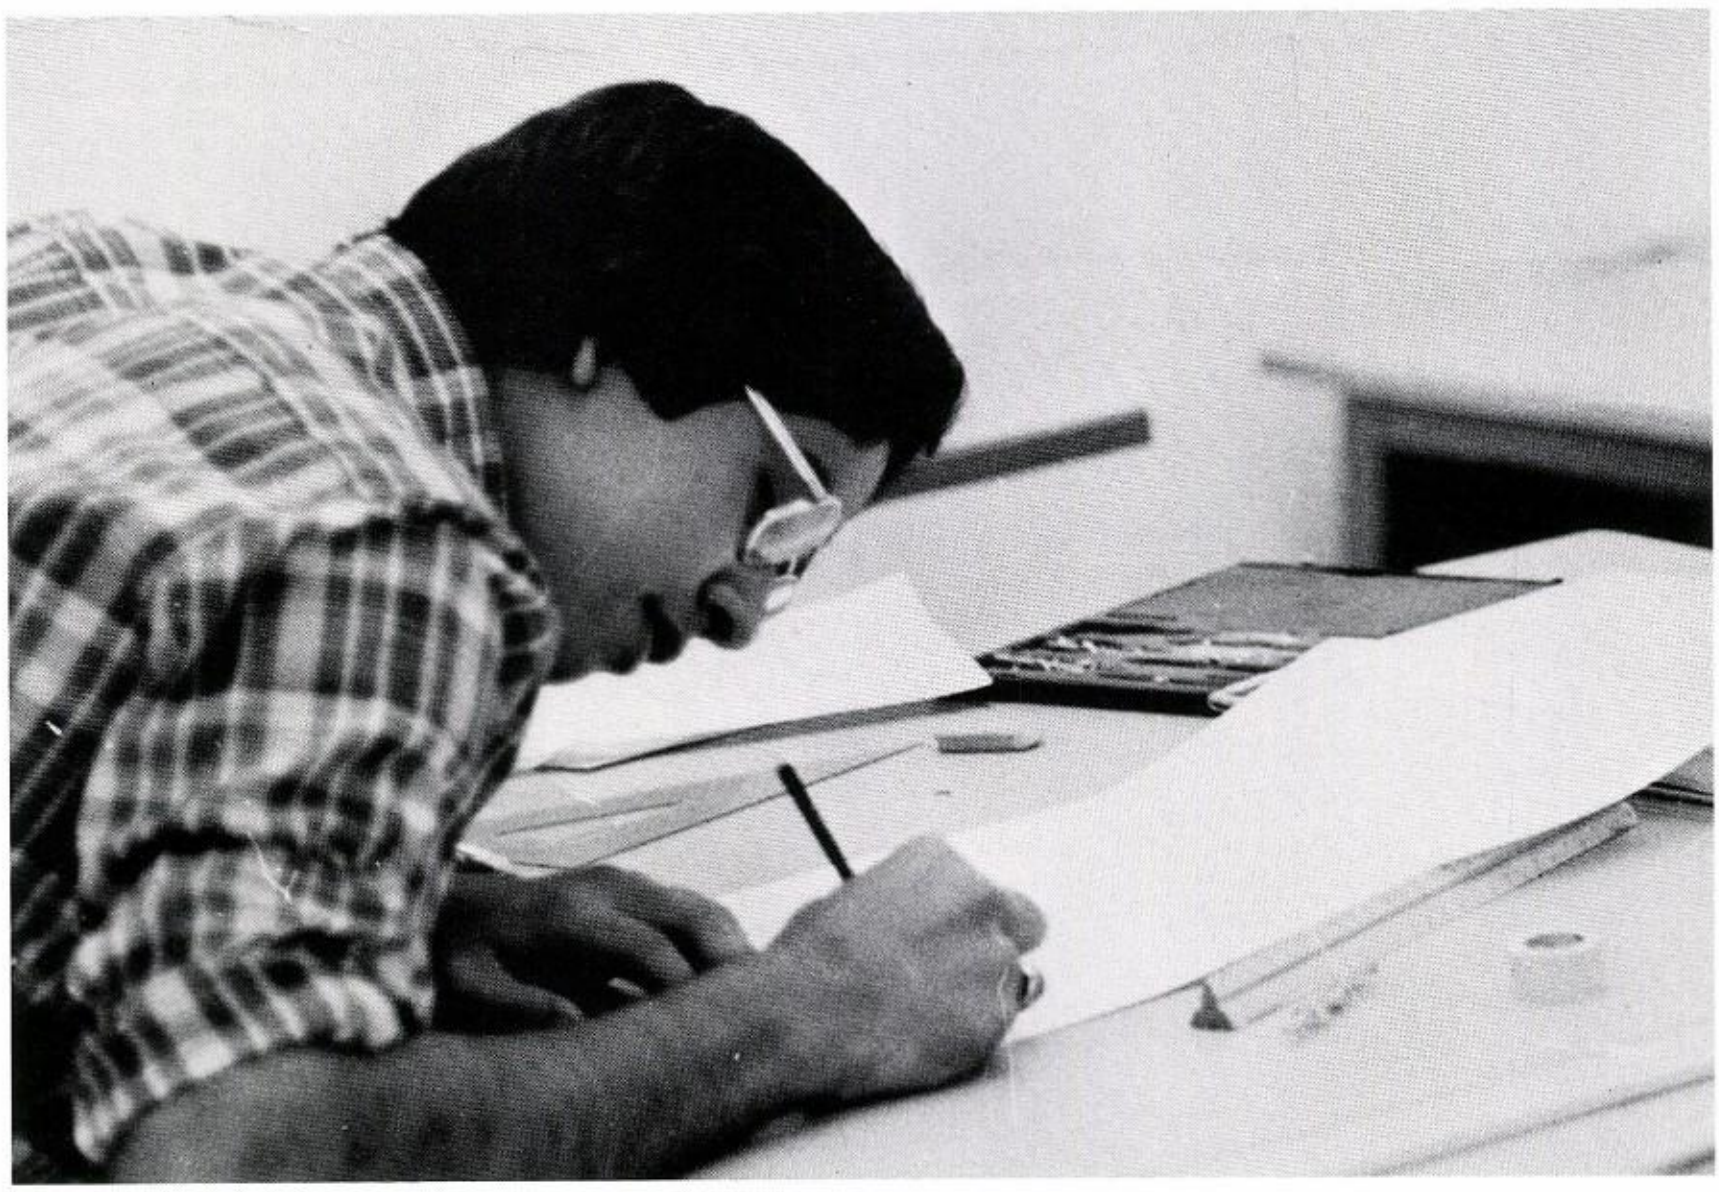
Melissa Bell demonstrates the none physical side of P.E., ping-pong.

Physical Education is required for all students. This class or an equivalent to physical education must be taken at least three years. Among the activities they take part in during the school year are basketball, baseball, track, volleyball and ping-pong.

Planning and Designing For the Future

Drafting is a step by step process. In the beginning students are taught how to make designs that have three-dimensional positions. They not only have to draw them but most supply explicit instruction by which to make them. The next step is the architectural phase where students become involved in putting their knowledge of dimensions to use. This is where the basics of house designing are first acquired. In the third year class of drafting, each student must make a house plan of his own. From those submitted one house is selected for the building trade classes to construct.

Steve Davis's house plan was chosen for the building trades house of 1981-82 school year.



Sonny Monteagud works hard on his plans for the future.

JT Agricultural Experts

The 1980-81 FFA officers were from left to right: Wendy Watson, David Dumas, Donald Dudley, Randy Conner, Carl Thompson, and Steve Walker.

John Tyler students learned many aspects of agriculture and farm management. The future farmers discovered when to plant and how to harvest food. Raising and caring for livestock was a main topic of study, because no farm is complete without animals. Ag projects, ranging from small plants to large animals, helped students learn by doing. Agricultural students also had the option of joining Future Farmers of America, which enabled them to obtain the true mark of an Ag student—the FFA jacket.

Stuart Suggs proudly shows off his Ag project.

Homemakers Iron Out Varied Problems

Homemaking classes enjoyed exploring subjects of home-management, interior decorating, cooking, first aid and sewing. The senior students were responsible for decorating the house built by the Building Trade classes. Special activities were conducted throughout the year by the students. Classes that were offered to all students were: Homemaking I-III, Home Management, Home Furnishings, Home Life, Child Development, and Consumer Education.

Jackie Harper, Senior, and Karen Hutchins, Senior, look on while waiting to be served.

Ervin Moffit, Junior, stitches his material.

Freshman Marcus Johnigan irons wrinkles out of a pattern.

Housing Students Furnish Complete Building Trades House

The students involved in the housing course at JT put their ideas and dreams into decorating the building trades house. It is a project that is gradually worked on throughout the year by the students and is brought together when they design the interior of the house. All the furnishings and supplies were loaned to the students by various businesses of Tyler.

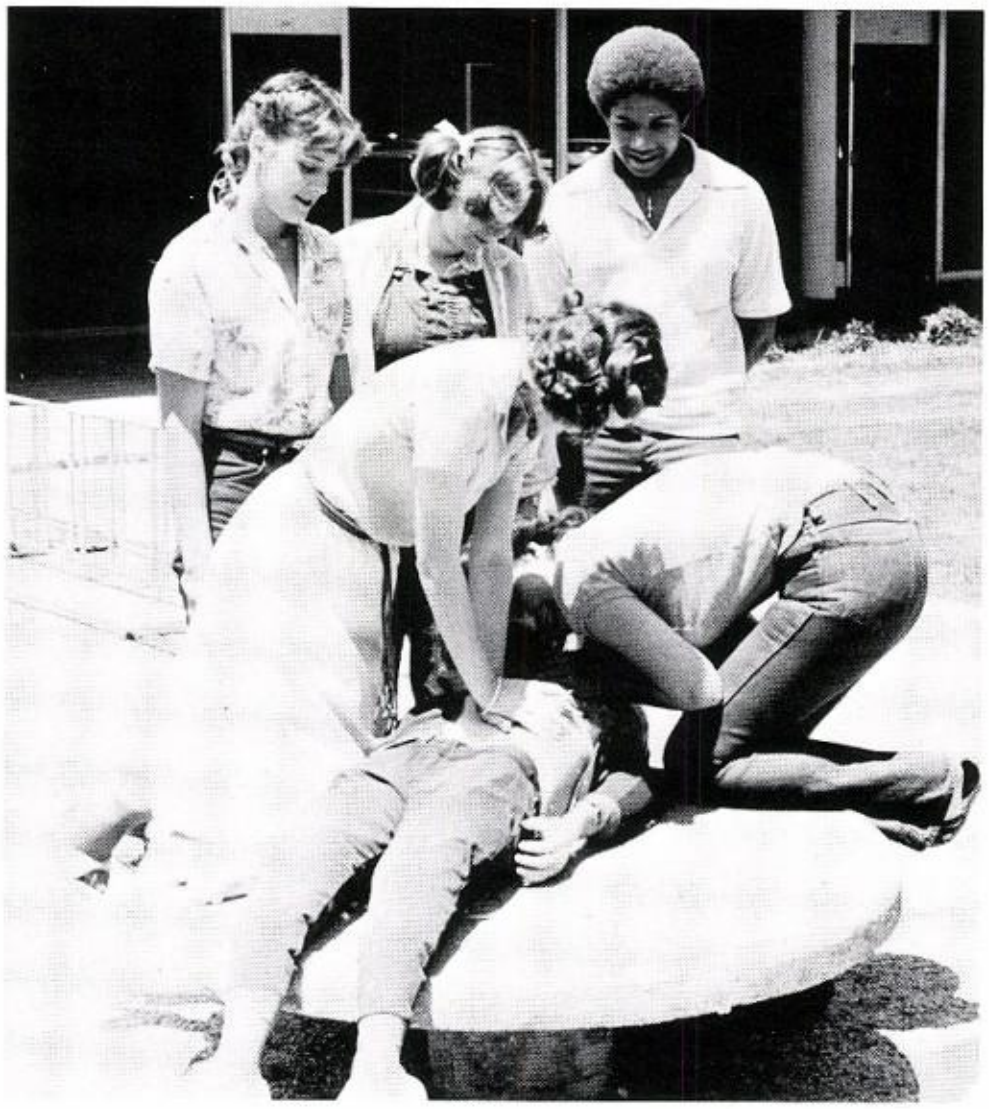
Designing the bedroom is the job of Darlene Bramlett, Twyla Milliorn and Crystal Starnes.

Marlon Martin and Roderic Russeau use their talents in decorating the boys' room.

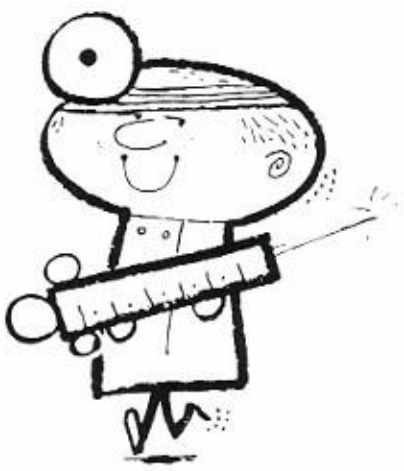
Patti Miller discusses the advantages of having a housing program.

Peeping into the oven is Darlina Hooker.

Healthy Minds Healthy Bodies



Health students were instructed to use first aid and C.P.R. in case of any accidents. Nutrition was also taught to keep their body healthy. They were taught about the usage of drugs and alcohol. The teachers also touched on mental health and personal appearance.



Glamour Is Part Of Their Job

Cosmetology is a two year vocational program. The students start as Juniors and by the time they graduate they should have their license for a meaningful, worthwhile profession. The first year students spend their three hours a day working on mannequins sets and comb outs as well as manicures and facials on each other. They go through the Theory Book during the first year and complete worksheets and Tests. The Second Year students work on patrons under the supervision of licensed instructors.

Michael Black, Junior, measures the mannequin's hair.

Juniors, Twyla Boyd, and Tammy Barnes test the techniques of mascara.

Juniors, Teresa Longbrake gives Suzanne Dotson a manicure and Terri Wallace shows Debbie Jackson the procedures of polishing her fingernails.

Honored Students Assemble

The annual Awards Assembly was held to honor students for various accomplishments. Awards for academic achievement and outstanding students in a department were presented. The top eighteen seniors in class rank received recognition for maintaining an overall grade average of 90 or above for the past four years. Each department chose the student who went beyond what was required and showed the most interest. Civic and service organizations gave many awards to acknowledge leadership and scholastic abilities. College bound seniors received several academic and athletic scholarships. Students who attended seminars on scientific and political subjects were also recognized.

Honor Students, with a four year average of 90 or above, are from left to right First Row: David Feaster, Dwayne McCrary, Ken Ward, Paul Martin, Second Row: Rebecca Baynham, Patti Blackstock, Marla Ford, Back Row: Julie May, Shelly White, Kelly Plunk, Shelia McCracken, and Tina Hawkins.

Scholarship recipients are from left to right: Patricia Lee (Donnie Jones Memorial Award for Outstanding Debater), Charlotte London (State FHA), Gabriella Mass (Zeta Phi Beta Sorority), Dwayne McCrary (Dallas Baptist College), Rebecca Baynham (A&M Lechner Scholarship and Roy White Memorial), Kip Jones (Football), Tony Warren (Football), Ken Ward (Texas A&M Presidential Scholar), Shelly White (Roy White Memorial), Holly Witherspoon (TISD Insurance Scholarship), Not Pictured: Felesha Bell (Zeta Phi Beat Sorority), Thrible Parker (Educational Secretaries Scholarship), Jana Stout (City Council PTA), and Randy Conner (Roy White Memorial Scholarship).

Outstanding Students by Departments are from left to right Front Row: David Feaster (Science), Randy Conner (Future Farmers of America), Charlotte London (Homemaking), Yvonne Whitehead (Health Occupations), Cynthia Ashley (Art), Robin Womack (Band), Gloria Taxon (Art), Mark Trammel (Choir), Second Row: James Williams (Lab-refrigeration/Air Conditioning), Scott Horton (Industrial Arts), Jean Baublit (Choir), Chuck Hall (Art), Patricia Ford (Business and Social Studies), Roger Pharr (Drama), Calvin Devereaux (Physical Education), and Rebecca Baynham (English and Math), Not Pictured: Debra Ziegler (Foreign Language), Cricket Thompson (Physical Education).

Sophomore NEDT Award Winners are from left to right: Marisa Butler, Michelle Wilson, Judith Amos, Scott Sipes, Deborah Stovall, Brian Jackson, and David Sanchez.

Presenting the . . .

Yeah, this is real interesting.

Seniors are practicing the pledge?

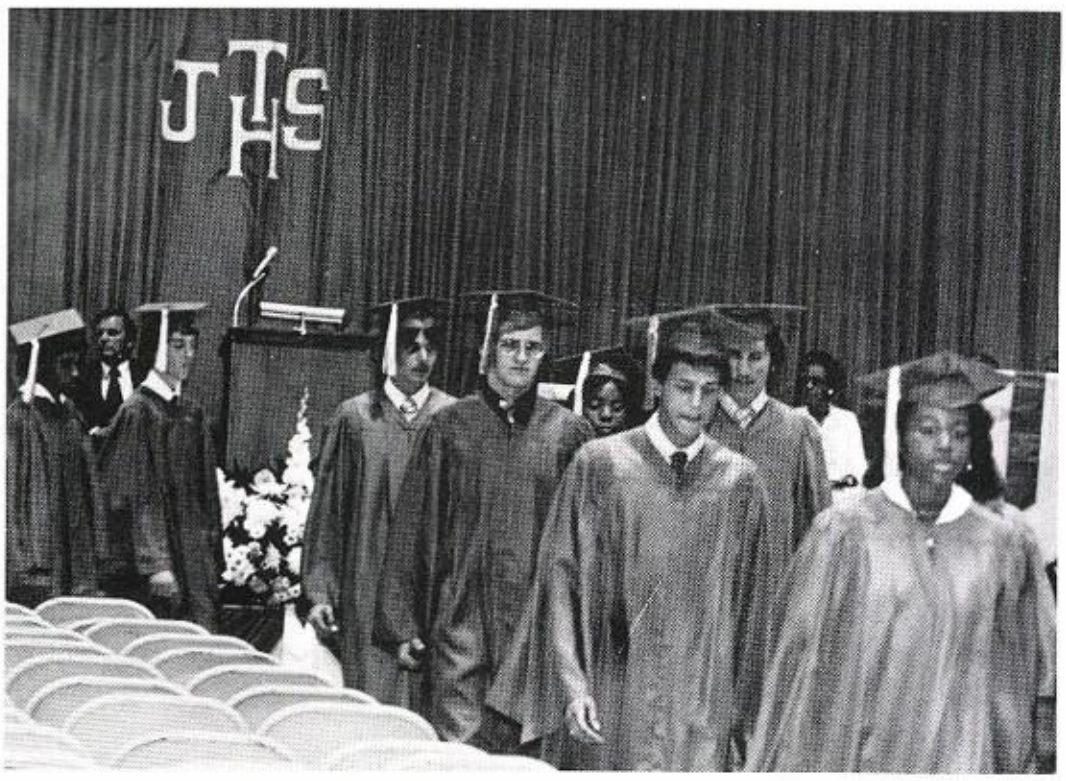
Where's my seat?

I'm trying not to get too carried away.

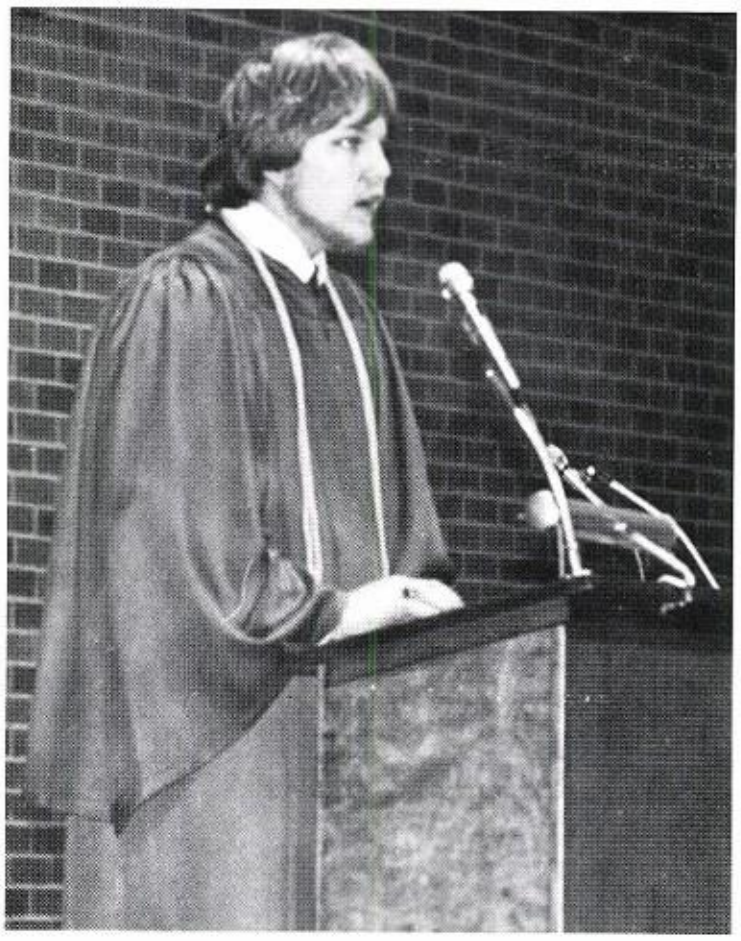
It was only 19, not 99!

After 12 years of work, sweat, and many happy times, the Class of 1981 graduated with pride. The morning of May 26 dawned sunny and warm and many seniors who hadn't been up early in three months made it to practice by 8:30. Mr. Hull gave instructions and the class was dismissed until 7 P.M. when they began lining up for the "grand march". When the final diploma was given out, the crowd and the seniors applauded.

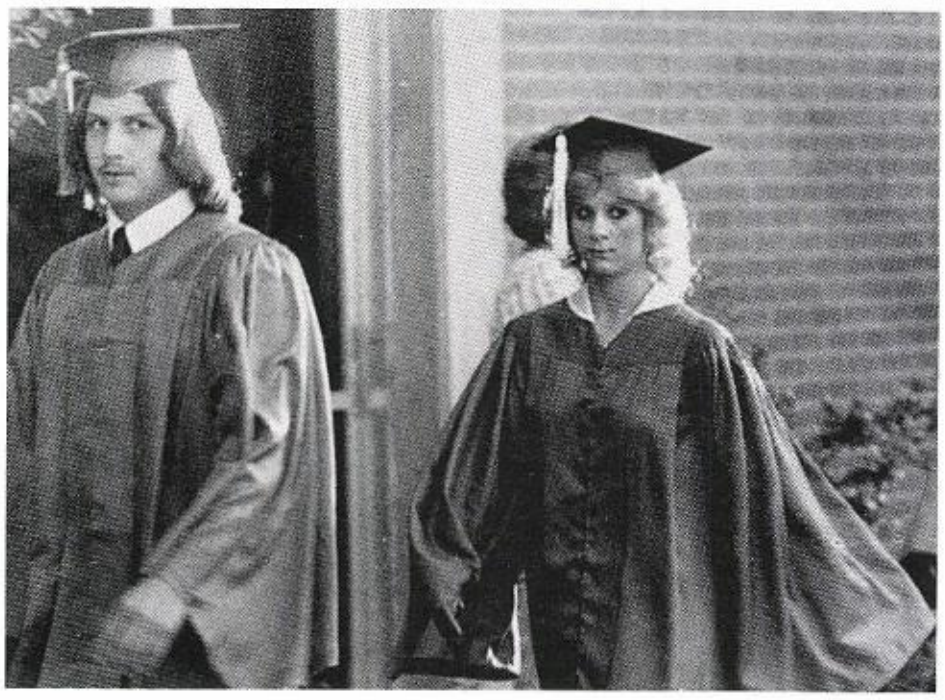
Graduating Class . . .



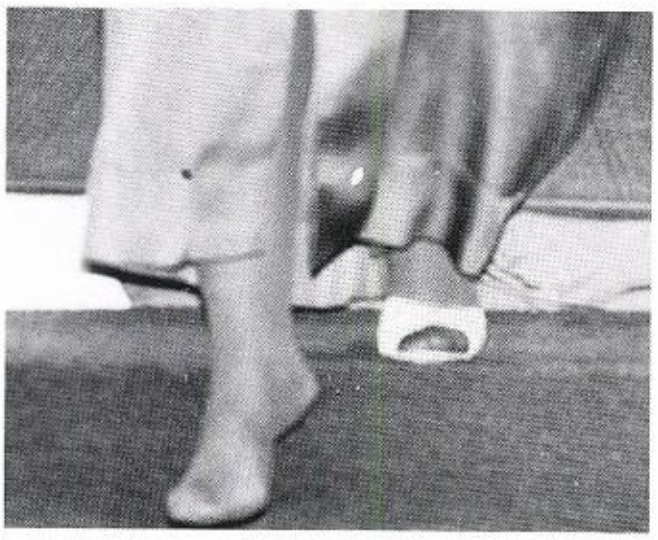
The beginning of the rest of our lives!



Life is like a cycle of beginnings and endings . . .

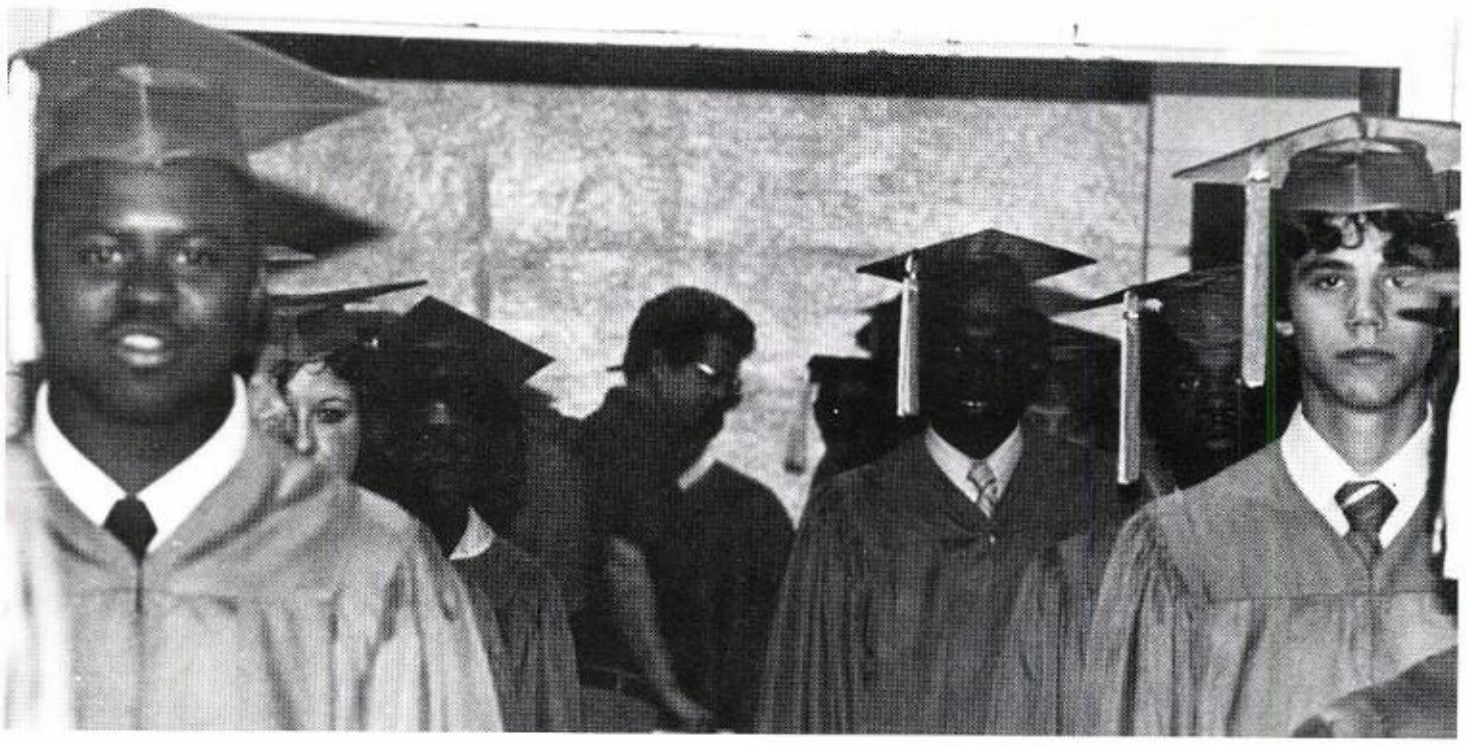


Who says we can't graduate?

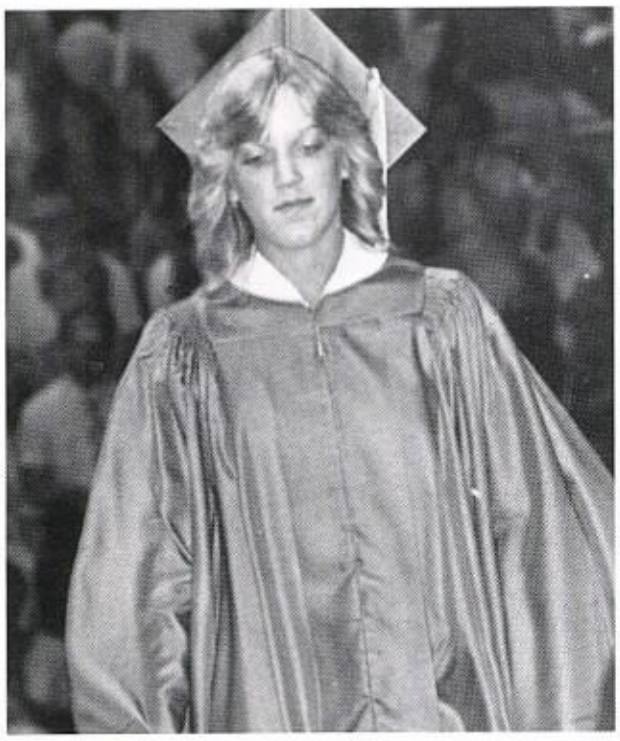


Did I loose something?

Is this really happening?

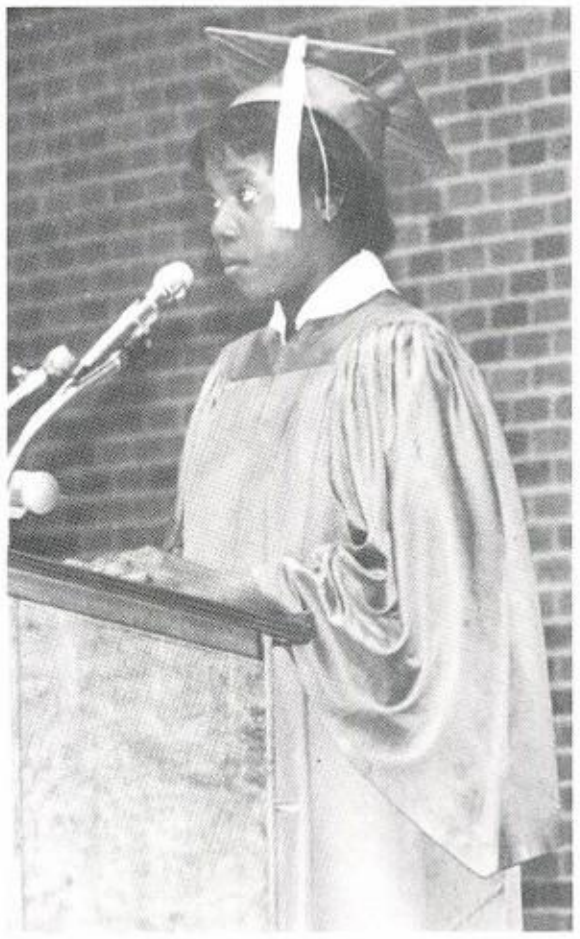


# of 1981



I may be the last one, but I bet I got the biggest applause.

And we'll all stand by with our heads held high, we're proud of our school so true!



There's *so* many people!

Alright, it's over and I'm fixing to throw my hat!!!

Hey, it's really over—they're taking my robe—now what?

Another great place to eat out. Brought to you by McDonald's®

Any place is a great place to eat out. As long as you take McDonald's along.

Try a Quarter Pounder® at the beach. A juicy Big Mac™ on a trip to the zoo.

Or a Filet-O-Fish™ and a Coca-Cola® under that big oak tree in the park.

Take us wherever you go and a good time's in the bag.

Nobody can do it like McDonald's can™

SAVING TIPS on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher.
2. Have equipment checked seasonally by qualified serviceman.
3. Check filter every 30 days. Clean or replace when dirty.
4. Close draperies and blinds to keep out direct sunlight.
5. Keep fireplace damper closed.
6. Proper home insulation keeps heat out, cuts energy use.
7. Weatherstrip doors and windows. Caulk cracks.

Window Units
Follow above suggestions, plus these:

8. Place unit where it'll get as little direct sun as possible.
9. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.
If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Freshman students rush to finish their Physical Science before the bell rings.

I would like to take this opportunity to thank Mr. Bill McGoff for thinking enough of me to make me Editor for the 1980-81 Alcalde. I sincerely hope I have done my job well and that Mrs. Rushing and you are proud of the job we have done.

Mrs. Rushing, thank you so much for your guidance and assistance. It has been my pleasure to work with you. I love you dearly and I know we will always be friends.

Staff members, thank you all for your work. Dwayne, Brian, Teresa, Danny and Raymond, a very special hug and thanks to ya'll.

At this time we would especially like to thank the REL community. It was only through your open hearts that the students of JT have been able to continue their education. I would also like to say thanks to Mrs. Belinda Goodsell, Lee Journalism teacher and the Lee photographers. They have been a help to us and we are grateful to you.

Next, I would like to thank our advertisers. By business and individuals sponsoring us we are able to publish the Alcalde. It has been a great opportunity for you to show your support to the young people of Tyler and we thank you for you efforts.

A special thanks to Hub Coleman and John Harrison. Together they supplied a countless number of pictures for the Alcalde. They contributed greatly to the success of the yearbook.

Since there was no staff artist this year, we relied on volunteers. Walter McDaniel drew the cover and many division pages, Sandra Vickers drew several division pages, Gerald Brown drew the front page and Mr. Tom Johnson printed many headlines and captions for us. Their time and efforts are highly thought of.

I have a very special thanks to Bra and Bruce. You have stood behin Shelly and me this year and I, w want ya'll to know how much w love you and appreciate yo supporting us.

And finally, Shelly, there is no wa I can express how much I appreciat you. You have worked so very har and I want you to know that ther is no way the staff could have don it without you. We have becom close friends through all of this an I would like to say I am very prou of you. I only wish you the best an thank you. Take Care!

Gloria,

It's hard to believe that we met way back in Mrs. Ya Science class! What a long time ago! We were eighth and ninth graders, then eighth grade was fairly good friends, we were made it through a tough time, but we're out of our Tenth grade and on our own to school and now... we're separate colleges - you to Aggieland, me after to Baylor. Keep in touch with me after I get to Aam! I'll miss you!

Love,

Rebecca
